March 15, 2020 Update

Per order of Governor Lamont and in coordination with Connecticut Health and Safety Department, Preston Public Schools will be closed until Tuesday, March 31, 2020.

At this time, the district will continue to provide lunch and breakfast through our “grab and go” curbside pickup Monday through Friday. Great work by our Food Service staff. Today 92 lunches were picked up.

We are finalizing plans for the distribution of learning packets. Thank you for all our staff's efforts to prepare learning experiences for our students.
