November 4, 2020

Dear Parents/Guardians of Current Sixth Through Twelfth-Graders,

We are excited to announce that our middle and high school students who are gifted in the areas of creative writing, modern dance, theatre arts, and visual arts will once again have the opportunity to apply for the Arts High School & Arts Middle School Programs offered by the Arts & Education Center. These programs are select ones for which interested students will need to complete a brief application by November 15, 2020 and audition for admission on December 5-6, 2020. Those students who are accepted will attend courses one day per week for 14 weeks (high school) and 12 weeks (middle school) from 3 p.m. to 6 p.m. beginning in February. They will be taught virtually by experts in the fields.

Please see the below link for program details and the application, and ask your child to inform his/her school counselor of his/her application. While parents/guardians will be responsible for the audition fee, the Board of Education will seek to reimburse them for the tuition costs in excess of \$250.00 provided that their children successfully complete the program.
