Reports by Standing Committees
Athletics – Paula Ellis said the committee met on October 12, and John Niski presented information on booster clubs, which was well received by people in attendance. Mrs. Ellis reported that all sports teams are doing well and field renovations are ongoing.

Building and Grounds – Win Oppel said the committee met on October 11. The contract for solar panels at Elizabeth Shelton School is still under review by Attorney Welch. Topics discussed by the committee were the grounds work at Central Office; green cleaning issues; contract HVAC versus hiring an HVAC person; grease traps; possible grant to repair tennis courts; baseball field fencing; preliminary discussion regarding schedule to replace “rug” at the football field.
Cafeteria/Transportation – Kate Kutash reported on the meeting of October 4, at which the principals of Elizabeth Shelton and Long Hill discussed reasons for not participating in the breakfast program. Mrs. Kutash said the pre-made line at Shelton High School is going well, and a new item on the menu is buffalo pizza. At Perry Hill a portable swiping station is helping the breakfast program go more smoothly. Parents can view their children’s balances on the Parent Portal. Kate Kutash said there are still some pending difficulties with buses. The next meeting of the committee will be on November 2 at 5:00 p.m. with representatives from First Student and will include a public portion. Freeman Burr stated his most recent Board Brief included a detailed outline about his meeting with First Student. Allan Cameron noted that based on the incident with bus 50, First Student has been asked to provide a full assessment of the buses. Since Friday, their Regional Maintenance Manager and Technician have been inspecting each one of our buses. We have asked for additional staff to answer phones. We are trying to align VersaTrans with what their drivers are actually doing; First Student has sent someone to the yard to help with this process. Runs will be reviewed with drivers and feedback will be provided. Two new drivers started this week and First Student has advertised for more drivers. Bus 50 is arriving to school on time. Steps are being taken to improve buses 13, 18, 24, 34 and 42, and changes in the next few days are expected to improve the timeliness of those runs.

RESOLUTION

WHEREAS, the Shelton Board of Education proudly supports the expertise of its special education teachers and related service providers in developing and designing high-quality programs for children with disabilities in the Shelton Public Schools;

WHEREAS, the Shelton Board of Education supports Connecticut’s adoption of the standards set forth in the United States Supreme Court decision in the Schaffer v. Weast case;

WHEREAS, the Shelton Board of Education believes that, in order to be a good steward of taxpayer dollars in Fairfield County, it is important to take any actions possible to eliminate waste and redirect funding in favor of programming to benefit children and away from unnecessary administrative expenses;

Be it RESOLVED that the Shelton Board of Education strongly supports changing the law to ensure that, like 48 other states in our nation, the burden of proof in special education hearings be placed with the party initiating the hearing.

CABE – Board members were reminded of the CABE Convention on November 18-19 at the Mystic Marriott. Timothy Walsh, Arlene Liscinsky, Kathy Yolish and Freeman Burr are registered. If there are any changes in the membership due to the election, new members will be encouraged to attend.
