

Tap Settings > Accounts > Add account > Email.

Enter your full email address, for example testuser@mylpsd.com and your password, and then tap Manual setup. Select Exchange.

If prompted, accept the defaults on the Exchange server settings page, and tap Next.

Fill in the Required Information

The screenshot shows the 'Exchange server settings' screen. At the top, there is a back arrow and an '@' icon. The settings are as follows:

- Email address:** A text box containing 'username @ mylpsd.com'.
- Domain\username:** A text box containing 'mylpsd\username'.
- Password:** A text box filled with dots.
- Exchange server:** A text box containing 'mobile.mylpsd.com'.
- Use secure connection (SSL):** A checked checkbox.
- Use client certificate:** An unchecked checkbox.
- Client certificate:** A greyed-out text box.
- Mobile device ID:** A label at the bottom.

Username for example mylpsd\testuser, if Domain and Username are separate text boxes on your device, the Domain is mylpsd, and type your username in the Username box.

Password Use the password that you use to access your account.

Server name is mobile.mylpsd.com.

Make sure the Use secure connection (SSL) checkbox is checked, then tap Next.

Tap Done.

The screenshot shows the 'Exchange server settings' screen in an email client. At the top, there is a back arrow and an '@' icon. The settings are as follows:

- Email address:** A text box containing '< username >@ mylpsd.com'.
- Domain\username:** A text box containing 'mylpsd\username@mylpsd.com'.
- Password:** A text box filled with dots.
- Exchange server:** A text box containing 'mobile.mylpsd.com'.
- Use secure connection (SSL):** A checked checkbox.
- Use client certificate:** An unchecked checkbox.
- Client certificate:** A greyed-out button.
