Prince George County Public Schools Student Registration

Prince George County Public Schools will open for the 2020-21 school year on September 8, 2020. Parents/guardians are encouraged to call and schedule an appointment this summer at the school the child will be attending. Please access the district website at http://pgs.k12.va.us and go to the icon: **Schools** for the address and phone information of each school.

Registration for each student will take approximately 1 to 1.5 hours depending upon completion and review of documents.

Appointments are limited and fill very quickly; we encourage you to call early to schedule an appointment.

If your child receives special services (IEP, 504, and/or health plan, etc.), please bring a copy of the paperwork with you to your registration appointment.

The school district will not schedule any student registrations on August 31, or September 1, 2, 3, 4 or September 8, 2020. Instead, student registrations will resume by appointment only beginning September 9, 2020.

Thank you!

Lisa Pennycuff Ed.D.
Superintendent
