The program currently allows a maximum of 25 students per semester. A handout with program information and course offerings was provided. Rosemary Pagliaro, SHS Virtual High School teacher of Poetry and Writing, read comments about the program from students. Students Anna Maria Marini and Meghan Marini talked about their experiences with Virtual High School and answered numerous questions from Board members. Dr. Smith said a marketing campaign is being developed with expectations for the program to grow exponentially. The Board expressed interest in being updated on the progress of the program.

District Math Targets Assessments – Freeman Burr explained the focus has been on targets based on last year’s CMT results. He presented progress/comparison data for students in grades 3 through 6. Items Voted On
James Orazietti moved to approve the 2012-2013 Shelton Public Schools Calendar for discussion; seconded by Timothy Walsh. Discussion held. Mr. Orazietti felt there is need for further consideration of the proposed calendar, based on concerns expressed to him by parents, as well as comments by Deb Keller. Arlene Liscinsky commented that some parents prefer to have February recess on Monday and Tuesday instead of Friday and Monday. James Orazietti noted the April recess begins a week following the end of marking period and suggested moving it closer for continuity of instruction. James Orazietti moved to table the motion until the next regular meeting of the Board of Education; seconded by Mark Holden; vote 6-0; motion passed.

It was suggested to schedule a Special Meeting solely for calendar discussion.
Timothy Walsh moved to approve the request of the Shelton High School Lacrosse Parents Club to conduct fundraising activities for the 2011-2012 school year; seconded by Mark Holden; vote 6-0; motion passed.
