AGENDA

• **Topics for Discussion** – plan for upcoming year

• **Vaping – Discussion and/or Presentation Topic for the future**
  o There was a very active discussion about “vaping” during our last Shelton Empowers Meeting in April which may be a springboard to a more involve community discussion in the future

  Carrie shared a link with us: [https://youtu.be/gjYT4YG7jOk](https://youtu.be/gjYT4YG7jOk)

  Suggestion was made to send out information to SHS for their “advisory period” discussions – contact SHS to gauge interest level

  It appears there is great interest on this topic and it will be a discussion item for next month’s meeting to keep the community informed on this topic.

• From last SE meeting in May - Suggestion was made to have members from Shelton Empowers to attend the informal clergy meetings that occur during the month to give the faith based community more relevant and accurate drug information affecting the youth and greater community

• **Sept/Oct Next “Hidden in Plain Sight” Event?**
  o Tentative Date? After some discussion it has been decided to present “Hidden in Plain Sight” again in the October timeframe – it will be another evening activity hosted at the same venue due to the access to the “apartment” set up that is integral to the program

  o Multiple Stations? In order to avoid attendees “down time” while waiting to view the apartment – it has been suggested to have two or three additional stations for groups to cycle through while waiting to scan the apartment – possible stations could be:
    ▪ Narcan – Overview & Usage
    ▪ Vaping – Information & Examples
    ▪ Youth Service Program – General Overview
Topics for standing agenda items:

- **PSA Update** –
  - Viewed the Fox61 Hidden in Plain Sight PSA
  - Continued production of PSAs may be difficult to do this year with the demand of the SIS schedule regarding production, editing, and distribution with respect to student availability during the school day for this activity – this is a scheduled class at SHS

- **Youth Service Bureau Report** –
  - *A Parent’s Guide For the Prevention of Alcohol, Tobacco, and Other Drug Use pamphlets*
    - Explanation of Grant and “next steps”
    - Tentative plans to distribute to Perry Hill Student families in the near future
  - Other Activities:
    - Youth to Youth
    - Mental First Aid
    - Social Emotional Growth
    - Educational Center at Echo Hose

- **Grant Process Update**
  - We did not get the grant – the committee will pursue other grant opportunities on a local or state level

- **New Business**
- **Chairman’s Comments**
  - EMR Class
  - Echo Hose Grand Opening
