2:00 p.m. – 3:30 a.m.
Conference Room A
Central Offices

Attendees: Ken Saranich, Freeman Burr, Eileen Roeben, Karen Lewis, Faylynn Haight, Tina Henckel, Kathy Bender, Anne Hamilton

Agenda DDT Meeting Minutes:

- District Improvement Plan – TEAM – 20 min
Review of District Improvement Plan and provide feedback:
 - More objectives – Annual measures for our ELL students did not meet so we need to add goals to address that population; we have increased number of goals compared to last year.
 - Review of Targets – FB – DPI target explanation; Used the DPI baseline from the state but NOT the targets from the state. We want to continue to look at a 3% growth and a 10% for the subgroups. Because the state is now tracking writing and science, we too have added goals to align to those areas as well. The bottom section is for SHS only with the additional indicators.
 - FB – asked for feedback/suggestion on how to consolidate the number of goals and/or strategies.
 - KS – reformat the numbers attached to the goals
 - FB – the career pathway goal - doesn't like the 30% goal; need specific outcomes that we want from the Career pathways area
