

## FLL application

Name:	
Current Grade :	
School:	
Parent email address	
Student email address	
Phone Number	

Why do you want to be a member of our FLL Robotics program and what do you hope to learn?

Describe any experiences you have working with STEM related materials. (Ex. Lego Mindstorm Robotics Kits or engineering materials, workshops, camps)

A large, empty rectangular box with a black border, intended for the user to write their response to the question above.

Explain how First Lego League is different from "Playing with Lego's".

--

List three of the FLL core values and describe which Core Value is most important to you and why.

1.
2.

3.

Please circle which area (s) of team involvement interest you the most:

Project Presentation

Robot building

Programming

Spirit/Core values

Do you have a parent who is willing to volunteer as a mentor/coach?  
Please circle one.

Yes! I have a parent who is willing to help in any way.

Sorry I cannot help.

We are planning our work sessions for Saturdays mornings. Do you have any schedule restrictions that will prevent you from participating in these sessions? (If yes please explain how you will make it work)

Please provide any additional information about why the committee should select you for the upcoming season.
