June 9, 2016

Dear Uniondale School District Community:

Please find attached a report of the Community Member Focus Group Meeting which was held on May 21, 2016. The purpose of the meeting was to discuss the different options for the delivery of the Pre-Kindergarten through Grade 12 Program in the Uniondale School District.

There were eight possible scenarios that were presented to the Focus Group for their consideration. The Focus Group selected five of those eight and ranked them in order of viability and preference. At the next step in this process, the Board of Education will deliberate on the five scenarios or options presented by the Focus Group and narrow those options down to two. Additionally, on a date in the fall of 2016, the Board of Education will bring those two options to the community for further community consideration and input.

Thank you to those of you who have been involved in this process so far. I encourage all members of the community to participate in these proceedings that will determine the future delivery of the Pre-Kindergarten through Grade 12 Program for students in the Uniondale community.

I look forward to our continued collaboration in this important endeavor.

Sincerely,

William K. Lloyd, Ph.D.
Superintendent of Schools
