## **IMPORTANT: STAY SAFE. STAY HOME!**

As you know we are in the throws of a dynamic and fluid circumstance. I am the Governor's call at this moment so things are still playing out. The following will be updated by Sunday night.

Governor issues an executive order closing all **non-essential business start at 8 PM Monday night**. Grocery stores, pharmacies, our district curbside food distribution, security, trash collection, food delivery, and package stores are to remain open. Much more detail to come by Sunday night through the Governor's office.

Thank you.
