

New Business – Mr. Mott asked that we create a policy for overseas travel.

COMMENTS BY THE BOARD:

Ms. Rodriguez Benitez gave an update on her two Summer Program projects. She is almost finished preparing the Guide Book on Summer Programs that will inform all the scholars of the many options available to them. Ms. Bradley has been working with Ms. Rodriguez Benitez in preparing for the District Fashion Show which will include elementary and middle schools scholars and the Show will be promoting the Healing Soles Program which helps the homeless in Long Island as well as the New York City Boroughs. Ms. Rodriguez Benitez also mentioned that she has been in contact with a Jericho student who is gathering information as he would like to become a student Board Member in Jericho. She gave kudos to the Uniondale Board that established having a student Board Member thirteen years ago. Ms. Benitez also asked that in reviewing the various scenarios, the Board either keep the 9th graders in the high school building or in an adjacent building as part of a High School Campus. All the Board Members congratulated the two scholars who presented their excellent projects. They are brilliant and will do very well. They were wished good luck and a great future in college. They have great talent.

Mr. Sharpe apologized for having missed the last Board meeting but he had to attend to family business.

Mr. Cubas thanked Mr. O’Sullivan for his work with the Uniondale High School Science Research students. Mr. Cubas also thanked Ms. Nina Saveth for her foreign travel proposals. He believes you learn in the classroom but the lessons you learn on trips you never forget. Foreign travel exposes you to the whole world.

Dr. Mangum has been speaking of the Uniondale Brand for quite a long time now. We certainly excel in music and sports and it is wonderful to hear of the science accomplishments. She thanked Ms. Saveth for exposing our children through travel. Dr. Mangum attended a Show Choir performance recently and they did a great job. We would like to call all our students scholars. She read a recent article where Charter Schools are trying to call their teachers Illuminators. They are all expected to do an outstanding job every day and if they cannot, they will be cut and they should look for another profession. They are supposed to make the school the one they would send their own child. They want world class educators.

Mr. Mott thanked all those present. These are the children that will take us into the future.

Dr. Mangum also apologized for having missed the last meeting but she had been on a ten day trip to Cuba where she learned a great deal.

Comments by the Public:

Comments, questions and concerns regarding asking the Board not to disagree publically; the swimming program; improving the entrance where the buses drop the children at the High School; and requesting a guidance counselor at each elementary school were made by Sandra Hurvey and Mark Abrams.

Old Business-Air-conditioning for all the schools.
