VI. DISCUSSION ITEM [added to the agenda]

1. Student Request for Military Recognition

Mr. Foster indicated that the Board had received an email request concerning the rule that only Prince George High School-issued honors sashes are authorized to be worn during graduation activities. Mr. Cox acknowledged the strong military presence in our schools and community. The school division offers the JROTC program and we educate students from Fort Lee Army base. Mr. Foster spoke about having guidelines on what students wear for graduation but where do we stop on student achievement? He invited the Turcotte family to the meeting to speak about their request for their son to wear his military-issued sash from the U.S. Coast Guard for graduation activities.
Karolyn Turcotte opened by thanking the Board for allowing her to speak on this issue and showed the Board the military sash from the U.S. Coast Guard. She did not want to restate the conversations she had had with Mr. Nelson or content of her email to the Board. However, she wanted the Board to know there is a huge difference in someone entering into college vs. committing to a U.S. branch of the military. Military culture is completely different than college life. She spoke of her family members who have been in the military for many generations and her son following in their footsteps. She spoke of the honor, commitment and sacrifices one must make to enlist in the military. People who enlist in one of the U.S. military branches are putting their lives on the line of duty and they know this when they commit themselves to the military. The family respectfully requests an amendment be made to allow military-issued sashes be worn around the neck of the graduation gown as it represents the core values of our country and would allow for a demonstration of the strong bond and link with our military community. She asked the Board to take control of this situation and allow this change.

VII. ACTION ITEMS

A. Military Recognition During Graduation Activities [added to the agenda]

Mr. Cox made a motion to approve students wearing military-issued sashes for military branches only during graduation activities. Mr. Stevenson seconded the motion.

VOTE: Aye: Unanimous

B. Budget Work Session

The Board of Supervisors approved the 2017-18 budget and fully funded the MOU with $350,000 for CSA funds, but it did not include the $350,000 the School Board requested in the General Fund. Therefore, the General Fund is less this amount and the board needs to re-appropriate funds to reduce the General Fund by $350,000. Ms. Hicks presented the Board with proposed expenditure changes for personnel and non-personnel categories by reducing the part-time guidance counselors to $6,000 (12 hours per week for 20 weeks = $49,556 savings), reduction in the RHCC for non-professional staff ($15,953 savings); retirement savings ($164,491 savings); and instructional reserve ($100,000). Staff has worked hard to make the $350,000 reduction. The instructional reserve is a contingency fund used for unexpected expenses throughout the year.

The $6,387,731.00 budget includes the addition of a psychologist, social worker, special education personnel, and one reading interventionist. There was discussion on the number of reading interventionists at the elementary schools and that two more reading interventionists needed to be added to Walton and Beazley respectively. Dr. Pennycuff stated there was a greater need for a reading interventionist at N.B. Clements Junior High School based on data and means of student achievement.
The Board discussed other scenarios on how to increase the budget to include the two reading interventionists. They discussed cutting non-personnel items which are already at bare minimum, take money from the instructional reserve or ask the county for carryover money. Mr. Cox stated we have to put teachers in front of the students. “The county is growing, we educate and that is our business. We have to do what is best for the students and teachers.”

To help him understand the need for a reading interventionist at Clements, Mr. Stevenson wants staff to provide him with data on Clements’ students on how many have been enrolled in the division since kindergarten, if they are community or transient students, when did transient students come here, etc.

It was recommended to take money from the instructional reserve fund to add two reading interventionist at Walton and Beazley Elementary Schools and have staff analyze the needs for a reading interventionist for placement at Clements Junior High School.

Mr. Cox made a motion to take $128,000 from the instructional reserve fund and add two reading interventionists to Beazley and Walton and have staff analyze and allocate an additional $75,000 for a reading interventionist at Clements Junior High School and request carryover funds to replenish the instructional reserve fund. Mr. Stevenson seconded the motion.

VOTE: Ayes: Cox, Franklin, Stevenson
Nays: Ashcraft, Foster

By a 3:2 vote the motion was approved.
