**ENGLEWOOD PUBLIC SCHOOL DISTRICT
CONSOLIDATED MONITORING REPORT
MARCH 2017**

BACKGROUND

The Elementary and Secondary Education Act (ESEA) and the Individuals with Disabilities Act (IDEA) and other federal laws require that districts provide programs and services based on the requirements specified in each of the authorizing statutes (i.e., ESEA, IDEA, and Carl D. Perkins). The laws further require that state education agencies such as the New Jersey Department of Education (NJDOE) monitor the implementation of federal programs by sub recipients and determine whether the funds are being used by the district for their intended purpose and achieving the overall objectives of the funding initiatives. Due to the impending implementation of new Every Student Succeeds Act (ESSA) regulations, only IDEA and Special Education will be reviewed during consolidated monitoring.

INTRODUCTION

The NJDOE visited the Englewood Public School District to monitor the district's use of federal funds and the related program plans, where applicable, to determine whether the district's programs are meeting the intended purposes and objectives, as specified in the current year applications and authorizing statutes and to determine whether the funds were spent in accordance with the program requirements, federal and state laws, and applicable regulations. The on-site visit included staff interviews and documentation reviews related to the requirements of the following programs: IDEA Basic and Preschool for the period July 1, 2015, through January 31, 2017.

The scope of work performed included a review of documentation including grant applications, program plans and needs assessments, grant awards, annual audits, board minutes, payroll records, accounting records, purchase orders, and an interview of the program administrator regarding the IDEA grant, as well as, current district policies and procedures. The monitoring team members also conducted interviews with school personnel, reviewed documentation for a sample of expenditures and conducted internal control reviews.

EXPENDITURES REVIEWED

The grants reviewed included IDEA Basic and Preschool from July 1, 2015, through January 31, 2017. A sampling of purchase orders and/or salaries was taken from each program reviewed.

GENERAL OVERVIEW OF USE OF IDEA FUNDS

IDEA Projects

In FY 2017 the majority of the IDEA Basic Funds are being used to reduce district tuition costs for students receiving special education services in other public school districts and approved private schools for students with disabilities. Funds were also used for instructional supplies and contracted related service providers.

DETAILED FINDINGS AND RECOMMENDATIONS

IDEA

A review of the expenditures charged to the IDEA grant did not yield any findings.

The NJDOE thanks you for your time and cooperation during the monitoring visit and looks forward to a successful resolution of all findings and implementation of all recommendations contained in this report.
