**Parents Who Are...**

...more "hands-on" with their kids - set limits, negotiate clear consequences, listen, know where they are - raise children who are less likely to use alcohol and other drugs.

**Family Time – Connections Count**  
Share dinner with your family. Eat meals together, make connections through conversation – it all helps reduce the risk of teens smoking, drinking and using drugs. Check [pelhampact.org](http://pelhampact.org) for more information.

**Delaying alcohol, tobacco, and other drug use is good prevention.**  
 "A child who gets through age 21 without smoking, using illegal drugs or abusing alcohol is virtually certain never to do so," says Joseph Califano, founder of CASA, Columbia University.

**Transitions are tricky: 5<sup>th</sup> – 6<sup>th</sup> grade, 8<sup>th</sup> – 9<sup>th</sup> grade, and high school – college.**

Experimentation and risky behaviors are often observed during transitions. Stay alert, keep talking, and get help when you need it.
