Parents Who Are...

...more "hands-on" with their kids - set limits, negotiate clear consequences, listen, know where they are - raise children who are less likely to use alcohol and other drugs.

Family Time – Connections Count
Share dinner with your family. Eat meals together, make connections through conversation – it all helps reduce the risk of teens smoking, drinking and using drugs. Check pelhampact.org for more information.

Delaying alcohol, tobacco, and other drug use is good prevention.
 "A child who gets through age 21 without smoking, using illegal drugs or abusing alcohol is virtually certain never to do so," says Joseph Califano, founder of CASA, Columbia University.

Underage drinking is NOT a harmless rite of passage.
 Underage alcohol use is more likely to kill young people than all illegal drugs combined.

Transitions are tricky: 5th – 6th grade, 8th – 9th grade, and high school – college.

Experimentation and risky behaviors are often observed during transitions. Stay alert, keep talking, and get help when you need it.
