To get you acquainted with **Canvas**, we must first get you into the system and get your account ready for use. The video below will show you how to sign into, set-up, and navigate the basics of your **Canvas** account.

https://youtu.be/4jBvaUvdxzg

Now that you have learned how to access your account. Let's log in and get set up!

Step 1:

- Go to yorktown.instructure.com through Safari
- Sign in with your username and password (the same one you always use)
- Set up notification preferences

Step 2:

- Download the Canvas app.
- To search for your school, type yorktown.instructure.com
- Sign in with your username and password (The same one you always use.)
- Set your profile picture.

Note: Your profile picture and notification settings will transfer back and forth between the web and app.

Now that you understand how to log into your account, set up your Canvas profile, and find your way around Canvas, let's take a look at some courses and how you will work within them. The video below will show you how to navigate your courses, access Announcements and Discussions, and submit Assignments.

https://youtu.be/arfM_SS81jg

Reminders:

- You can access Canvas through the web in Safari or through the Canvas App.
- While you can do most things either way, submitting assignments is best done through the app.

If you have any questions or need additional help, please let a teacher know and he/she will put you in contact with the tech department.
