Diana Gutierrez, Director of Special Services

September 5, 2020

Dear Parent or Guardian,

In an effort to improve student outcomes and increase student achievement, the Special Education department at Carlstadt Public School will continue utilizing Aimsweb Curriculum Based Measures to continuously “progress monitor” students. Progress monitoring is a practice used to assess students' academic performance, to quantify students' responsiveness to instruction, to evaluate the effectiveness of instruction and to use data for instructional planning. Progress monitoring tells the teacher what your child has learned and what still needs to be taught. Students will be regularly monitored and offered support in the form of direct, small group classroom instruction.

As the school staff, we are excited to have this opportunity to provide your child with this additional resource. If you have any questions, kindly contact me. Thank you for your continued interest in your child's school success.

Sincerely,

Diana Gutierrez
Director of Special Services
