Presentations
John Niski, Advisor to the Robotics Program, discussed the international achievement of the SIS Robotic Revolution Team, who was a first place winner of the 2012 First Lego League Global Innovation Award for their Smart Sticker invention. He noted their proposal was judged against 270 other inventions by students in 13 countries. In addition, the team has applied for and received a provisional patent. The prize is a grant up to $250,000 from Edison Nation, a company that will fully develop their idea into a product and market it. The team will be featured on the Emmy award-winning PBS television show, Everyday Edisons. Superintendent Burr and the Board recognized the seven team members, as well as their parents, mentors, sponsors, staff members and coaches. Team members Joseph Nisky, Keyur Shah, Sejal Bhargava, David Dzujna, Victoria O'Malley, Deraj Ganjikunta and Aravind Ravishankar will be honored at a city-sponsored recognition celebration on August 30.

- Long Hill School PTA
Comments by the Board Chair
Chairman Oppel thanked those Board members who were able to attend the retreat. He reminded members that the convocation is scheduled for August 28 at 8:30 a.m. at Shelton Intermediate School; breakfast will begin at 7:30. Win Oppel stated he asked Mark Holden and Arlene Liscinsky to serve as an ad hoc committee to meet with the superintendent regarding his contract and its extension and to present to the Board at a special meeting in the near future. The superintendent’s review needs to be completed, which could be handled at the same time.

Reports by Standing Committees
Athletics – Timothy Walsh reviewed some of discussion held by the committee on August 20:

- Varsity sport captain application piloted last spring with essay requirement
- Unified basketball program – should it be a stipend position?
- Pay to Participate is $55,000 short of goal. Committee would like to see it eliminated, but not possible at this time. Discussed making it easier for parents to pay. Debit and credit cards would carry high fees.
- Replacement of tennis courts and who would pay. Possible option of reimbursement by USTA being investigated.
- Volunteer assistant coaches will be required to adhere to same process as regular coaches with fingerprinting and background checks.
- Booster clubs – John Niski is compiling list to determine if permission to form was requested and if financial reports have been submitted.

Minutes of the August 20 meeting will be posted shortly with additional details.

Buildings & Grounds – Jay Francino-Quinn said the committee met previously on May 23 and earlier this evening. Discussion concerned resurfacing of the tennis courts; progress of dugouts; ideas for immediate remedy for front steps at high school; review of in-kind services; tabled discussion of project for front area of Central Office.

Cafeteria/Transportation – Mark Holden reported that transportation plans for opening of school are going well. A cost-saving measure being taken this year is to handle CES students under our own contract. Mr. Holden anticipates calls from parents concerning changes in cafeteria programs, due to the Healthy Hunger-Free Kids Act of 2012. Changes include exclusion of peanut butter and the government’s redefinition of what constitutes a meal. It was explained that if a student does not take an item from all food categories, that lunch cannot be charged as a meal ($2.50) under the federally subsidized program and is charged at the higher a la carte rate. The a la carte purchase does not qualify for the Free and Reduced Program. Mark Holden stated flyers will be sent home with follow-up calls to parents. Win Oppel stressed the need to notify parents prior to start of school. Mark Holden said the committee will propose a policy for consideration addressing how to handle negative lunch accounts and non-payment and who bears responsibility to ensure child receives lunch. Dr. Beth Smith and Ken Saranich were asked to send Mr. Holden a reminder concerning the need for regular notification of delinquent accounts.
**Human Resources** – Mike Pacowta said the committee met on August 16 and continued discussion of the superintendent’s goals and objectives. When they meet again on September 26, the committee expects to have the objectives in final version and ready for recommendation.

**Policy/Curriculum/Technology** – Thomas Minotti said the committee met August 21 and discussed a policy for volunteer coaches, brought forward by the Athletic Committee. Many questions arose which need to be addressed by the Athletic Director. The consensus of the committee was to suspend the use of volunteer coaches until those individuals have background checks. Freeman Burr said the volunteer coaches who have worked for us previously and have had no issues or problems will be allowed to participate in the upcoming fall program once they have been fingerprinted; any new coaches would not be clear until a background check is completed.

(Tape 2; side A – 8:42 p.m.)

There was further discussion concerning the wider ramifications extending to all who come in contact with students. Freeman Burr said going forward we will research through CAPSS and CABE for a more broad volunteer policy.

Thomas Minotti discussed the idea suggested at the retreat to condense the six standing committees into three committees that are overarching: Policy Committee, Teaching/Learning Committee, Finance Committee. He said for sake of time, it is suggested that the idea of condensing the meetings be brought forward to each current standing committee chairperson to consider for the future. Any questions should be forwarded to Lorraine Rossner. The next meeting will be September 25 at 3:30 p.m.

James Orazietti asked about his request at a previous meeting to have a policy regarding legal matters. He was advised to submit a draft policy to the Policy Committee for consideration.

**Finance** – Arlene Liscinsky stated the committee met August 15 and discussed the 2011-2012 FY budget, which closed out with $3,000 remaining. The encumbrances were down to $28,000. The committee discussed the need for a rack body truck and also talked about the photovoltaic cell report.

**Reports of Special Committees**

**CES** – Arlene Liscinsky said the CES convocation was held this morning. The next meeting will be in September.

**CABE** – Kathy Yolish mentioned the Connecticut STEM Conference on September 24, at the Connecticut Science Center; CABE/CAPSS Convention on November 16-17 at Mystic Marriott; NSBA Conference in San Diego, April 13-15 (registration and housing opens October 17).
**New Business**
