

Infinite Campus Portal

Navigating for Schedule, Assignments and Grades

If you have more than one student in the District, you must first select the student.

From the Portal Index to your left side select "Schedule".

The Course Schedule lists the student's classes in each period and term, along with the time and location the class meets. If a school uses a rotating day or alternating day schedule, the day the class meets will be listed. Parents can use this tool to find out the classes the student is taking along with the teacher's name and room number.

- Clicking the teacher's name with an Email icon (✉) next to it will generate an email in the user's referred email program.
- Clicking the Name of a course when a grade book icon (📖) appears next to it will send the user to the Grade book for that course, which may include assignments, grades or a link to the teacher web page.
