*Effective, Efficient, Quality Education*

October 4, 2020

Parents and Staff,

The district recently sent home information regarding the high school moving from the hybrid model and returning students to school for instruction 4 days a week. This change was scheduled to be discussed and voted on at tomorrow night's school board meeting.

With the recent cases reported at Level Green Elementary, Sunrise Elementary and the increase in cases within Westmoreland County the district has decided to table this motion and discuss it at our November 2nd board meeting. Consequently, the high school will remain on the hybrid schedule as we continue to monitor the COVID-19 pandemic within our schools and community. We feel strongly that it is very important to provide our students with the best possible instruction in a face to face format but the health and safety of our students and staff must be a priority.

\*The high school administration will send out further information regarding Fridays in October.

Dr. Matthew Harris  
Superintendent
