

SUMMER MEALS PROGRAM

Not ALL children are looking forward to the school year being finished. Despite not having to cram for tests, do homework and the ability to sleep late in the morning, summertime also opens up a severe problem to hungry children. LACK OF FOOD. Summer lunches will be provided to help those children receive a nutritious meal when school is not in session.

What food is served?

Similar to the National School Lunch and School Breakfast Programs, the Summer Meals Programs must meet federal nutrition guidelines. A nutritious meal composed of fruits/vegetables, grains, protein, and milk is served.

What is the cost?

It is FREE for all children 18 and younger.

What do you need to register?

NOTHING! Children do not need to be registered for any programs to receive a summer meal. All children and teens 18 & younger are welcome. There is absolutely no cost and there is no ID, paperwork, or registration required.
