

NAMING OF SCHOOL DISTRICT FACILITIES, MEMORIALS AND SERVICE RECOGNITION

The Mahopac Board of Education will not entertain requests for naming or renaming of school district buildings in honor of individuals, living or deceased.

In place of such recognitions, the Board of Education will designate areas on school district property for the purposes of memorials and service recognition in accordance with this policy.

Memorials

In order to provide an equitable method for honoring the memory of a student or employee who is active at their time of death, one or more memorial areas shall be designated on school district property to prominently display individual names.

Requests for inclusion to the memorial area may be made in writing to the Board of Education. The Board shall have broad and sole discretion to consider any criteria they deem appropriate and may establish more detailed procedures than those which are set forth herein. The Board of Education will have the final decision in the approval of the individuals to be honored and the manner and format by which the names will be displayed.

Service Recognition

In an effort to acknowledge and honor outstanding volunteer service to the school district, the Board of Education shall designate one or more areas to display the names of individuals who have exhibited exemplary commitment and dedication in support of the school community over a sustained period of time.

Requests for including individuals in this display may be made in writing to the Board of Education.

The board shall have broad and sole discretion to consider any criteria they deem appropriate and may establish more detailed procedures than those which are set forth herein. The Board of Education will have the final decision in approving the individuals to be honored and the manner and format by which the names will be displayed.
