B. The Board and the Association recognize the importance of responsible participation by the entire professional staff in the education process, planning, and development of the Preston school system. To this end they agree to maintain communication, to inform about programs, to guide in development, and to assist in planning and growth, either by committee, individual consultation, or designated representatives.

C. When Board policies and/or administration regulations and conditions of this Agreement conflict, the conditions of this Agreement shall prevail.

D. Except as is otherwise specifically provided in this Agreement, as the same may be amended from time to time, it is recognized that the Board has and will continue to retain, whether exercised or not, the right, responsibility and prerogative to direct the operation of the public schools in the Town of Preston including but not limited to the following: to maintain public elementary and secondary schools and such other education activities as in its judgment will best serve the interest of the Town of Preston; to give the children of Preston as nearly equal advantages as may be practicable; to decide the need for school facilities to determine the need and program for the summer school, if any; to determine the maintenance and operation of buildings, lands, apparatus and other property used for school purposes; to determine the number, age and qualifications of the pupils to be admitted into each school; to employ, assign and transfer teachers, principals, and assistant principals or other certified personnel; to suspend or dismiss the teachers of the schools; to designate the schools which shall be attended by the various children within the town, to make such provisions as will enable each child of school age residing in the town to attend school for the period required by law and provide for the transportation of children wherever it is reasonable and desirable; to prescribe rules for management, studies, classification and discipline for the public schools; to decide the textbooks to be used; to make rules for arrangement, use and safe-keeping of the school libraries and to approve the books selected therefore and to approve plans for school buildings; to prepare and submit budgets and, in its sole discretion, expend monies appropriated by the town for the maintenance of schools, and to make such transfers of funds within the appropriated budget as it shall deem desirable. These rights, responsibilities and prerogatives are not subject to delegation in whole or in part, except that the same shall not be

exercised in a manner inconsistent with or in violation of any of the specific terms and provisions of this Agreement.

Unused sick leave shall be accumulated from year to year, so long as the professional employee remains continuously in the service of the Preston Board of Education and as authorized by such Board, but such authorized leave shall not be more than one hundred sixty (160) days.

2. A doctor's note from the physician treating the teacher for the illness or injury that caused the absence from work may be requested by the Superintendent of Schools for any absence or illness of four (4) or more consecutive days. A doctor's note from the physician treating the teacher for the illness or injury that caused the absence from work may be requested if a review of the teacher's record demonstrates an excessive use of sick leave and/or a pattern of absenteeism during the current academic year. Sick leave taken in the event of a medical illness or injury or follow-up to surgery in accordance with a specific medical directive, as provided by the teachers' treating physician, shall not be considered an excessive use of sick leave for purposes of this Article.

3. Sick days must be taken in either one-half ($\frac{1}{2}$) or full day increments.

4. On an annual basis, each member of the Union may contribute one (1) day from his/her accumulated sick leave to a sick leave bank for use of bargaining unit members. Only members of the bargaining unit may contribute to such bank.

If a bargaining unit member requires the use of days being held in the sick leave bank, he/she shall apply to the committee. Such application shall set forth the number of days the applicant is seeking.

The committee shall determine on a case-by-case basis whether to grant the days requested, deny the days requested or modify the number of days requested. Denial of sick days from the sick leave bank shall not be subject to the grievance and arbitration procedure set forth in Article 4.

C. **Military Leave**

Military leave shall be provided in accordance with applicable state and federal law.

D. **Personal Leave**

1. Five days per school year. Application for leave shall be made to the Superintendent at least forty-eight (48) hours before taking such leave (except in emergency situations). Approval will not be unreasonably denied.

2. Upon exhaustion of personal leave, time off without pay for legitimate purposes may be granted to an employee upon written request to the Superintendent. A denial of a request for such time shall not be subject to the arbitration process set forth under Article 4.

3. Personal leave is not cumulative.

4. Personal days must be taken in either one-half (½) day or full day increments.

5. Except as set forth below, personal days may not be used during the first or last week of the school year, the day before or after a school recess, the day before or after a weekend, each school's annual end-of-the school year field day or the day before or after a holiday.

"School recess" shall be defined as a scheduled break in school days for a period of greater than one (1) day or a holiday period of greater than one (1) day.

An eligible teacher may use up to two (2) personal days before or after a weekend (one (1) of such days may be used before or after a holiday weekend (i.e. – Memorial Day) or a one (1) day school holiday (i.e. – Veteran’s Day)), provided application is made in accordance with subsection 1 herein.

Additionally, a personal day may be used on a restricted day with prior written approval of the Superintendent or his/her designee. The Superintendent, at his/her discretion, may inquire of the teacher the reason(s) for the need to use a personal day on a restricted day.

In the event that a request to use a personal day on a restricted day is denied, such denial shall not be subject to the grievance and arbitration process set forth under Article 4.

E. Professional Leave

Except as set forth under Article 10, Section D, time may be allowed for attendance at conventions, participation in education evaluation, school visiting days, and other forms of professional improvement and service without pay deductions if application for attendance has been made, whenever possible, at least fifteen (15) school days in advance of such events, and written approval is granted by the Superintendent of Schools.

Attendance at such events will be followed with a written report if requested by the Superintendent of Schools.

F. General Leave

1. A teacher may be allowed leave, without loss of salary, to begin programs of study which result from foundation or scholarship grants and which necessitate personal presence in advance of the close of the school year provided adequate replacement can be found. Teachers, after study, will be required to teach at least one (1) year in the Preston school system prior to any resignation.

2. Other extended leaves, with or without salary, may be granted to a teacher at the discretion of the Board.

(a) Subject to prior approval of the Preston Board of Education and, with advance notice of at least sixty (60) days, a teacher may be granted special leave not exceeding twelve (12) calendar months, said leave to be taken without pay or credit towards salary schedule increments.

(b) Subject to prior approval of the Preston Board of Education and with advance notice of at least sixty (60) days, a teacher may be granted leave

2. Requests for sabbatical leave shall be received by the Superintendent of Schools in writing no later than January 15th of the year preceding the year in which the sabbatical is requested. This deadline may be waived at the discretion of the Superintendent when fellowship grants or scholarships are awarded later in the year, or when the later announcements of specific programs of study make such a deadline unreasonable.

3. Certified personnel shall be eligible for such leave after at least ten (10) consecutive years in the Preston Public Schools exclusive of substitute service. Such service shall be computed as continuous without counting the interruption of military service or Family and Medical Leave.

4. A sabbatical leave shall be for a full academic year and the professional staff member shall be paid one-third of his/her scheduled salary, provided that the total compensation of any program grant, scholarship, assistantship, or other compensation and the sabbatical pay does not exceed the teacher's scheduled annual salary. In this instance, "scheduled annual salary" shall be defined as that salary which the teacher would receive for teaching.

5. The teacher, as a condition to the acceptance of the sabbatical leave, shall agree to return to employment in the Preston Public Schools for two (2) consecutive school years immediately following such leave. In the event that the teacher shall not so return, the teacher shall reimburse the Town of Preston for all sabbatical payments.

6. The teacher returning from sabbatical leave shall be placed upon the appropriate step on the salary schedule as though she/he had been in active service in the system for the year of the sabbatical leave and every effort will be made to reassign the individual to a like or comparable position. The sabbatical shall not affect continuity of service, sick leave, or payment of insurance premiums. The teacher shall assume payment of her/his retirement contribution for the year of such leave.

7. A teacher shall be eligible for a second sabbatical leave after seven (7) consecutive years of service following her/his first such leave. In the event of conflicts resulting from teachers requesting their first sabbatical leave and teachers requesting their second sabbatical leave, priority shall be given to those teachers requesting such leave for the first time).

3. In the event that the Board's budget does not support IET release time at any time during the school year, the granting of IET release time shall be discontinued for such school year (or the remainder of the school year).

4. A rejection of an application for IET release time shall not be subject to the grievance and arbitration process.

ARTICLE 11 **Personal Injury Benefit**

Whenever a teacher is absent from school as a result of personal injury caused by an accident arising out of and in the course of his/her employment, he/she shall be entitled to full salary payments (less the amount of workers' compensation awarded for temporary, total disability benefits or temporary partial disability benefits (if no light duty work is available within the District for the teacher due to said injury)) for the period of such absence not to exceed thirty (30) school days. 2. The (2) days activities/programs during the school year will be planned by the District Professional Development Committee and/or curriculum committees with the prior approval of the Superintendent of Schools.

3. The Board may amend the professional development program during the school year.

C. Should the Board require, or be legally obligated to compel, the attendance of teachers for regular related duties beyond the above enumerated school days in any year, each teacher so affected shall be compensated according to the following:

ARTICLE 30
Reduction In Force (RIF) And Recall

A. **Separation of Staff:**

The Board has the sole and exclusive prerogative to eliminate professional staff positions, consistent with the provisions of the state statute, providing such elimination does not result in a failure in its duty as a state agency to implement the educational interests of the state and to provide good public elementary and secondary schools. Elimination of professional staff positions may result from decreases in student enrollment, budgetary constraints or other reasons, as determined by the Board. This policy is adopted to provide a fair and orderly process should such elimination become necessary.

B. **Definitions:**

1. As used herein, the term "days" shall mean calendar days.

2. As used herein, the term "teacher" shall apply to any employee of the Board who holds a regular certificate issued by the Connecticut State Board of Education and is employed in a teaching position covered by this Agreement.

C. **Separation Procedure:**

1. The Board may, in the first instance, exercise its right and power to reduce the number of staff positions without determining which teacher contracts will be terminated, if any, or what other staffing changes will be made to effectuate the purpose of position elimination.

2. Prior to commencing action to terminate teacher contracts under this procedure, the Board will give due consideration to its ability to effectuate the position eliminations and/or reductions of staff by:

- a. Voluntary Retirements;
- b. Voluntary Resignations;
- c. Transfer of Existing Staff Members;
- d. Voluntary Leaves of Absence.

3. In the event it appears necessary to terminate teacher contracts in order to effectuate the elimination of professional staff positions, the Superintendent will propose to the Board, for its consideration, an orderly plan for elimination of positions, identifying professional personnel whose contracts he/she recommends for termination. If the Board considers termination of the

contract of a teacher, it shall authorize the Superintendent to notify the teacher in writing. This notification, and any subsequent proceedings with regard to contract termination, will be in accordance with the provisions set forth in the Connecticut Teacher Fair Dismissal Law (*Section 10-151* of the Connecticut General Statutes) and shall not be subject to the grievance and arbitration provisions of this Agreement.

4. The following criteria will be used to select those employees whose contracts are to be considered for termination as a consequence of elimination of professional staff positions:

a. **Tenure Status:** If a teacher has attained tenure status, his/her contract of employment may be terminated if his/her position is eliminated, but only if there is no other position available in the school system for which the teacher is certified and qualified. Therefore, teachers who have acquired tenure will have first preference for retention in positions for which they are certified and qualified.

b. **Other Criteria:** Within the separate categories of tenured teachers and non-tenured teachers, the following criteria will be considered:

- i. areas of certification;
- ii. teaching experience in other positions which may be available;
- iii. qualifications and ability, as determined by evaluation of the teacher's performance;
- iv. total years of experience in the school system;
- v. degree status;
- vi. total years of experience in teaching.

D. Within these criteria and when two or more positions must be eliminated with a consequent reduction in staff, when in the judgment of the Superintendent, staff members under consideration for layoffs have similar skill and ability, then in that event the least senior teacher in the Preston school system shall be laid off.

Seniority will be determined by using total years of service in the Preston Public Schools, regardless of whether such service is continuous or interrupted. A seniority list will be developed and agreed to by both parties.

Nothing herein shall require the promotion of a teacher to a position of higher rank, authority, or compensation, although the teacher whose contract is to be terminated because of elimination of position is qualified and/or certified for the promotional position.

E. Recall Procedure:

If the contract of employment of a teacher is terminated because of elimination of positions, the name of that teacher shall be placed on a recall list and remain on such list for a period of three hundred sixty-five (365) days. If a position becomes available during such three hundred sixty-five (365) day period and the teacher has been selected by the Board of Education as the person on the recall list who is certified and qualified to hold that position, then the teacher will be notified in writing by registered mail, sent to his/her last known address, at least thirty (30) days prior to the anticipated date of re-employment. In determining whether a teacher is qualified for reappointment, the Board of Education shall consider criteria as set forth in "Separation Procedure," Parts C(4)(b) through D above. The teacher shall accept or reject the appointment in writing within five (5) days of the date of notification of the available position. If the teacher rejects the appointment offer, or does not respond according to this procedure within five (5) days, then the name of the teacher will be removed from the recall list.

ARTICLE 31
Jury Duty

Jury duty shall be provided in accordance with applicable state law. Teachers shall advise the Superintendent upon her/his receipt of notice of jury duty.
