

COMMENTS BY THE BOARD

Mr. Mott announced that on the table we had placed policy to be followed for community members wishing to speak at Board meetings. He pointed out that public comments will be in two sections. The first would be questions or concerns regarding agenda items. After those items were discussed persons having other topics, not agenda related, would be able to ask about them. He also stated that there are specific topics that could not be discussed at public meetings, there would be time limits and all questions were to be addressed to the President.

Ms. Rodriguez-Benitez thanked the Board for allowing her the opportunity to work with them. Her intent is to share the information she receives with the students and hopefully motivate them to get more involved. She was delighted and grateful to have been allowed to attend the Key Club Leadership Convention in Georgia. She also attended the Momento Leadership Program under the guidance of Dr. Bonner.

Mr. Sharpe is looking forward to the new school year. Thanked all those attending the meeting and would like to see more participants from the community.

Mr. Georges is proud of his initiative to have an Ex Officio Student Board Member on our School Board and we were the first Nassau District to have one. Mr. Georges mentioned that as you drive through Uniondale, you will notice that the streets are being dug up and this is being done to put in sewer pipes to divert sewage through our streets. He feels we should be aware of this situation and this could have consequences, such as, affecting water quality. He also mentioned a newspaper article regarding being able to receive aid for technology and he would like the District to look into this so if there are funds available, we should not be left out.

Mr. Cubas wished everyone an excellent school year. The Board devotes itself to doing everything good for our community and students.

Dr. Mangum welcomed Giselle to the Board. She also mentioned transgender articles on preparing schools for students and would like to be advised as to what the District is doing. There are many important decisions to be made regarding this situation.

Mr. Mott attended the Summer School Graduation and was very proud of these students, especially those who had to struggle. He would like to have us look into conducting a GED program in our school.

COMMENTS BY THE PUBLIC

Comments, questions and concerns regarding having summaries of policies and/or documents available to share with the public; microphones at Northern Parkway Elementary School; providing bottled water for students; iPads for all students not only 3rd graders; condition of High School and Middle School fields; if meetings had been held with banking institutions to try and obtain better rates; a Hofstra marketing class planning to send 700 questionnaires to Uniondale residents regarding voting; looking into sewer construction; wanting positive response to improving the fields; floating a bond for improving the fields' construction; a water tree for irrigating the fields; porta-pottys for the fields; the students not mattering to the Board as the conditions of the fields are a health and wellness concern; and using cards to get the questions and concerns of the community for comments were raised by Paul Incarnato, Olga Hernandez, Paul Gibson, Anthony Peavy, Edward Alvarez, Deanna Meyers Turner, Anthony Turner, Elsa Ryan, and Marsha Jacobs
