

PURCHASING REGULATION

NOTE: Boards should see that this information is provided to and carefully reviewed by Superintendents, School Business Officials, Purchasing Agent, and all personnel involved in purchasing in the district. Changes have been underlined below. Please note, though that NYSSBA has eliminated some provisions from the earlier version of the regulation that were redundant.

The following sets forth the procedures for the procurement of goods and services by the district:

I. Definitions

Purchase Contract: a contract involving the acquisition of commodities, materials, supplies or equipment

Public Work Contract: a contract involving services, labor or construction

II. General Municipal Law

The General Municipal Law requires that purchase contracts for materials, equipment and supplies involving an estimated annual expenditure exceeding \$10,000 and public work contracts involving an expenditure of more than \$35,000 will be awarded only after responsible bids have been received in response to a public advertisement soliciting formal bids. Similar procurements to be made in a fiscal year will be grouped together for the purpose of determining whether a particular item must be bid.

III. Competitive Bidding Required

A. Method of Determining Whether Procurement is Subject to Competitive Bidding

1. The district will first determine if the proposed procurement is a purchase contract or a contract for public work.
2. If the procurement is either a purchase contract or a contract for public work, the district will then determine whether the amount of the procurement is above the applicable monetary threshold as set forth above.
3. The district will also determine whether any exceptions to the competitive bidding requirements (as set forth below) exist.

B. Contract Combining Professional Services and Purchase

In the event that a contract combines the provision of professional services and a purchase, the district, in determining the appropriate monetary threshold criteria to apply to the contract, will determine whether the professional service or the purchase is the predominant part of the transaction.

C. Opening and Recording Bids; Awarding Contracts

The Purchasing Agent will be authorized to open and record bids. Contracts will be awarded to the lowest responsible bidder (as recommended by the Purchasing Agent), who has furnished the required security after responding to an advertisement for sealed bids.

D. Documentation of Competitive Bids

The district will maintain proper written documentation which will set forth the method in which it determined whether the procurement is a purchase or a public work contract. Proper written documentation will also be required when a contract is not awarded to the vendor submitting the lowest quote, setting forth the reasons therefore. A quote which exceeds the bid limit will be awarded only when such award is in the best interests of the district and otherwise furthers the purposes of section 104-b of the General Municipal Law. The district will provide justification and documentation of any such contract awarded.

E. Purchase of Instructional Materials

In accordance with Education Law the district shall give a preference in the purchase of instructional materials to vendors who agree to provide materials in alternative formats (i.e., any medium or format for the presentation of instructional materials, other than a traditional print textbook, that is needed as a accommodation for a disabled student enrolled in the district, including but not limited to Braille, large print, open and closed captioned, audio or an electronic file in an approved format.)

The district will establish and follow a plan to ensure that every student with a disability who needs his or her instructional materials in an alternative format will receive those materials at the same time that they are available to non-disabled students.

F. Leases of Personal Property

In addition to the above-mentioned competitive bidding requirements, section 1725 of the Education Law requires that the district will be subject to competitive bidding requirements for purchase contracts when it enters into a lease of personal property. Documentation The district will maintain written documentation such as quotes, cost-benefit analysis of leasing versus purchasing, etc.

G. Environmentally-Sensitive Cleaning and Maintenance Products

The district will purchase and utilize environmentally sensitive cleaning and maintenance products whenever feasible. The purchasing agent will consult with the Green Guidelines provided by the Office of General Services.

Any legal issues regarding the applicability of competitive bidding requirements will be presented to the school attorney for review.

IV Exceptions to Competitive Bidding Requirements

The district will not be subject to competitive bidding requirements when the Board of Education, in its discretion, determines that one of the following situations exists:

1. emergency situations where:
 - a. the situation arises out of an accident or unforeseen occurrence or condition;
 - b. a district building, property, or the life, health, or safety of an individual on district property is affected; or
 - c. the situation requires immediate action which cannot await competitive bidding.

However, when the Board passes a resolution that an emergency situation exists, the district will make purchases at the lowest possible costs, seeking competition by informal solicitation of quotes or otherwise, to the extent practicable under the circumstances.
