

STUDENT RECORDS: ACCESS AND CHALLENGE

The District shall comply with the provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA). Under its provisions, parents/guardians and noncustodial parent(s), whose rights are not limited by court order or formal agreement, of a student under eighteen (18), or a student who is eighteen (18) years of age or older or who is attending an institution of post-secondary education, have a right to inspect and review any and all education records maintained by the District.

Education Records

The term "education records" is defined as all records, files, documents and other materials containing information directly related to a student; and maintained by the education agency or institution, or by a person acting for such agency or institution, subject to certain exceptions (34 Code of Federal Regulations (CFR) Section 99.3). This includes all records regardless of medium, including, but not limited to, handwriting, videotape or audiotape, electronic or computer files, film, print, microfilm, and microfiche.

In addition, for students who attend the District's schools, all records pertaining to services provided under the Individuals with Disabilities Education Act (IDEA) are considered "education records" under FERPA, subject to certain exceptions. As such, they are subject to the confidentiality provisions of both Acts.

Access to Student Records

Under FERPA, unless otherwise exempted in accordance with law and regulation, the District may release personally identifiable information (PII) contained in student education records only if it has received a "signed and dated written consent" from a parent or eligible student. Signed and dated written consent may include a record and signature in electronic form provided that such signature:

- a) Identifies and authenticates a particular person as the source of the electronic consent; and
- b) Indicates such person's approval of the information contained in the electronic consent.

Exceptions

Without the consent of a parent or eligible student, the District may release a student's information or records when it is:

- a) Directory Information and Limited Directory Information
Directory information is information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. The District shall limit disclosure of its designated directory information as otherwise specified in its public notice to parents of students in attendance and eligible students in attendance.
- b) To School Officials who have a Legitimate Educational Interest
- c) To Another Educational Institution
- d) For Health and Safety Emergency Reasons
- e) To Juvenile Justice Systems
- f) To Foster Care Agencies
- g) Pursuant to a Subpoena or Court Order
- h) For Financial Aid Purposes

- i) To Accrediting Organizations
- j) To Parents of a Dependent Student
- k) For Audit/Evaluation Purposes
- l) For Conducting Studies

Required Agreements for the Studies or Audit/Evaluation Exceptions

To the extent required by law, the District shall enter into a written agreement with organizations conducting studies for the District, or, with its designated authorized representatives in connection with audits or evaluations of education programs within the District. In the event that the District discloses PII from education records to its own designated authorized representative in connection with an audit or evaluation of an educational program within the District, it shall use reasonable methods to ensure to the greatest extent practicable that its designated authorized representative complies with FERPA and its regulations.

State Exception for Student Teacher Videotaped Instruction

Although not specifically listed in the enumerated exceptions to FERPA, New York State Regulations specify that schools are required to allow student teachers to videotape themselves providing instruction in a classroom to meet the instruction component for teaching certification. The video must remain confidential and is not subject to viewing or disclosure to an individual or entity other than the student teacher applicant and personnel engaged in the determination of that student teacher's certification.

Challenge to Student Records

Parents/guardians of a student under the age of eighteen (18), or a student who is eighteen (18) years of age or older or who is attending an institution of post-secondary education, shall have an opportunity for a hearing to challenge the content of the school records, to ensure that the records are not inaccurate, misleading, or otherwise in violation of the privacy of students, and to provide an opportunity for the correction or deletion of any such inaccurate, misleading, or otherwise inappropriate data contained therein.

Release of Information to the Noncustodial Parent

The District may presume that the noncustodial parent has the authority to request information concerning his/her child and release such information upon request. If the custodial parent wishes to limit the noncustodial parent's access to the records, it would be his/her responsibility to obtain and present to the school a legally binding instrument that prevents the release of said information.
