\*If a student is permitted extra time or any other accommodations by their IEP or 504, parents/guardians should contact their guidance office for additional details on accommodations and accessibility options.

\*The two types of modes (how the student will be administered the assessment) are computer and paper-based. Be sure to inquire about the options if your son/daughter has an issue that would not allow him/her to take the assessment on the computer. The PARCC testing window for the paper-based administration is April 16, 2018 – April 27, 2018. Specific dates for building level administration will be determined.

\*The testing times indicated refer to the maximum amount of time allotted to students to complete the assessment.

\*The testing dates are the period in which districts administer the PARCC assessment. It is not the actual number of days it takes a student to test. School districts can choose which days within the testing window to assess students.

\*Results available refers to when score reports will be available to the district. The district will send out reports to the parents as soon as possible.

\*The Science Assessment Administration testing window for the paper-based administration is May 14, 2018-May 25, 2018.
