Using the Prentice Hall Website for the Biology: NY Living Environment Textbook

Throughout the year you may be using the Prentice Hall website to access your textbook online to reinforce the information we are learning in class.

Getting into the website

1. Go to the website: www.pearsonsuccessnet.com

2. Select the orange Log In button.

3. Type in NSDBiology for the User ID and abcd1234 for the Password. With this information you can access the site from any computer that is connected to the internet.

4. Select the title of our textbook, BIOLOGY, New York Living Environment

Table of Contents

1. You can now use your textbook on-line as a reference when you’re struggling with homework assignments and to help you review for tests & quizzes.
