

GUIDELINES TO DETERMINE IF YOUR CHILD IS TOO SICK TO ATTEND SCHOOL

When your child is not feeling well, deciding whether or not to send them to school can be difficult. Here are some guidelines to help you make an informed decision. In most cases, if your child has any of the following symptoms, he/she should not come to school:

- ✦ **Temperature 100 degrees or higher** - Must be fever free (without fever reducer medications) for 24 hours before returning to school.
- ✦ **Vomiting or diarrhea**
- ✦ **Thick mucus or draining from the eye or pink eye**
- ✦ **Unknown rashes or skin lesions**

If your child has any of the symptoms listed, please do not send them to school just for the nurse to examine and send home. Thank you so much for partnering in your child's wellness.
