

2017-2018 Proposed Amendments/Changes

MACONAQUAH MIDDLE SCHOOL

STUDENT/PARENT HANDBOOK 2017-2018

WELCOME

Welcome to Maconaquah Middle School! The Maconaquah Middle School staff and I are excited to begin the school year. The Student/Parent Handbook is provided to every student so that you can better understand the rules and procedures that all staff members use as a guide in daily operations. I would suggest that every family sit down with their children and carefully read the Handbook to better understand the rules and procedures at Maconaquah Middle School. The rules you are about to read in this code of conduct supplement are in addition to our broad, discretionary authority to maintain safety, order and discipline inside the school zone. These rules support, but do not limit, our school authority.

I urge each student to get involved in their education. **Make learning fun and challenge yourself to grow in everything you do.**

Craig E. Jernagan
Principal

MACONAQUAH MIDDLE SCHOOL PHILOSOPHY AND OBJECTIVES

The middle school at Maconaquah is a school between schools. It is a transitional school, having been established to make the movement of students from elementary school to high school as easily as possible. The methods of teaching are diverse but are based on the nature of knowledge and the learning process.

The main goal of Maconaquah Middle School is to meet the needs of its students. These needs are as diverse as the student. Each student is provided opportunities to develop intellectually, physically, emotionally, and culturally. These experiences in the school environment are intended to equip the students to develop in such a way as to function well in our democratic society.

The accomplishment of the school's goals can only be achieved through the cooperation of students, teachers, administration, parents, and the community.

To insure that Maconaquah Middle School will continue to meet the needs of its youth, the following objectives are set forth:

1. To assist the students in adapting to new educational situations.
2. To provide opportunities to help the student develop the skills and acquire the knowledge to evolve intellectually, physically, emotionally, culturally, and morally.
3. To encourage students to strengthen basic skills now and in the future.
4. To provide experiences for students to increase their understanding of subject matter skills.
5. To stimulate students to think critically and to develop decision-making skills.
6. To encourage students to think independently, to explore, and to be creative.
7. To allow for individual differences in the classroom, in extra-curricular activities, and in social activities.
8. To encourage participation in community organizations and activities.
9. To acquire an understanding, appreciation, and acceptance of our nation and our world's diverse cultures and ethnic groups.
10. To provide experiences for students to assume responsibilities and to acquire self-discipline.
11. To instill the obligation to develop citizenship skills necessary to function in a democratic society.
12. To help teachers incorporate and apply workable learning theories.
13. To encourage teachers to continue in developing teaching skills and strategies.
14. To promote parental involvement by providing opportunities to participate within the school.

ATTENDANCE POLICY

It is believed that regular and prompt attendance is essential for success in school. Absences are one of the greatest causes of poor school work and consequently, failure. The school cannot teach pupils who are not present. Therefore, parents should make every effort to encourage regular school attendance.

According to board policy, there are only six legitimate reasons for absences. The following are EXCUSED absences:

1. Personal illness
2. Recovery from accident
3. Required court attendance
4. Professional appointments
5. Death in the immediate family
6. Prearranged absences approved by the administration.

Written requests for pre-arranged absences must be submitted to the school office one (1) week prior to departure. No more than five (5) days per school year may be used for prearranged absences. It will be the student's responsibility to make-up all work and assignments prior to his/her return to school following a prearranged absence. Prearranged absences cannot be used to extend a vacation. Emergency situations will be handled on an individual basis.

The following will be considered UNEXCUSED absences:

1. Absences for reasons other than those listed above.
2. Credit will not be given for lessons, quizzes, tests, etc. that have been missed. Maconaquah School Corporation strongly discourages use of school days for vacations, business trips, etc., and especially for those days before or after Christmas, fall break, and spring break.

A student will be considered absent for a half day if they come in after period 3 or leave before period 6.

PROCEDURE TO REPORT ABSENCES

If a student is absent from school, parents should call the school office (689-9131 ext. 4005) before 3:30 p.m. on the day(s) of the absence(s). If the school is notified by telephone a written excuse is not required. If the school is not notified by telephone, the student must bring a written excuse from the parent on the day of his/her return to school.

If the note is not received the day the student returns, two (2) additional days will be allowed. After this time, the absence will be considered unexcused.

Upon returning from an absence, the student should report to the office immediately when arriving at school to obtain an admit slip. This is the only time these slips are issued. The admit slip is for the purpose of determining excused or unexcused absences. If the absence is determined by the administration as unexcused, NO admit slip will be issued, and NO credit will be given for work missed during the unexcused absence. Maconaquah Middle School will monitor student attendance and try to keep parents informed. The Middle School will send out attendance letters to all parents when students have been absent (whether excused or unexcused) as follows:

1. 5th and 8th unexcused absence—Informational letter sent home/Conference with parents
2. 10th unexcused absence—referral to Probation Department for Informal Meeting.
3. 15th unexcused absence-expulsion/referral to the GAP program

Students must obtain a doctors note to be considered excused from school for illnesses or medical reasons. Parent notes or calls will NOT excuse a student from attendance as the absence will be marked as a medical unexcused (MU). Students will be allowed to complete all class work for full credit for days marked as MU. A student absence with no parent call or a doctor's note will be marked as unexcused and the student will not get credit for work completed. In the case of repeated absences during the school year, a student may be required to obtain a doctor's excuse or a certificate of incapacity for each additional absence. A parent note will not be acceptable, and the absence will be considered unexcused.

COUNTY PROBATION ASSISTANCE

When students under 16 years of age miss an excessive number of school days, as determined by the administration, they may ask the corporation attendance officer to arrange an informal meeting at the probation office. This hearing will examine the absences and consider if parents and students are meeting their obligations in relation to the Indiana Compulsory Attendance Law.

TRUANCY

The term "truant" is hereby defined as a student who willfully refuses to attend school or class, and whose absence is found to be without the knowledge and/or permission of the parent/guardian and without the knowledge and/or permission of the school's administration.

Truancy for an entire day

1. First truancy: 4 days after school detention, parent notified, guidance counselor notified.
2. Second truancy: 3 days in-school suspension.
3. Third truancy: 5 days in-school suspension.

Truancy for less than an entire day

1. First truancy: 2 days after school detention, parent notified, guidance counselor notified.
2. Second truancy: 1 day in-school suspension.
3. Third truancy: 3 days in-school suspension.

HABITUAL TRUANCY: A student is designated as being a habitual truant, which must, at a minimum, define the term as a student who is chronically absent, by having unexcused absences from school for more than ten (10) days of school in one school year.

OTHER ABSENTEEISM GUIDELINES

A. Illness. Any student who becomes ill during the day must observe the following procedure:

1. If a student does not feel well but not ill enough to go home, he/she should inform the teacher. The teacher may then allow the student to stay in the classroom and relax.
2. If a student feels ill and wants to go home, he/she should inform the teacher and receive a written pass to the nurse's office.
3. If a student becomes ill between classes, he/she should report to the teacher of the next period class and receive a written pass to go to the nurse's office.
4. The nurse will sign a student into the sickroom and will call parents to come and get the student.
5. When a student leaves the sickroom, he/she should go to the main office and be signed out.
6. The school realizes that extreme circumstances might dictate deviation from the foregoing procedure.
7. All calls home due to illness need to be made by the school nurse. Students should not make calls or text home to have someone pick them up.

B. Students signing out:

1. Students must sign out at the office when leaving the school grounds during the school day.

2. Parents may call, send a note, or pick up the student in the office at the time of departure.

C. The school assumes that any student who is unable to attend school for educational purposes, is also unable to attend extra-curricular activities. (This includes athletic practices, games, contests, organizational functions, etc.) An extra-curricular participant who is ill must attend periods 5, 6, and 7 to be able to attend practice or an event. Students who have an appointment must attend at least three periods of the day.

STUDENTS TARDY TO SCHOOL

1. Students should report to the office, sign in, get a pass and report directly to class.
2. Three (3) unexcused tardies will constitute one (1) day of unexcused absence.

IS YOUR CHILD TOO SICK TO ATTEND SCHOOL?

When your child is not feeling well, deciding whether to send them to school or keep them home can be a difficult decision. Here are some simple guidelines to help make the decision a little easier. If you have any other questions, don't hesitate to contact your child's physician.

In most cases, if your child has the following symptoms, they should NOT be at school:

Fever: temperature above 100 degrees Fahrenheit or higher within the last 24 hours and without fever-reducing medication such as Tylenol

Vomiting: vomiting 2 or more times in the past 24 hours

Diarrhea: several episodes of diarrhea within the past 24 hours or if any diarrhea is accompanied by moderate to severe abdominal pain

Eyes: thick mucus or draining from the eye or pink eye (Conjunctivitis)

Head lice: child must be treated before returning to school. The nurse will check the child's head before he/she will be allowed to return to class the day after treatment.

Skin: undiagnosed rashes or skin lesions. If diagnosed, please provide doctor note. Draining lesions must be covered at all times while at school, and require a doctor's evaluation to rule out contagiousness. That doctor's note must be on file with the nurse.

Chicken Pox: must remain at home until all pox have scabbed over and dried

If your child is diagnosed with strep throat, impetigo, scabies, ring worm, conjunctivitis, chicken pox, head lice, or any other communicable condition, please report this to the nurse.

FINAL EXAMS

The Middle School will not have formal final exams except in High School credit courses. Those exams will be administered during the final week of each semester.

MAKE-UP WORK

All work missed due to an absence should be made up. Students will be allowed to make-up all work missed due to OSS for full credit. **Students need to check class webpages to get and complete make-up work.**

HOMEWORK ASSIGNMENTS

Parents and/or students wishing to receive make-up homework assignments for students who have been absent must log on to the teacher websites to obtain daily assignments. Students are expected to obtain assignments through our teacher websites and be prepared for class upon his/her return to school.

THE ADMINISTRATION RESERVES THE RIGHT TO MAKE EXCEPTIONS WHEN EXTENUATING CIRCUMSTANCES ARE INVOLVED.

MAKE-UP WORK FOR EXCUSED ABSENCE ONLY

A student must make up work missed if he/she is to get credit for days missed. This responsibility lies with the student, not the teacher. It is suggested that teachers remember that they are dealing with children and children need prompting at times. Should a student be absent, he/she will have one day for each day he/she is absent to get make-up work completed. If an assignment is given before the student is absent and due on the day the student is absent, then it is to be turned in on the day the student returns to school. Any "I" (incomplete) on the report card must be made up before the next grading period or it will be changed to an "F".

MIST PROCESS

Maconaquah Intervention Support Team is a systematic process known as Response to Intervention (RtI) that is designed to ensure that all students learn. MIST is a general education intervention framework for prevention,

advancement and early intervention which involves determining whether all students are learning and optimally progressing academically, socially, emotionally and behaviorally when provided with high quality instruction that addresses all aspects of students. Through the MIST process of instructional interventions, student instruction and intervention are designed to meet their needs in a general education setting. Collaboration is fostered between teachers, school support personnel, administrators and families in order to support all students. Families receive information regarding their child's progress, and ongoing home-school collaboration allows parents to become active and meaningful participants in the education process.

GRADING AND INSTRUCTION POLICY

Teachers are to emphasize the importance of grades to the student and the parent. Grades are a measurement of the student's accomplishment of what the teacher expects of him or her.

Teachers should be guided by the following scale:

- 100-98=A+
- 97-93=A
- 92-90=A-
- 89-88=B+
- 87-83=B
- 82-80=B-
- 79-78=C+
- 77-73=C
- 72-70=C-
- 69-68=D+
- 67-63=D
- 62-60=D-
- Below 60=F

- S Satisfactory
- U Unsatisfactory
- I Incomplete

The student and building administration must know at the beginning of the grading period the following:

1. On what basis the grade is to be determined.
2. How assigned work is checked and how much it is going to count.
3. How important class recitation and participation are.
4. How important test scores are and whether these are to be preannounced.
5. Any exception to the above grading scale.

Computing Semester Grades

Each nine week's grade will count as ½ of the total grade.

$$\begin{matrix} B & C+ \\ 8 + 6 & = 14 \text{ divided by } 2 = 7 \text{ or } B- \end{matrix}$$

Averaging Scale for Semester Grades

12.0-11.5	12	A+	6.4-5.5	6	C+
11.4-10.5	11	A	5.4-4.5	5	C
10.4-9.5	10	A-	4.4-3.5	4	C-
9.4-8.5	9	B+	3.4-2.5	3	D+
8.4-7.5	8	B	2.4-1.5	2	D
7.4-6.5	7	B-	1.4-0.6	1	D-
			0.5-0	0	F

In order for a student to receive a passing semester grade, he or she must have successfully completed and passed both grading periods. However, the determination as to whether a student has completed the required classwork and homework for a semester shall be left up to the individual teacher and the administrators.

General Information

Report cards are issued each nine weeks 4 days following the end of the grading periods (unless parents are notified). Each teacher's gradebook shall have sufficient grades to support those on the report card.

Teachers are urged not to rely on the report card as the sole, or major, source of reporting pupils' progress to parents. In addition to the report card, teacher-parent conferences, progress reports, letters to the home, telephone conversations, etc. may be used to keep parents informed.

Parents wanting to view their student's grades on a continual basis are urged to use Skyward. Skyward is the Maconaquah Middle School online gradebook that allows parents to view student grades as they are updated. Parents can contact the front office at extension 4005 to get a username and password to use Skyward. In addition to Skyward, each teacher has a website that they use to facilitate their class. Daily assignments are posted on these websites as well as a course syllabus for at least two weeks in advance of the daily assignment. Students may obtain and submit homework and projects through these sites and parents can track submitted homework assignments.

Spring/Fall Intercession

With the balanced calendar, Maconaquah Middle School is happy to offer a spring and fall intercession that will help students that have fallen behind and show a need for remediation. Students will be selected for these two intercession using data from ISTEP+, INSPECT, and current coursework. Students that are selected will be sent notification with the first and/or third quarter progress report. All students that are selected are expected to attend the five day intercession.

Retention Information

If, in the judgment of the teacher and principal, the pupil would benefit by repeating the grade that he or she is in, then he or she will be retained. Parents may have input, but the final decision rests with the school officials. Factors of mental ability, age, health, and others should be considered. A careful study is to be made of each child to decide what is best for him or her. The purpose, as always, is to do what is best for the child.

Students at Maconaquah Middle School will be required to pass both nine weeks grading periods per semester in each subject area to pass the semester for that subject. However, the determination as to whether a student has completed the required classwork and homework for a semester shall be left up to the individual teacher and the administrators.

The building principal shall assume the final responsibility for determining the promotion, placement, or retention for each student.

Summary

The chief purpose of this policy is to emphasize that the material taught and the teaching methods combine to fit the level of the pupil and to balance credit received for work done with the grades on the report card.

PARENT-TEACHER COMMUNICATION

Parents are urged to contact the school whenever the need arises. Teachers may be contacted by note, telephone, and email. If parents call during the school day and the teacher is not available leave a message on his/her voice mail. If there is an emergency the office will contact the teacher. If parents wish to have a conference with the child's teacher, please call or email to make an appointment as teachers' schedules do not allow for drop-in conferences.

VISITORS

All visitors must report to the main office and request a visitor's permit. However, no person shall remain in the school building or on the grounds after being asked to leave by any member of the administration, faculty, or maintenance staff. **Student's are not to have other students come visit with them at school during school hours. Student visitors will not be permitted.**

Parents are always welcome at Maconaquah Middle School and may visit anytime. For the safety of our students, parents wanting to visit students other than their own child may be required to submit to a criminal history background check. This includes parents that want to eat in the café with their child.

CHANGE OF ADDRESS OR PHONE NUMBER

Any change of address or telephone number should be reported to the office immediately. This is essential in case the school must contact the parents for any reason. It is the student's responsibility to see that his/her address and phone number are correct. Parents will be able to change demographic information using online access through Skyward once the school year begins.

RELEASE OF DIRECTORY INFORMATION

The policy of the Maconaquah School Corporation shall be to release certain items of directory information without securing prior consent of the parent or student. This information may be released to newspapers, other media, colleges, military recruiters, civic organizations, governmental agencies, or other similar parties who have just reason

for the information. It will also be published in programs for the athletic, music, or theater presentations of Maconaquah Middle School. Directory information that may be released, unless the parent requests specifically that this material be withheld, will include:

1. Name, address, phone number
2. Date and place of birth
3. Major field of study
4. Participation in school activities
5. Dates of school attendance and nonattendance
6. Honors and awards
7. Other similar information such as honor roll numbers, height and weight of athletes, information generally found in yearbooks, college plans, and other institutions attended. Only the directory information which is appropriate for the legitimate agency will be released.

Parents or guardians wishing to deny the release of any directory information items pertaining to their child may obtain a "Denial to Release Directory Information" from the principal's office.

WITHDRAWALS AND TRANSFERS

A student who is transferred from Maconaquah Middle School should let the guidance office know of this transfer as soon as possible. Two days before the student is leaving he/she should come to the guidance office for a withdrawal form. This form is to be taken to all classes for the teachers to put on the withdrawal grades.

Students are to return their school property to their respective teachers. School issued devices and other books must be returned to the guidance office. Students will be billed for all school items that are not returned. Each teacher must sign the withdrawal form. Students should present this form to the guidance office by 3:15 p.m. on the day they plan to leave. The withdrawal form will be signed so students may take this form to the new school. The new school will then notify Maconaquah Middle School of the enrollment and request an official transcript of the student's grades and records.

STUDENT RECORDS

The Family Educational Rights and Privacy Act protects the privacy of a students' records and gives to parents and students 18 years or older access to the students' records. Information on the procedures for the above may be obtained from the guidance office.

STUDENT PICTURES

School pictures for student purchase and for the yearbook will be taken early in the school year. They are handled on a pre-pay basis. Students may select from several different priced packages, and the full amount must be paid the day pictures are taken. The photographer guarantees satisfaction, and all money will be refunded if parents are not completely satisfied with the pictures.

GUIDANCE DEPARTMENT

The guidance department provides services for the benefit of the Middle School students. They counsel students and give various tests during the school year. Counselors are eager to talk to students, teachers, and parents regarding problems they may have.

Students: If you come to the guidance office to make an appointment and the counselor is busy, leave your name with the guidance secretary or go on to class and check again later. You may also use email to set up an appointment.

SEVERE WEATHER-CLOSING OF SCHOOL

In case of severe weather that may force the closing of school, an official announcement of such closing will be made by the superintendent over our automated phone system, radio and television stations Peru - WARU-AM (1600 AM), Kokomo - WIOU-AM (1350 AM), WZWZ-FM (92.5 FM), Christian Radio, WWKI-FM (100.5 FM), Logansport (WSAL or Hoosier 103), Marion (WMRI-FM), Channel 6 (WRTV), Channel 8 (WISH), Channel 13 (WTHR), Channel 18 (WLF1), or Channel 59 (WXIN). You may also get this information by dialing 765-689-9131 and select option "6". In addition to local broadcasts, the school will generate an automated message that will be sent to each Maconaquah patron. Please keep your contact information updated with the school. Please listen to one of these stations and DO NOT call the school office or the superintendent's office. This information will usually be on the air by 6:30 a.m.

SCHOOL INSURANCE

Student accident insurance will be made available each year. Forms will be available during the first week of school for any student who wishes to participate in this optional insurance program. However, the Maconaquah School

Corporation is not financially responsible for injury or accident.

All athletes must be covered by some kind of insurance. Parents have the option of providing their own coverage or taking out school insurance. Each athlete must submit proof of insurance, prior to his/her participation in any practice or game, to the athletic director's office.

TEXTBOOK, LAPTOP, AND BOOK RENTAL

Textbooks and Laptops are obtained on a rental basis. The rental price is estimated on usual wear and replacement. We realize that there will be a normal amount of wear, but students are expected to take responsibility of caring for their books and laptops. Abuse of a textbook or laptop will result in a fine being assessed. Please notify your teachers or the Middle School technician immediately upon receipt if you get a book or a laptop that is already damaged so that teachers or technicians are aware of it, and parents will not be charged at a later date. Students are responsible for the textbooks and laptops they were originally issued. Book numbers and MSC numbers are recorded at the time of issue to the student by the teacher. Please be sure the student's name and grade are written in the book label in case the book is misplaced or lost. Students will be required to pay for lost or damaged books and laptops.

The bills for textbook rental will be sent at the beginning of September and are due in full by the date listed on the bill.

Parents/Guardians are financially responsible for book rental fees and any charges the school may assess for but not limited to lost books, cafeteria fees, library fees, library books, extracurricular activities, fund raisings and tuition. Parents/Guardians shall also be responsible for all reasonable costs of the collection of this account, which may include but not limited to, late fees, client collection fees, collection agency fees, reasonable attorney fees and court costs on any outstanding balance.

USE OF TELEPHONE

There are no pay telephones in this building. Students may use a telephone in the classroom or the guidance office for personal use in the morning, at lunch, or after school. It is not to be used during class time. The main office phone is used to carry on the essential business of the school and is generally not available to students during the school day. Students will be called to the office in case of an emergency. Otherwise, a message will be taken and delivered to the student. If illness warrants, the guidance office personnel will call the parent or guardian. **Students are not to call home from any phone to have parents come pick them up because of illness.**

LOST AND FOUND

All articles found should be turned into the office where the owners may claim their property by showing their student I.D. If, after a reasonable amount of time, the items are not claimed they will be donated to a charitable organization. Students will be notified several times prior to this.

In order to make the B Honor Roll, a student may not have any grade below a B- in any class taken

IMMUNIZATION RECORDS

As per Indiana Statute, IC 20-8-1-7-9.5, every child attending school must have all immunizations that are required by the Indiana Department of Health. A written waiver must be completed every year for immunizations not administered due to medical or religious reasons. Also, for those entering kindergarten and first grade, and/or new to Maconaquah School Corporation, a copy of a county birth certificate must be submitted to the office.

Students attending Indiana schools as per IC 20-8-1-7-10.1 must furnish no later than the first day of school a written up to date record of all required childhood immunizations. These records must be presented upon enrollment or obtained within 20 days of enrollment. Students failing to have these records on file within 20 days will be subject to suspension from school until the records are submitted.

ADMINISTRATION OF MEDICATION

Students needing to take medications during school hours are required to store their medications in the nurse's office which is located in the guidance area of the front office. The following guidelines will be followed when medications are administered:

1. Medications will only be administered with the written consent of the parent—forms are located in the front office and nurse's office. This applies to prescription and non-prescription medications.
2. The nurse will administer physician prescribed medication provided it is brought in the pharmacy's original container with the physician's current instructions on the label.
3. All non-prescription medications must be in the original container. Make sure it is not expired.
4. All "natural remedies," herb, vitamins, dietary supplements, homeopathic medications, medications from other countries, supplements, must be accompanied by:
 - A written medication consent form signed by the parent/guardian
 - A written order from the child's healthcare provider authorized to practice in the state of Indiana
 - A list of reasonable information listing therapeutic and untoward effects and interactions
5. No Aspirin or Aspirin-containing medication will be administered without a doctor's order.
6. The nurse may allow a student to carry a water bottle for one day. A doctor's order is required for longer use.

Parents occasionally ask the office to hand out medication to their child. If parents would like this service they should come to the nurse's office and fill out a permission slip. This is required by law! We require all medication to be kept in the nurse's office during the school day. Ibuprofen, Tylenol, etc. cannot be given to students without parental permission! Inhalers may be carried by a student if the nurse has a doctor's order to do so. This order needs to be renewed each year.

The use of the elevator, crutches and wheelchairs due to injuries requires a doctor's order. All medical equipment must be provided by the parent or guardian. P.E. restrictions for injuries or illness expected to last more than 1 day require a doctor's order. ALL doctor's orders must be turned in to the nurse, who will notify the appropriate teachers.

MACONAQUAH SCHOOL CORPORATION PROCEDURE for HEAD LICE

Purpose: To define the steps that will be taken by the Maconaquah Corporation staff in the event of a suspected case of head lice.

Rationale: The goal of the Maconaquah School Corporation Health Services is to keep students in the classroom as long as medically safe. As head lice are not a risk for carrying communicable disease; are primarily spread through direct head to head contact, and only live 18-24 hours off a host, the subsequent steps

will be followed:

1. Students suspicious of having head lice will be sent to the nurse for evaluation. Class inspections will not be routinely performed.
2. A thorough inspection for live lice and nits will be completed.
3. If live (crawling) lice are noted, the parent will be notified by phone (if possible) and/or by letter which will be sent home with the student at the end of the day. The parent, upon notification may choose to pick their student up at that time.
4. The parent will be provided with information on head lice.
5. The parent will be instructed to inspect other household members for live lice.
6. The parent will be instructed in methods for elimination of infestation including the inspection for live (crawling) lice and manual removal (combing).
7. The parent will be instructed to continue daily combing until no live lice are discovered (approximately 1½ weeks). Remove live lice.
8. The parent will be instructed to change and launder all bedding, clothing, coats worn by the student in the last 48 hours.
9. Students will not be routinely excluded from school due to head lice.
10. Students will be reinspected by the nurse following treatment by the parent upon returning to school.
11. Nurse will initiate the Head Lice Flow Sheet.

LIBRARY

Books

1. Books may be checked out for 10 school days and are renewable upon request.
2. Lost books must be paid for in full before another book is checked out.

Magazines

1. Magazines may be checked out overnight and are renewable upon request.
2. Lost magazines must be paid for in full before another magazine is checked out.

Laptops

1. Laptops that are broken must be taken to the library to be evaluated. If the computer must be kept for repair, a loaner laptop will be issued.
2. Loaner laptops must be turned in each day between 7th period and enrichment.
3. Students with broken laptops are expected to checkout a loaner laptop prior to first period each day.

Students with unpaid fines will not be permitted to participate in field day activities at the end of the school year.

BAND AND CHOIR ELECTIVES

In order to maintain a reasonable amount of continuity in an elective subject, the following procedure will be followed: If a student decides to drop an elective during the first two weeks of the school year, or at the end of the first semester (with parent permission), no penalty will be imposed. Students dropping classes after the above stated time will automatically receive an "F" for the semester grade in that class.

Students taking band or choir will be required to participate in all activities involving that class. This includes out-of-school activities. These activities are considered part of the requirements for receiving credit for this class. It should be understood that lack of cooperation in the out-of-school activities will result in the lowering of the student's grade for the class (i.e. an F for the nine weeks grading period). To avoid this any excused absences from out-of-school activities must be cleared with and approved by the band/choir director.

STUDENT LOCKERS, LOCKS AND BAGS

Each year students are assigned lockers on an individual basis. **Students are not permitted to share lockers.** There are enough lockers to accommodate every student. The school assumes no responsibility for items missing from lockers or left lying around the building. Students are advised to avoid storing valuable items in their lockers.

School bags are not a substitute for lockers. Students are allowed to carry material that is essential for coursework ONLY. Coats and other personal items need to be placed in their assigned locker.

The student's use of the locker does not diminish the school corporation's ownership or control of the locker. The school corporation retains the right to inspect the locker and its contents in order to insure that the locker is being used in accordance with its intended purpose, and to eliminate fire or other hazards, maintain sanitary conditions, attempt to locate lost or stolen material, and to prevent use of the locker to store prohibited or dangerous materials such as weapons, illegal drugs, or alcohol.

SELLING ITEMS AT SCHOOL

Nothing is allowed to be sold at school unless it is school sponsored. Any exception to this must be approved by the principal. Such items are to be sold before school, during lunch, and after school only!

STUDENT DRIVERS

Due to the lack of parking areas, middle school students are not permitted to drive to school.

SCHOOL DANCES

Dances must be properly chaperoned by teachers and parents. Attendance will be limited to 6, 7, and 8th grade students of Maconaquah Middle School only. Unless otherwise specified, the school dress code will be enforced. Formals and corsages are neither necessary nor appropriate for Middle School students. Most dances are to be held after school 3:15-5:00pm. Students should have rides ready to pick them up at the conclusion of the dance. If a student is at school beyond 5:15, the student will not be able to attend the next dance.

HALL PASSES

To get through the halls during class, students need a pass signed by a teacher. If students are late to their next class because of being detained by a teacher, they should ask that teacher to write a pass excusing their tardiness. Students cannot stay in one class for an additional period without prior expressed permission from the teacher whose class they are going to miss

CONVOCATIONS

Convocations are held at various times throughout the school year. At all times the students' behavior should be refined and courteous. An indication of the cultural level of the school is the conduct of its student body at an assembly. Whether guests are present or not, each student is personally responsible for the impression made by the school as a whole. Unacceptable conduct would include whistling, uncalled-for clapping, boisterousness, and talking during a program. It is expected that when students are in attendance, they will display proper behavior so that all in attendance may benefit from the program.

FIRE DRILLS

Fire drills are conducted periodically according to state regulations. When the alarm rings, leave the room immediately. Walk quickly and quietly but DO NOT RUN! Continue walking outside until all have gone at least 100 feet from the building. Remain outside until the signal is given to return. Instructions are posted in each room for leaving the building. Each teacher is responsible for the class in his/her room during a drill and leaves the building with the students.

TORNADO SAFETY DRILL

In the event of a tornado, students and faculty will be instructed to move in an orderly manner to designated safety areas. Students are to assume the accepted protective position in the safety areas-kneeling, sitting, squatting with heads bowed and hands locked behind the neck or head.

If the warning is not received in time to effect the regular evacuation plan:

1. Students should be instructed to seek shelter under the heaviest item of furniture available in the room.
2. Assume the accepted protective position.
3. Stay away from windows.
4. Remain protected until advised otherwise by a responsible adult.

SCHOOL SECURITY DRILL

It is necessary to provide a clear process for all persons in the middle school to understand what to do in the event of a need for a high level of security in the building. This drill is done each semester to the specifications of the Emergency Procedure Guide.

SURVEILLANCE CAMERAS

For the safety of all Maconaquah Middle School students, there are surveillance cameras located on the interior and exterior of the building. The cameras record 24/7 and are archived for school official use only. The local Sheriff's department also has access to these cameras in case of an emergency.

LUNCH ACCOUNTS

Lunch money is handled through a computerized payment system. Students should deposit money into their accounts first thing in the morning at the bookstore window. The amount of the prepayment deposit is entirely up to

you; it can range from one day, to a week, month or even a year. If checks are written, they should be made out to MACONAQUAH MIDDLE SCHOOL. COSTS:

Student Lunch \$2.65 daily or \$13.25 weekly

Student Breakfast \$1.35 daily or \$6.75 weekly

What will stop the student from purchasing more than the parent allows? Simply notify us in writing what their limitations are and it will be programmed into the system. When your child gets a lunch, their limitations will appear on the screen.

If your child has a special "food" medical concern, once we are notified of this information, we will place it in the system to alert our staff to help monitor their meals.

If for any reason you would like a copy of the transactions of your child's account, we will be able to give you a print-out.

LUNCH PROCEDURES

Money is collected in the office at the middle school. Your child's account is set up as a "checking account." In order for your child to be served breakfast, lunch or milk, he/she MUST have money in his/her account. Students without funds in their account will be served an alternative lunch that meets the state nutritional standards. You may pay weekly, monthly, per semester, or the full year.

PLEASE KEEP YOUR CHILD'S ACCOUNT IN GOOD STANDING.

1. Money will be taken at the book store each morning before school starts. Parents may also use e-funds to deposit money electronically. e-Funds is linked to all Maconaquah School Corporation websites. There will be a \$5.00 CHARGING LIMIT at the Middle School. NO charging will be allowed the final two weeks of the school year. Once the \$5.00 limit is reached, students will receive an alternative lunch.
2. In the High School and Middle School assigned PIN numbers will remain the same throughout your child's school years at Maconaquah. In order to prevent fraudulent use of PIN numbers, your child's school picture appears on the monitor each time his/her account is accessed. This prevents other students from being able to use your child's account.
3. Students ID's will be used to purchase food items in the lunchroom. Students will be required present an ID in order to receive lunch. If a student has a temporary ID, he/she may only purchase food through the type A lunch line. Students' may not purchase food or drink items from the a la carte line or Mac Shack without their school issued permanent student ID. All temporary ID's are available from the student's homeroom teacher only.
4. At the end of school all balances of \$10.00 and over will be refunded if requested, and under \$10.00 will be forfeited. Refund checks will be mailed to the parent.

If a check is returned to the Food Service Department for non-sufficient funds:

1. Checkredi will be the service responsible for resolving all checks returned for nonsufficient funds.
2. Returned checks may result in a "cash only" payment schedule.

The School Food Service operation is totally self-supporting and does not receive funds from the school corporation or local tax dollars. We are expected to pay for the bulk of the revenue from our breakfast and/or lunch money. We understand that financial circumstances can quickly change. Should you find that free or reduced meals might be appropriate for your family at any time during the school year, please feel free to contact us for an application from the office. Our goal is simple: to feed all students nutritious and appealing meals. We hope that participating in the Free/Reduced Meal Program will enable all Maconaquah students to regularly participate in the School Lunch Program.

STUDENT COUNCIL

The Student Council is an organization of student representatives. Each year representatives from each sixth, seventh, and eighth grade will be elected by their respective classmates to fulfill this purpose. The officers consist of a president, vice-president, secretary, and treasurer. Students must maintain a C- (4.0) grade average with only one F allowed on their report cards each grading period to maintain eligibility. All Student Council decisions are subject to the approval of the principal.

NATIONAL JUNIOR HONOR SOCIETY

The National Junior Honor Society is an organization of 7th and 8th grade students who excel in the areas of Scholarship, Leadership, Citizenship, Character, and Service. A small group of outstanding students are selected after the end of the third nine weeks grading period. Membership in the NJHS is recognized nationally as one of the highest honors that can be awarded a student. The honor of becoming a member is accompanied by new responsibilities. The NJHS sponsors special activities such as the concession stand for home volleyball, basketball, and wrestling events, the Christmas formal, and various fundraising campaigns, community service activities, etc.

Eligibility: To be eligible for consideration for membership in the NJHS, the student must have a 9.5 grade point average (GPA) or better in each of the first three grading periods or a 9.5 cumulative GPA for the first semester and a 9.5 GPA in the third grading period. According to NJHS guidelines, only students in seventh and eighth grades are eligible.

Process: A list of eligible students is generated based on GPA from the guidance office, which is then given to the NJHS sponsors. The sponsors send out an evaluation form to all applicable teachers. Teachers will then respond on the evaluation form as to whether or not they have seen any behaviors or attitudes that would hinder a student from receiving membership. The sponsors will go through the evaluation forms and determine (based on teacher input) the students who will receive an application form to be admitted into NJHS. Major and/or frequent disciplinary issues could result in a student NOT receiving an application, regardless of their GPA eligibility. Students must fill out the application for membership into NJHS by the deadline in order to become a member. No late applications will be accepted. There will be a formal induction ceremony in May.

Dismissal: Any member who fails to continue to meet eligibility requirements (scholarship, character, leadership, citizenship, and service) may be suspended or dismissed and all certificates, membership cards, pins, ribbons, etc. withdrawn.

Failure to maintain a 9.5 GPA each grading period during 8th grade year will result in the following actions:

1st offense: Probation letter-student receives a letter of warning stating that their GPA has not met the minimum requirement(9.5) for the grading period. Student may still participate in NJHS activities.

2nd offense: Dismissal Letter-student receives a letter of dismissal from NJHS and will no longer be allowed to participate in the NJHS activities or be a member.

*During the 4th grading period, GPA will be evaluated at progress reports

STUDENT ID BADGES

The purpose of this program is to provide a more safe and secure school building as well as consolidate student checkout and purchase procedures. All students and staff will be required to wear their ID on a daily basis and follow the following protocol.

- All students must wear ID cards on lanyard and worn around the neck while on school grounds(excluding athletic participants during games and practices)
- ID cards will be used daily to purchase items from the cafeteria, to check out books from the MMS Library, and for student and staff identification
- Student ID cards must be presented for free entry into any MMS extracurricular home event
- If a student loses his/her ID, a temporary ID will be supplied by their homeroom teacher
- Students who lose an ID must replace the ID within 24 hours. ID cards and lanyards will be available in the front office for a small charge and must be ordered before the school day begins.
- Student ID cards may not be altered from the original state (taped, marked, and etc).
- A student may only be in possession of his/her personal ID card.
- Students must present his/her ID card to any staff member that requests it.
- Failure to follow student ID protocol may lead to disciplinary action.(see disciplinary code)
- Students will wear and use the ID badges to board and leave the bus in accordance to the rules to be publicized by the Transportation Department upon completion of the project.

DOCUMENTATION OF OFFENSES:

An investigation by the assistant principal/athletic director and the athlete's head coach will be conducted whenever information is received that implicates the involvement of a MMS athlete in a code infraction. Statements from eyewitnesses and police reports may serve as evidence against the athlete until adequate documentation has been received. The athlete, his/her parents, and the athlete's coach will be notified of the decision to suspend.

APPEAL PROCEDURE

The student or parent may appeal any suspension to the Code of Conduct Hearing Board, which consists of the Middle School principal and his/her designees. Included in those he/she may designate shall be one parent, two coaches, and one guidance counselor. The student will be suspended from participation until such time that the Hearing Board can be convened to hear the appeal. Every effort will be made to convene the hearing board at the earliest possible date. The hearing board will hear the evidence and render a decision based on a simple majority vote.

If the student wishes to appeal the decision of the Hearing Board, the student must petition the superintendent of schools.

OPTIONS PROGRAM

This program is "help-centered." The athlete who has made a mistake, who is willing to take responsibility for that mistake, and who makes a contractual commitment to insure that future violations of the code do not occur is extended this disciplinary, helping hand. It is important that each athlete knows that the "option's program" is a one-time offer. Once the athlete begins this option, it will never be a part of any future plan. The following aspects are part of the "option's program":

1. The athlete, in the sport of which he/she is currently a member, will miss 100% of the regular season's contests plus 50% of the contests for the next sport season in which he/she chooses to participate.
2. The student and parent/guardian must meet with the athletic director to discuss an individualized plan.
3. Part of this plan may be a chemical use assessment, administered by certified drug/alcohol counselors and a 100% compliance by the athlete with the counselors' recommendations. The counselors may recommend in-patient or out-patient care. Parents will assume responsibility for all testing.
4. A student who is found in violation of the substance abuse policy will be subject to drug testing during the 365 day period following the assessment. The athlete who does test "positive" will lose his/her option's program status immediately, and will begin a 365 day suspension (effective the date the test results are received by the MHS administrators).
5. A contract will be drafted by the athletic director that defines expectations of the student's academic and attendance performance.
6. Failure to meet any "good faith" compliance after the athlete agrees to the "option's program" will make it necessary to invoke the suspension immediately.
7. A player choosing the Options Program may not serve his/her suspension as a manager of a team unless that position was held by the student in question during the season prior to the infraction.

COACHES' RULES

Prior to the start of the "season," each coach will establish specific rules regarding conduct, training, practice, curfew, and any rules not covered specifically by "The Code of Conduct" and the Student Handbook. A copy of these rules must be submitted to the athletes and be on file with the principal. Violations of these rules will be handled by the individual coach.

STUDENT ATHLETIC POLICIES

A. AGE ELIGIBILITY

1. A 6th grader may play until the age of 14.
2. A 7th grader may play until the age of 15.
3. An 8th grader may play until the age of 16.
4. A participant reaching the age criteria during a season may complete that sport's season.
5. A student cannot participate in the same sport at the same grade level for more than one year.

B. NECESSARY FORMS TO BE FILED:

1. Athletes must have a PHYSICAL FORM on file before their first practice. Every effort is made by the high

school athletic director to secure a physician at the end of each school year (after April 1) to administer physicals for the following school year. Physicals are good from April 1 to the end of the following school year. Any physical taken between these dates will expire at the end of the school year.

2. Athletes must have adequate family insurance or sign a waiver of liability. MMS is not financially responsible for medical expenses incurred from practice or game injuries.
3. Before competing athletes must sign, along with a parent/guardian, and file with the principal a STUDENT HANDBOOK RECEPTION FORM.

C. PRACTICE REGULATIONS

1. Athletes are expected to attend all scheduled practices. Illnesses or other emergencies are the only good reasons for missing practices.
2. When school is dismissed or not in session due to inclement weather, all practices will be cancelled. Exceptions may be granted on the recommendation from the principal and approved by the superintendent.

D. ATHLETIC EQUIPMENT

Equipment is the responsibility of the student athlete. All school issued equipment, must be turned in promptly when called for, and missing items settled for at that time. Replacement costs may be the guideline for assessing athletes for lost equipment. A student who willfully neglects to return athletic equipment will be ineligible for all athletics until the obligation is removed.

E. ATTENDANCE ON DAYS OF GAMES

Athletes will be allowed to participate in contests only if they have been in class periods 6 and 7 on the day of the game. This does not apply to games scheduled on days when school is not in session (e.g. Saturdays, vacations, half-days). Exceptions may be approved by the principal or athletic director only.

F. IN-SCHOOL SUSPENSION & OUT-OF-SCHOOL SUSPENSION

No inter-school participation or practice is allowed during the suspension period unless outlined in an options contract. In addition the following regulations will apply:

1. One day suspension: A student receiving a 1 day suspension will be suspended from the next scheduled athletic contest.
2. Two day suspension or an accumulation of two 1 day suspensions: Students will be suspended from the next two scheduled athletic contests.
3. Three day suspension or an accumulation of three 1 day suspensions: Students will be dismissed from the athletic team for that season. The student may not participate in any other sport during that season but may try out for other sports in other sport seasons.
4. If a student is suspended from a sport season and wishes to try out during another sport season, he/she may do so with the understanding that the next suspension will terminate his/her sports eligibility immediately for the remainder of the school year.

G. CUTTING POLICY

The coaches are hired for their knowledge and expertise in each particular sport. It is at their discretion who will be members of the squad. It may be necessary to cut athletes who try out for the team. It should be noted that there is no final cut - team members may be cut from a squad anytime during the season.

H. DROPPING A SPORT

Any athlete who quits a team is prohibited from participating in another sport until the season of the sport that is dropped is completed. The only exception is by mutual consent of both coaches and the athlete involved.

I. EARLY RELEASE

On rare occasions, athletes are released from school to compete in athletic events. When this is done, the athletes are expected to get all assignments in advance and make up all missed work.

J. TRANSPORTING ATHLETES

School buses will be used whenever possible to transport teams to away events. Athletes must ride the bus to and from the games unless prior written approval from the parent is received by the coach.

K. AWARDS

1. To receive an award at the end of a season, the athlete must be a member in good standing on the team and be recommended by his/ her coach.
2. Upon successful completion of the first sport season, the student will be awarded a certificate of completion for that sport.

L. ELEMENTARY STUDENT PARTICIPATION

A fifth grade student enrolled at Maconaquah Elementary School, may participate in a Middle School sport in practices and, in a limited manner, in sports that are individual/team in nature, such as cross country, swimming, or wrestling. While they may participate in events as a member of the Maconaquah Middle School team, they cannot displace an MMS student from a position or place on that team. If there is a like sport offered at the elementary school, this opportunity is not available to that student. Elementary student participation is subject to administration approval.

STUDENT MANAGERS

Coaches may request to have a student(s) assist with team operations with approval by administration and the coaching staff. The head coach will be responsible for selection of and supervision of student managers. Student managers are official members of the team, therefore they must adhere to all team rules set forth by the head coach and all follow the same policies under the athletic requirements.

CHEERLEADERS

Each year sixth, seventh, and eighth grade cheerleaders are selected. The purpose of having cheerleaders is to direct the student body's school spirit. Cheerleaders must try out each year; there are no carry-overs. The cheerleaders will perform at football games and boys' basketball games (including tournaments). Cheerleaders must follow the same policies as under the athletic requirements.

COLOR GUARD

The Color Guard is a precision team consisting of Middle School girls. The girls perform at select home boys' basketball games. They must be willing to spend sufficient time in practice or risk removal from the squad. To remain in color guard, a C- (4.0) grade average must be maintained with only one F allowed on the report card each grading period. Students must have a behavior record in good standing to participate.

EXTRA-CURRICULAR DRESS CODE

Students in any athletic or voluntary organization shall abide by the rules of dress and grooming for that extra-curricular activity as established by the sponsor/coach and school administration.

STUDENT CONDUCT **PHILOSOPHY AND GOALS OF STUDENT DISCIPLINE**

It is the purpose of the staff of Maconaquah Middle School to provide a safe and orderly environment for all students. Such an environment is necessary for effective learning. In order to fulfill this purpose, it is essential to establish certain standards for student conduct. The goal of these standards is to promote the best possible learning environment-an environment that will enable all students to strive for their maximum mental and physical development during their years at Maconaquah Middle School.

The responsibility to maintain this safe, orderly environment falls to the cooperative efforts of students, parents, teachers, administrators, and the community. The primary responsibility to live within certain standards of conduct remain with the individual student.

DISCIPLINE

One of the most important lessons education should teach is discipline. While it does not appear as a subject, it underlies the whole educational structure. It is the training that develops self-control, character, orderliness, and efficiency. It is the key to good conduct and proper consideration of other people.

With an understanding of the purpose of discipline in a school, the student may form a correct attitude toward it, and not only do his/her part in making the school an effective place of learning but develop the habit of self-restraint which will make each student a better person.

THREATS

Actions or threat of actions that constitute verbal or physical assault or abuse of any individual on school property or a school related function by a student or other individual shall not be tolerated. Appropriate measures necessary to correct these situations, including disciplinary action or legal action, shall be taken. Offenses of this nature may result in legal prosecution.

RESTRAINT OF STUDENT

In accordance with board policy 5630.01-"A student will not be subject to seclusion or restraint unless the student's behavior poses an imminent risk of injury to the student or others. However, significant violations of the law, including assaults on students and staff, will be reported to the police. As soon as possible after any use of seclusion or

restraint, the student's parent or guardian will be informed and provided with a detailed account of the incident, including the circumstances that led to the use of seclusion or restraint."

SUBSTITUTE TEACHERS

Our school is fortunate to have capable people to help us whenever our regular teachers are ill or otherwise cannot be at school. A substitute teacher is an important staff member whose impression of our school will be carried into the community. Let us be certain that these are good impressions by being polite, helpful, and considerate as you would be to your regular teacher. Substitute teachers have essentially the same authority as the regular classroom teacher.

STUDENTS NOT RIDING BUSES

Middle School students are to be let off and picked up in front of the Middle School only (not at Maconaquah Elementary or Maconaquah High School).

BUS CHANGE/ADMISSION FORM

Students riding home on a different bus, must have a permission slip filled out in the Middle School office and signed by the Principal or Assistant Principal. The parent must send a signed note with the student to the office giving permission. If a student is riding home with another student, we must have a signed note from each student's parents. This must be turned in to the office before noon.

BUS CONDUCT

Riding the bus is maintained as a privilege, not a right. Recognizing the difficult task of the driver, any student who behaves in such a manner as to threaten the health and safety of the occupants of the bus will have the privilege suspended or withdrawn. The driver has complete authority to operate and control the bus and its passengers within the guidelines and policies of Maconaquah School Corporation. The authority to assign seats on the bus is absolute.

It is the responsibility of the student to respect himself/herself, others, and others' property. Excessive noise, offensive language, talking back to the driver, and fighting are problems for which students are most often suspended from the bus.

If these rules are followed, the trip to and from school will be made safer for all involved. If not followed parents may have to take their child(ren) to and from school for a specified period of time.

CELL PHONES, IPODS, and other ELECTRONIC DEVICES.

CELL PHONES, IPODS, OTHER ELECTRONIC DEVICES Students are not to use cell phones, iPod, or other electronic devices during the school day (8:30-3:15) unless the classroom teacher has authorized students to use the devices to complete a classroom activity. Students will be permitted to use cell phones, iPod, or other electronic devices during their lunch period or passing periods if used in a responsible manner. Violation of this policy will result in confiscation of the device until a parent/guardian can visit the school to retrieve it and the student will be assigned 1 day of after school detention.

Use of any electronic device in the restroom or locker room area is prohibited. Failure to comply with this policy may result in suspension or expulsion.

STUDENT DRESS AND GROOMING

The dress and grooming of an individual should reflect upon the "society" in which he or she is located at the present time. Our "society", the Maconaquah School Community, should house students who use good taste in attire and grooming--simplicity, neatness, and appropriateness. Students should wear appropriate attire during the regular school day and at school sponsored activities.

Basically, dress and grooming guidelines are threefold:

1. Health and Safety--Students should not wear clothing or styles that can be hazardous to them in their activities such as shop, lab work, physical education, etc. Grooming and dress that prevent the student from doing his/her best work because of blocked vision or restricted movement are discouraged as are dress styles that create, or are likely to create, a disruption of classroom order. Footwear must be worn at all times. Girls and boys alike may be asked to wear a protective net or cap if the hair is too long for health and safety precautions in laboratory situations, such as: science, swimming, PLTW, FACS, etc.
2. Common Decency--Clothing should provide sufficient coverage of body. Clothing shall reveal no cleavage, undergarments, shoulders, or bare backs. Students will not be permitted to wear clothing that glorifies, advertises, or promotes the use or engagement in alcohol, drugs, sexual conduct, violence, or anything that can be construed as concealing contraband. **Hats, sunglasses, and pajamas are not conducive to the**

educational environment of the classroom and shall not be worn in the school building. Please leave these items at home. All clothing is to reflect the values of the community in which we live. Due to the distracting nature of markings on students' skin and/or clothing, students should not wear clothing or present their person that they or others have drawn or marked with markers or other writing utensils. If there is a question, the administration shall make the determination of acceptable attire.

3. Maintenance of School Plant--This refers to footwear or items of clothing that could damage furniture, walls, etc.

Students who do not wear clothing that reflects good judgment or who do not comply with these guidelines will be sent to the guidance office for necessary action. Parents will be contacted should the need arise.

Examples of acceptable school dress: traditional school clothes, shorts that are not above mid-thigh, sweat pants, etc.

Examples of unacceptable school dress: Clothing that reflects anything relating to alcohol and/or tobacco products, inappropriate or suggestive language, **shorts or skirts that are above mid-thigh, pants that have holes in them above the knees, bottoms that go beyond the bottom of the student's shoes, tank tops (including athletic jerseys) without a t-shirt underneath, fishnet shirts (without a t-shirt underneath), shirts and/or blouses that do not cover the midriff, "bike" type pants (whether knee high or full length), chains of any sort that were not originally designed as jewelry, etc.**

"Sagging" pants will not be permitted. Students will be asked to pull the pants up and fix them so that they won't sag. In the event that this is a common occurrence, the parents will be notified to bring clothing that fits so that the pants don't "sag". Failure to comply with the dress code will result in disciplinary action, ie. Insubordination.

Extra-curricular dress code: Students in any athletic or voluntary organization shall abide by the rules of dress and grooming for that extra-curricular activity as established by the sponsor/coach and the school administration.

GENERAL SCHOOL RULES

1. Walk in the halls.
2. Keep unnecessary noise down in the halls.
3. Be considerate of teachers and fellow students.
4. Keep track of books and laptops. They are the student's responsibility.
5. Be in class on time.
6. Obey faculty and staff.
7. Students are not to bring radios, recording devices, beepers, laser pointer, toys, etc. to school. If so, they will be taken from the student and must be picked up by a parent.
8. Students are not to go to the high school before or after school.

CAFETERIA RULES AND PROCEDURES

1. Students are to go immediately to the cafeteria when their lunch period begins. Students should report to the cafeteria immediately from the end of the previous class period.
2. Upon entering the cafeteria, students are to enter the serving lines.
3. Students are to pick out a seat and remain there for the remainder of the nine weeks.
4. Students are to remain in their seats for the remainder of the lunch period, with the exception of throwing their trash away, returning to the lunch line, or to use the restroom.
5. Students are not permitted to leave the cafeteria without permission of the lunchroom supervisor.
6. Students will have an individual number located on their ID as a barcode for their own lunch account. A student's lunch account may be added to any day of the week. This is to be done in the morning at the bookstore. Students on Free/Reduced lunch program are not permitted to purchase lunch for another student. This is a serious offense and will not be tolerated.
7. Students will not be allowed to "charge" with the account system. Middle School students should be very capable of handling this type of personal account.
8. Students may bring their own lunch to school.
9. Students may bring their books or laptops to the cafeteria to study after they are finished eating.
10. Students are expected to be respectful to the cafeteria workers, and to the other students. Vulgar and inappropriate behavior for meal time will not be tolerated.
11. Students are expected to clean up after themselves.
12. Throwing objects of any kind in the cafeteria will not be tolerated.

STUDENT DUE PROCESS

A student will be given a hearing in the event it becomes necessary to take disciplinary action whereby a student (1)

is suspended from school attendance for a period of less than ten days, (2) is expelled for the balance of a the current semester/following semester, or (3) is given other disciplinary action which automatically prevents him/her completing within the normal time his/her overall course of study in any school in the corporation.

Rights, Responsibilities, and Regulations

The entire foundation of success of public school education depends upon the basic concept of self-discipline that will allow all individuals to exist in a world of change and with the individual rights afforded them by our federal and state constitutions. Certain standards of student conduct are necessary to assure that students seeking to express their own individual rights do not at the same time infringe upon the rights of others. The responsibility for the development and maintenance of self-discipline falls to the cooperation of students, parents, teachers, administrators, and the community.

The responsibility for the development and enforcement for the protection of the rights of individuals is delegated by the Board of Education to responsible officials within the school corporation. The purpose of discipline controls is to help create an atmosphere that promotes the best possible learning environment for all those involved in the educational process.

An environment that provides equal opportunity for all and permits the teaching-learning process to proceed in an orderly manner is the objective of all school personnel. School staff members will make every effort, individually, collectively, and cooperatively, with appropriate available community resources, to help each student gain self-discipline standards.

Reprimand, probation, referral to special personnel in the schools (i.e. counselor, assistant principal, principal, etc.), parent conferences, calls to parents, detention, suspension, referral to specialized community services, and expulsion are some courses of action available to school personnel in dealing with pupils involved in school discipline problems. Some behavior is much more serious than others and requires different approaches and clearly defined actions. Not all acts of misconduct can be itemized. However, examples of some significant misbehavior are herein listed, and taken from the laws of the state of Indiana.

STUDENT DISCIPLINE POLICY

The following code, as adopted by the School Board, sets forth school rules prohibiting certain types of student conduct that constitute disciplinary offenses. A student found to be in violation of any one of them may receive punishment as severe as an expulsion. Less serious conduct can be dealt with by the principal under the disciplinary authority given to him by the statutes of the school board regulations.

Recognizing that the behavior of some students may be so disruptive that it interferes with school purposes or educational functions of the school corporation, school officials may find it necessary to remove a student from the school. In this event and in accordance with the provisions of IC 20-8.1-5.1, the Board of School Trustees authorizes administrators and staff members to take the following actions:

A student will not be subject to seclusion or restraint unless the student's behavior poses an imminent risk of injury to the student or others. However, significant violations of the law, including assaults on students and staff, will be reported to the police. As soon as possible after any use of seclusion or restraint, the student's parent or guardian will be informed and provided with a detailed account of the incident, including the circumstances that led to the use of seclusion or restraint.

1. **REMOVAL FROM CLASS OR ACTIVITY - TEACHER:**

A middle school teacher will have the right to remove a student from his/her class or activity for a period of up to 1 school day if the student is assigned regular or additional work to be completed in another school setting.

2. **SUSPENSION FROM SCHOOL - PRINCIPAL:** A school principal (or designee) may deny a student the right to attend or take part in any school function for a period of up to 10 school days.

3. **EXPULSION:** In accordance with the due process procedures defined in this policy, a student may be expelled from school for a period no longer than the remainder of the current semester plus the following semester, with the exception of a violation of rule 13 listed under the grounds for Suspension and Expulsion in this policy.

SUSPENSION PROCEDURES

When a principal (or designee) determines that a student should be suspended, the following procedures will be followed:

1. A meeting will be held prior to the suspension of any student. At this meeting the student will be entitled to:

An appeal to an expulsion shall be submitted to the County Court.

DISCIPLINARY OPTIONS

Class suspension

This option is provided to teachers as a means for handling minor classroom discipline problems. Teachers can suspend a student from class for a maximum of one period. This option should be used in conjunction with written and telephone notification to parents. Copies of mailed disciplinary referrals and confirmation of telephone contact should be given to the assistant principal for inclusion in the student's discipline file.

After school detention (ASD)

After school detention is an alternative school option that allows students to serve penalties without missing valuable class sessions. Students will be assigned to this disciplinary option by the building administration after lower level options have been exhausted. ASD will meet on Tuesdays and Thursdays from 3:20 p.m. to 5:20 p.m. Students will complete assigned class work provided by teachers. Students will be required to provide their own transportation home and they will be given 24 hours advance notice before serving ASD

Once students have served detention for six times, detention will no longer be used as a disciplinary option.

In-school suspension (ISS)

ISS is a full day assignment intended to isolate the student from the classroom and his/her peers. This option is intended to provide a supervised environment for students who need disciplinary action requiring a high level of supervision. Only administrators can assign students to this level of disciplinary action. Students will complete assigned class work provided by the teachers. All class work must be completed in ISS.

Out-of-school suspension (OSS)

OSS would be received for more serious disciplinary infractions and for those students who are regular offenders. This option will be used as a preliminary to expulsion.

Expulsion

Expulsion will be used when other options fail or when the infraction requires severe consequences. This option will also be used for frequent or repeated offenses.

Every case will be considered on an individual basis. Depending upon the seriousness, the administration may skip or reduce levels.

Major Offenses

Major Offenses will result in suspension from class (in or out of school) and may result in expulsion from school or other disciplinary action deemed appropriate by administration.

GAP Program

This program will utilize a variety of educational strategies as well as sources to measure academic success. The program will be in a self-contained classroom with a teacher in the classroom. Students get into the program with a recommendation from the Middle School principal.

Miami County Probation Miami County Sheriff's Department/School Resource Officer

Miami County Probation will visit Maconaquah Middle School on a regular basis. That officer is available to work with students who are on probation, speak to students who have a difficult time with discipline, speak with parents who have questions regarding the probation program, and to provide assistance with the administration in communicating with the school community about the total discipline program. The SRO will be available to provide assistance to school personnel, students, and parents on a daily basis.

AFTER SCHOOL DETENTION

After school detention will be held from 3:20 p.m. to 5:20 p.m. each Tuesday and Thursday during the school year. This is designed to provide disciplinary consequences for behavior and attendance problems. This program is part of our commitment to keeping students in the classroom where they can benefit from the expertise of the classroom teachers. P.L. 121-1989 (DRIVER'S LICENSE LAW)

I.C. 9-24-2-1, effective July 1, 1995, prohibits the Bureau of Motor Vehicles from issuing a driver's license or permit to a student under the age of 18 and:

1. is a habitual truant;
2. has had at least a second suspension from school for the school year;
3. has had an expulsion from school;
4. has withdrawn from school, for a reason other than financial hardship.

The Bureau of Motor Vehicles is also required to invalidate a student's license or permit for the same reasons.

A student whose license or permit has been denied or invalidated for the above reasons will be eligible for a license or permit or have a license or permit reevaluated upon the earliest of one of the following events:

1. the student turns 18;
2. the end of the semester in which the student is reinstated in school;
3. the suspension, expulsion, or exclusion is reversed after a hearing conducted under IC 20.8.1-5; or
4. the student re-enrolls in school.

The law requires school officials to report to the Bureau of Motor Vehicles:

1. that a student is eligible for a license or permit because the student has not been suspended (at least 2 times), expelled, or excluded; and
2. when a student has been suspended (at least 2 times), expelled, or excluded.

Furthermore, the Bureau of Motor Vehicles may not issue a driver's license or permit to a student who is:

1. at least 13 but less than 15;
2. a habitual truant; and
3. identified in a list submitted to the Bureau of Motor Vehicles; until the student turns 18.

This law amends the age a student may withdraw from school. Effective July 1, 1992, a student may withdraw from school when the student graduates, turns eighteen, or turns sixteen and has an exit conference between the student, the parent, and the principal. For the purpose of implementing this law, a suspension shall be defined as an out-of-school suspension of any kind or for any reason.

The grounds for suspension or expulsion listed above apply when a student is:

- a. On school grounds immediately before, during, and immediately after school hours and at any other time when the school is being used by a group;
- b. Off school grounds at a school activity, function, or event; or
- c. Traveling to or from school or a school activity, function, or event.

POLICY ADOPTED BY OFFICIAL BOARD ACTION: March 2, 1993

SUBSTANCE ABUSE POLICY

PHILOSOPHY

Maconaquah Middle School has a responsibility to protect the health and safety of all students by making every effort to ensure a drug free environment where learning can take place. The school has a "DRUG FREE" zone that extends 1000 feet beyond the school boundaries as well as to any school activity and transportation. This means that any activity-sale, distribution, or use of drugs, alcohol, fake drugs, steroids, inhalants, or look-alike drugs or devices is prohibited. If caught, the student could be suspended or expelled and law enforcement officials may be contacted. Further, school officials expect and encourage parental involvement along with other segments of the community that have a role in helping students remain drug free.

ALCOHOL AND OTHER DRUG POLICY PARAMETERS

1. The policy must be equally applied to every student regardless of circumstances. Students typically will respond positively to a policy that is fair and consistently enforced.

The proper use of a drug authorized by a medical prescription from a physician is not a violation of this subdivision.
3. Reasonable suspicion that one will find evidence of a violation of law or school rule is cause for school officials to use appropriate measures as provided by law, including but not limited to, calling the police, searching student lockers, searching the person and personal possessions of the student, detaining the student, etc.
4. This includes: (1) on school grounds during and immediately before and after school hours; (2) on school grounds at any other time when the school is being used by any school approved group; (3) off school grounds at any school sponsored activity, function, or event.

HOMEWORK INFORMATION

General Statement

Good schools must be representative of the entire community. Because parents, teachers, and administrators should be partners in the education of students, their cooperative efforts in assigning and monitoring homework can provide an excellent opportunity to strengthen this educational partnership. This premise serves as the basis for the homework policy of the Maconaquah School Corporation.

Definition of Homework

Homework is an out-of-school assignment that contributes to the educational process of the student. It is an extension of classroom work and should be related to the objectives of the curriculum being studied. Homework should include such things as additional practice exercises, reading of material on a specified subject, in-depth extension of classroom activities, or independent project work related to the subject. But above all, homework should give teachers, parents, and students responsibilities that must be met before assignments can be considered as an extension of classroom instruction.

Purposes of homework are as follows:

1. Homework should review, reinforce, or extend classroom learning by providing practice and application of knowledge gained.

2. Homework should teach students responsibility and organizational skills.
3. Homework should promote wise and orderly use of time.
4. Homework should encourage a carry-over of worthwhile school activities into permanent career and leisure interests.
5. Homework should provide opportunities for broad enrichment activities.

Homework and the Role of the Teacher

The teacher decides what, when, and to whom homework will be assigned. The student must be informed of methods, procedures, and techniques used by the teacher to obtain planned instructional outcomes.

The teacher should, at the beginning of the year, inform parents and students about the amount of homework to be expected and the length of time allowed for its completion. All classroom teachers (K-12) should assign some homework. The amount and complexity of outside assignments should begin with very simple hands on experiences at the kindergarten level and progress in complexity and time required for completion as the curriculum requirements increase at each grade level. The following guidelines are suggested to assist the teacher in planning homework assignments:

1. Homework should be an integral part of the classroom activities. It should never be "busy work" or construed as punishment, and it should not be assigned for disciplinary reasons.
2. Homework should include only those activities that a child can carry on outside of the school and that have a direct application to classroom studies.
3. Homework assignments should be specific, and students should know what is expected of them. Unfamiliar or unexplained homework assignments will only cause confusion and frustration for the student and the parents.
4. Since all homework should be evaluated by the teacher and the results shared with the students, the teacher should develop a clearly understood procedure for evaluating assignments.
5. Teachers in a departmentalized situation should be aware of their colleagues' assignment practices so that students are not overburdened with homework.
6. The teacher should notify parents if a student consistently fails to do homework assignments.

The Role of the Principal

The building principal is the instructional leader of the school. This role dictates that he/she ensures that the staff complies with the policy, that there is coordination of the amounts and schedule for assignments among teachers, and that a reasonable use of homework is encouraged. The following guidelines are suggested to assist the principal:

1. Communicate the philosophy and purpose of the policy to teachers, parents, students, and the community.
2. Coordinate homework guidelines within the departments and among teachers.
3. Reinforce the concept that homework should be for the benefit of the student.
4. Serve as a liaison between the parents and teachers concerning homework policy problems.
5. Evaluate and revise the homework policy as needed.

The Role of the Parent

Cooperation by parents is a necessary factor in meaningful homework experiences. Parents can encourage their children by showing interest and exhibiting helpful attitudes toward homework. These guidelines are suggested to help parents:

1. Provide a quiet, well-lighted place for their son or daughter to study.
2. Establish a regular "Homework time" in the home.
3. Encourage and support their child's efforts. Be available for questions, but remember that homework is the child's responsibility, not the parent's.
4. Communicate with the teacher whenever their child has consistent difficulty with homework assignments.
5. Evaluate the time spent on homework to determine if students are receiving adequate time for leisure and social development. Parents and students should inform appropriate school personnel if adequate time for this development is not occurring.

The Role of the Student

It is the responsibility of the student to do the following:

1. Before leaving class, clarify with the teacher any questions pertaining to the instructions-its purpose, when it is due, and how it should be done.
2. Take home any materials and information needed to complete the assignment.
3. Take advantage of study time provided during the school day. Long term assignments should be planned so they do not have to be done all at once.
4. Organize time so assignments can be completed in a reasonable length of time.

5. Check completed assignments carefully.
6. Return all work completed to the teacher by the date requested.
7. Make up work missed during an illness or excused absence.

Summary

1. All students should expect to do some homework. The amount and degree of difficulty can be expected to increase as the student progresses up the educational ladder.
2. Home is an extension of classroom work and should be closely related to the objectives being studied.
3. Homework should not be viewed as a testing process, but work must be checked and evaluated. The effort put forth by the student needs to be recognized and comments made about the finished work. The student should be made aware of the merits and/or faults of his/her efforts, and a portion of the student's grade should be reflected by the quality of the homework completed.
4. Parents must play an integral part in the overall program so that cooperation and awareness can exist between parents and the school.
5. It is the responsibility of the school to disseminate the information contained in this policy to parents.
6. E-learning Days-A student of Maconaquah Middle School is expected to complete all learning activities and turn them in to the teacher on or before the advertised due date.

E LEARNING DAYS

E Learning Days will be:

1. Regularly scheduled days during the school year where students use their computers at home to get instruction and learn material and information from the teacher, who will be at an alternative site.
2. Days of instruction on days where student attendance is impacted by weather or similar events. Students will receive instruction at home on their computers as in the regularly scheduled E Learning Days.

Students will be expected to check in with all teachers, listen to all instruction, complete all assigned activities, and turn them in as directed by the teacher in the timeline expected by the teacher.

It will also be the expectation of the school that the student contact the teacher if there are academic questions or the technology center if there are technology questions or concerns. The Technology Center may be contacted at 765/689-9131 extension 5999 from 9:00a.m to 3:00 p.m.. Incomplete assignments will be reflected in the student's grade on that assignment.

ASBESTOS

Each school has an Asbestos Management plan available for people to examine. Also, the superintendent's office has copies of each school's management plan. It is our opinion that the occupants of our buildings are in no danger of breathing asbestos containing materials. Our buildings do contain some materials which have at least one percent asbestos. However, all asbestos containing materials which could become friable have been removed, encapsulated, repaired, or enclosed so that it is not accessible to our building occupants.

During the past school year and continuing into the 2008 – 2009 school year the following asbestos management plan activities have been or are currently being completed. These activities are pursuant to the Environmental Protection Agency 40 CFR Part 763 – Asbestos Containing Materials in Schools; Final Rule and Notice.

Semi Annual Periodic Surveillance at the Middle School, High School and Administration Building.

No asbestos is present at Maconaquah Elementary School or Pipe Creek Elementary School. No periodic surveillance is required of those buildings.

For the 2012 – 2013 school year the Corporation has no response actions planned.

The Asbestos Management Plan for Maconaquah School Corporation can be found at the Administration Building and each of the schools. The Management Plan can be viewed during normal school hours.

Any questions regarding this notice or an explanation of our Management Plan should be directed to Dr. James Callane 689-9131 ext 1050.
