IF I WISH TO CHANGE THE DOCTOR INDICATED ABOVE, IT IS MY RESPONSIBILITY TO NOTIFY THE SCHOOL NURSE OF THIS CHANGE.

I GIVE PERMISSION FOR HEALTH INFORMATION TO BE SHARED WITH SCHOOL PERSONNEL.

EMERGENCY MEDICAL CARE CONSENT

In the event of an accident, sudden illness, or other cause which, in the judgment of the school nurse or other person in charge, requires advice or treatment beyond general aid, I give permission for an ambulance to be called to transport my child to the nearest hospital. Furthermore, I give permission to the hospital to treat my child. I understand that every effort will be made to contact me if the above circumstances should occur. I recognize that when the school calls for assistance in this way, it is acting on my behalf, and that any medical care that my youngster receives is the financial obligation of myself and not the school.

_____ _____
Parent/Guardian Signature Date

Note: As a procedure the school will ask parents to keep their child(ren) home from school if they show any sign of significant infection. If your child has had a fever (100 F. or above) he/she should not return to school until his/her temperature has been normal for at least 24 hours. Please have any body rash or eye inflammation checked by your doctor to determine whether or not it is contagious.

If a child requires any medication during school hours, the medication should be brought to the School Nurse by the parent or a responsible adult. It must be in the original prescription bottle with a permission form completed by the parent and doctor and signed by the parent/guardian. Students are not to bring medication (including over the counter medications such as Tylenol) with them.

Pupil Personnel Services

Anthony DiCarlo
Superintendent of Schools

Dear Parents/Guardians:

Welcome to the Mahopac Central School District. Parents/Guardians and the school district enter into an important partnership to ensure that every student in our schools acquire the skills, knowledge, attitudes and interpersonal skills that will permit him or her to operate effectively in the broader community and lead a successful productive life in a changing world. This is critically important when a child has an educational disability. Therefore, please know the Pupil Personnel Department is here to support you if your child has or is suspected of having an educational disability.

Below is the contact information for the special education administrators at each level and a link to the New York State Education Department's *"A Parent's Guide to Special Education"* in both English and Spanish. The parent guide provides an overview of a parent's rights regarding referral and evaluation of their child for the purposes of special education services or programs upon a student's enrollment in public school.

Revised 04/04/18

MAHOPAC CENTRAL SCHOOL DISTRICT
OFFICE OF CENTRAL REGISTRATION

Verification of Residency & Custody
Parent/Guardian Information Sheet

INTRODUCTION

As part of the process of registering a child in the Mahopac School District, you are being asked to provide information that will allow the district to verify that this child is legally entitled to an education in Mahopac. The education of each child in our schools is a responsibility we take seriously. Each one requires space, staff time and supplies that are expenses borne by the district. We hope that you will understand the obligation we have to our taxpayers to be sure that we are enrolling only those children who have a right to that education.

Parents/guardians are responsible for tuition payment if the parents' PRIMARY residence in not within the Mahopac Central School District. If you move from the Mahopac Central School District and do not withdraw your children in accordance with district policy, you will also be responsible for tuition.

NOTE: Education Law (Section 3202.1) states that the residence of the *parent* is the official residence of the *student.*

PRIMARY LEGAL RESIDENCE

You will be required to present proof that you do reside within the Mahopac School District, as follows:

Section A (*one item requested*):

- Proof of Ownership of a House or Condominium, such as a copy of Deed or Mortgage Statement
- Copy of Residential Lease/Rental Agreement
- A sworn or unsworn statement by a third-party landlord, owner or tenant from whom the parent leases or shares property within the District establishing physical presence *
- Other forms of documentation/information to establish physical presence such as current property tax bill, current homeowner's/renter's insurance policy (also see Section B)

Section B (*two items requested*):

- Paystub
- Income Tax Forms
- Utility or other bills
- Member documents based upon residency (e.g., library card)
- Voter Registration documents
- Official driver's license, learner's permit or non-driver ID
- State or other government issued identification
- Documents issued by Federal, State or Local agencies (e.g. Local Social Service Agency, Federal Office of Refugee Resettlement
- Evidence of custody of the child
- Other forms of documentation/information establishing physical presence in the District

***The *Landlord Affidavit and Residency Affidavit are* available on our website or upon request from the Office of Central Registration.**

CARE, CUSTODY AND CONTROL

Under New York State law, a child is entitled to attend school in the district which he/she resides. Usually this will be with the parent(s) of the child. At times, however, the child is living with someone other than the parent. The child is then considered to reside with the person who has Care, Custody and Control.

If you are registering your own child and that child lives with you, it is assumed that as a parent you have care, custody and control. If this is not the case, you will be asked for further information at registration.

THIS FORM MUST BE STAMPED BY PROVIDER: Dentist's Signature _____

THIS PHYSICAL EXAMINATION/DENTAL HEALTH FORM MUST BE COMPLETED AND RETURNED TO THE SCHOOL NURSE WITHIN 30 DAYS OF BEGINNING SCHOOL. IF YOUR CHILD HAS A SCHEDULED APPOINTMENT PLEASE MAKE THE SCHOOL NURSE AWARE OF THE APPOINTMENT DATE. The school physician will examine all students in the above mentioned grades for whom we do not have a record of exam by the family physician.

(OVER)

This exam complies with NYSED requirements above and is valid for twelve months, with the exception of any illness or injury lasting more than five days that will require review by private healthcare provider. *Rev. 11/09*

The N.Y.S. Education Law requires physical examinations for every student upon entrance to the district, kindergarten, and in the second, fourth, seventh, and tenth grades. This requirement can be best met by your family physician since he/she is the one most informed about your child's health. Such examination shall be acceptable if it is administered not more than twelve months prior to the start of the school year in which the examination is required. If your child has had a routine examination by your family physician, please ask the physician to complete this form.

The dental health part of the form may be detached and returned to the school nurse after completion by your family dentist.

THE PHYSICAL EXAMINATION FORM MUST BE COMPLETED AND RETURNED TO THE SCHOOL NURSE AS SOON AS POSSIBLE. IF YOUR CHILD HAS A SCHEDULED APPOINTMENT PLEASE MAKE THE SCHOOL NURSE AWARE OF THE APPOINTMENT DATE. The school physician will examine all pupils in the above mentioned grades for whom we do not have a record of exam by the family physician.

NOTE: As a procedure the school will ask parents to keep their child home from school if the child shows any sign of significant infection. If your child has had a fever (100F or above) he/she should not return to school until the temperature has been normal for 24 hours.

Please have any body rash or eye inflammation checked by your doctor to determine whether or not it is contagious.

If a child requires any medication during school hours, the medication should be **brought to the school nurse in the original prescription bottle with a permission form completed by the parent and doctor.** Students are not to carry any medication (including Tylenol) with them.

The Nurse will administer a hearing screening to all new school entrants and to all K, 1, 3, 5, 7 and 10th graders. A near vision screening and color perception vision screening is administered to all Kindergarten students. A distance vision screening is administered to all new school entrants, K, 1, 2, 3, 5, 7, and 10th graders. Scoliosis screening is mandated for students in grades 5, 6, 7, 8 and 9 who have not been checked by their private physician.

2017-18 School Year
New York State Immunization Requirements for School Entrance/Attendance[1]

NOTES:
Children in a prekindergarten setting should be age-appropriately immunized. The number of doses depends on the schedule recommended by the Advisory Committee on Immunization Practices (ACIP). For grades Pre-k through 9, intervals between doses of vaccine should be in accordance with the ACIP-recommended immunization schedule for persons 0 through 18 years of age. (Exception: intervals between doses of polio vaccine DO NOT need to be reviewed for grades 4, 5, 10, 11 and 12.) Doses received before the minimum age or intervals are not valid and do not count toward the number of doses listed below. Intervals between doses of vaccine DO NOT need to be reviewed for grades 10 through 12. See footnotes for specific information for each vaccine. Children who are enrolling in grade-less classes should meet the immunization requirements of the grades for which they are age equivalent.

Dose requirements MUST be read with the footnotes of this schedule.

Vaccines	Prekindergarten (Day Care, Head Start, Nursery or Pre-k)	Kindergarten and Grades 1, 2 and 3	Grades 4 and 5	Grades 6, 7, 8 and 9	Grades 10, 11 and 12
Diphtheria and Tetanus toxoid-containing vaccine and Pertussis vaccine (DTaP/DTP/Tdap/Td)[2]	**4 doses**	**5 doses or 4 doses** if the 4th dose was received at 4 years or older or **3 doses** if 7 years or older and the series was started at 1 year or older		**3 doses**	
Tetanus and Diphtheria toxoid-containing vaccine and Pertussis vaccine booster (Tdap)[3]		**Not applicable**		**1 dose**	
Polio vaccine (IPV/OPV)[4]	**3 doses**	**4 doses or 3 doses** if the 3rd dose was received at 4 years or older	**3 doses**	**4 doses or 3 doses** if the 3rd dose was received at 4 years or older	**3 doses**
Measles, Mumps and Rubella vaccine (MMR)[5]	**1 dose**	**2 doses**			
Hepatitis B vaccine[6]	**3 doses**	**3 doses or 2 doses** of adult hepatitis B vaccine (Recombivax) for children who received the doses at least 4 months apart between the ages of 11 through 15 years			
Varicella (Chickenpox) vaccine[7]	**1 dose**	**2 doses**	**1 dose**	**2 doses**	**1 dose**
Meningococcal conjugate vaccine (MenACWY)[8]		**Not applicable**		**Grades 7 and 8: 1 dose**	**Grade 12: 2 doses or 1 dose** if the dose was received at 16 years or older
Haemophilus influenzae type b conjugate vaccine (Hib)[9]	**1 to 4 doses**	**Not applicable**			
Pneumococcal Conjugate vaccine (PCV)[10]	**1 to 4 doses**	**Not applicable**			

NEW YORK STATE | Department of Health

1. Demonstrated serologic evidence of measles, mumps, rubella, hepatitis B, varicella or polio (for all three serotypes) antibodies is acceptable proof of immunity to these diseases. Diagnosis by a physician, physician assistant or nurse practitioner that a child has had varicella disease is acceptable proof of immunity to varicella.

2. Diphtheria and tetanus toxoids and acellular pertussis (DTaP) vaccine (Minimum age: 6 weeks)
   a. Children starting the series on time should receive a 5-dose series of DTaP vaccine at ages 2 months, 4 months, 6 months and at 15 through 18 months and at 4 years of age or older. The fourth dose may be received as early as age 12 months, provided at least 6 months have elapsed since the third dose. However, the fourth dose of DTaP need not be repeated if it was administered at least 4 months after the third dose of DTaP. The final dose in the series must be received on or after the fourth birthday.
   b. If the fourth dose of DTaP was administered at age 4 years or older, the fifth (booster) dose of DTaP vaccine is not required.
   c. For children born before 1/1/2005, only immunity to diphtheria is required and doses of DT and Td can meet this requirement.
   d. Children ages 7 through 10 years who are not fully immunized with the childhood DTaP vaccine series should receive Tdap vaccine as the first dose in the catch-up series; if additional doses are needed, use Td vaccine. A Tdap vaccine (or incorrectly administered DTaP vaccine) received at 7 years or age or older will meet the 6th grade Tdap requirement.
   e. For children 7 years of age or older who received the first dose on or after their first birthday, the immunization requirement is 3 doses. If the first dose was received before their first birthday, then 4 doses are required.

3. Tetanus and diphtheria toxoids and acellular pertussis (Tdap) vaccine. (Minimum age: 7 years)
   a. Students 11 years of age or older entering grades 6 through 12 are required to have one dose of Tdap. A dose received at 7 years of age or older will meet this requirement.
   b. Students who are 10 years old in grade 6 and who have not yet received a Tdap vaccine are in compliance until they turn 11 years of age.

4. Poliovirus vaccine (IPV/OPV) (Minimum age: 6 weeks)
   a. Children starting the series on time should receive a series of IPV at ages 2 months, 4 months and at 6 through 18 months, and 4 years of age or older. The final dose in the series must be received on or after the fourth birthday and at least 6 months after the previous dose.
   b. For students who received their fourth dose before age 4 and prior to August 7, 2010, 4 doses separated by at least 4 weeks is sufficient.
   c. If the third dose of polio vaccine was received at age 4 years or older and at least 6 months after the previous dose, the fourth dose of polio vaccine is not required.

5. Measles, mumps, and rubella (MMR) vaccine. (Minimum age: 12 months)
   a. The first dose of MMR vaccine must have been received on or after the first birthday. The second dose must have been received at least 28 days (4 weeks) after the first dose to be considered valid.
   b. Measles: One dose is required for prekindergarten. Two doses are required for grades kindergarten through 12.
   c. Mumps: One dose is required for prekindergarten and grades 9 through 12. Two doses are required for grades kindergarten through 8.
   d. Rubella: At least one dose is required for all grades (prekindergarten through 12).

6. Hepatitis B vaccine
   a. Dose 1 may be given at birth or anytime thereafter. Dose 2 must be given at least 4 weeks (28 days) after dose 1. Dose 3 must be at least 8 weeks after dose 2 AND at least 16 weeks after dose 1 AND no earlier than 24 weeks of age.
   b. Two doses of adult hepatitis B vaccine (Recombivax) received at least 4 months apart at age 11 through 15 years will meet the requirement.

7. Varicella (chickenpox) vaccine. (Minimum age: 12 months)
   a. The first dose of varicella vaccine must have been received on or after the first birthday. The second dose must have been received at least 28 days (4 weeks) after the first dose to be considered valid.
   b. For children aged less than 13 years, the recommended minimum interval between doses is 3 months (if the second dose was administered at least 4 weeks after the first dose, it can be accepted as valid); for persons aged 13 years and older, the minimum interval between doses is 4 weeks.

8. Meningococcal conjugate vaccine (MenACWY). (Minimum age: 6 weeks)
   a. One dose of meningococcal conjugate vaccine (Menactra or Menevo) is required for students entering grade 7.
   b. For students in grade 12, if the first dose of meningococcal conjugate vaccine was received at age 16 years or older, the second (booster) dose is not required.

9. Haemophilus influenzae type b (Hib) conjugate vaccine. (Minimum age: 6 weeks)
   a. Children starting the series on time should receive Hib vaccine at 2 months, 4 months, 6 months and at 12 through 15 months. Children older than 15 months must get caught up according to the ACIP catch-up schedule. The final dose must be received on or after 12 months of age.
   b. If 2 doses of vaccine were received before 12 months of age, only 3 doses are required with dose 3 at 12 through 15 months of age and at least 8 weeks after dose 2.
   c. If dose 1 was received at ages 12 through 14 months of age, only 2 doses are required with dose 2 at least 8 weeks after dose 1.
   d. If dose 1 was received at 15 months of age or older, only 1 dose is required.
   e. Hib vaccine is not required for children 5 years of age or older.

10. Pneumococcal conjugate vaccine (PCV). (Minimum age: 6 weeks)
   a. Children starting the series on time should receive PCV vaccine at 2 months, 4 months, 6 months and at 12 through 15 months. Children older than 15 months must get caught up according to the ACIP catch-up schedule. The final dose must be received on or after 12 months of age.
   b. Unvaccinated children 7 through 11 months of age are required to receive 2 doses, at least 4 weeks apart, followed by a third dose at age 12 through 15 months.
   c. Unvaccinated children 12 through 23 months of age are required to receive 2 doses of vaccine at least 8 weeks apart.
   d. If one dose of vaccine was received at 24 months of age or older, no further doses are required.
   e. For further information, refer to the PCV chart available in the School Survey Instruction Booklet at: www.health.ny.gov/prevention/immunization/schools

Note: As a procedure the school will ask parents to keep their child home from school if they show any sign of significant infection. If your child has had a fever (100F or above) he/she should not return to school until his/her temperature has been normal for at least 24 hours.

Please have any body rash or eye inflammation checked by your doctor to determine whether or not it is contagious.

If a child requires any medication during school hours, the medication should be brought to the school nurse in the original prescription bottle with a permission form completed by the parent and doctor. Students are not to carry any medication (including Tylenol) with them.

I give permission for health information to be shared with school personnel.

Written Notification Regarding Use of Public Benefits or Insurance to Pay for Certain Special Education and Related Services

You are receiving this written notification about your rights and protections under the federal Individuals with Disabilities Act (IDEA), so that you can make an informed decision about whether you should give your written consent to allow your school district/municipality to use your or your child's public benefits or insurance to pay for special education and related services that your school district/municipality is required to provide at no cost to you and your child under IDEA.

Funds from a public benefits or insurance program (for example, Medicaid funds) may be used by your school district/municipality to help pay for special education and related services, but only if you choose to provide your consent, as explained below.

Before your school district/municipality can ask you to provide your consent to access your or your child's public benefits or insurance for the first time, it must provide you with this notification of the rights and protections, including the type of consent your school district/municipality will ask you to provide. If you choose not to provide consent, or later decide to withdraw your consent, your school district/municipality has a continuing responsibility to ensure that your child is provided all required special education and related services under IDEA at no charge to you or your child.

PARENTAL CONSENT

34 CFR 300.154(d)(2)(iv)(A)-(B) and 8 NYCRR 200.5(b)(8)(i)

Beginning on July 3, 2013, before your school district/municipality can use your child's public benefits or insurance for the first time to pay for special education and related services under IDEA, it must obtain your signed and written consent. Your school district/municipality is only required to obtain your consent one time.

This consent requirement has two parts.

1. Consent to share records about your child: Your school district/municipality is required to obtain your written consent before disclosing (sharing) personally identifiable information about your child (such as your child's name, address, social security number, individualized education program (IEP), and evaluation results) from your child's education records. In asking for your consent, the district/municipality will (1) identify the records (or information) about your child that will need to be shared (for example, about the services that may be provided to your child); (2) tell you the purpose of sharing the records (for example, billing for special education and related services); and (3) identify the agency to which your school district/municipality may disclose the information (for example, the Medicaid agency).
2. Consent to bill your public insurance program (for example, Medicaid): Your consent must include a statement specifying that your understand and agree that your school district/municipality may use your child's public benefits or insurance (e.g., Medicaid) to pay for some of your child's special education services.

If your school district/municipality has on file your consent that your provided before July 3, 2013 to release your child's records and to use your or your child's public benefits or insurance to pay for special education and related services, your school district/municipality is required to request a new consent from

you only when there is a change in any of the following: the type of service to be provided to your child (for example, physical therapy, or speech therapy), the amount of services to be provided to your child (for example, hours per week lasting for the school year), or the cost of services (that is, the amount charged to the public benefits or insurance program).

If any of the changes occur, your school district/municipality must obtain from you a new one-time consent. Before you provide your school district/municipality the new, one-time consent, your school district/municipality must provide you with this notification. Once you provide this one-time consent, you will not be required to provide your school district/municipality with any additional consent in order for them to access your or your child's public benefits or insurance even if your child's services change in the future. However, your school district/municipality must continue to provide you with this notification annually.

You have the right to withdraw your consent at any time. If you withdraw your consent, the school district must still provide all of our child's IEP special education and related services at no cost to you. To withdraw your consent, you will need to submit your request in writing to your child's school district/municipality.

NO COST PROVISIONS

34 CFR 300.154(d)(2)(i)-(iii) and 8 NYCRR 200.5(b)(8)(ii)(b)-(d)

The IDEA (no cost) protections regarding the use of public benefits or insurance are as follows:

1. Your school district/municipality may not require you to sign up for, or enroll, in a public benefits or insurance program in order for your child to receive a free appropriate public education.
2. Your school district/municipality may not require you to pay any out-of-pocket expenses, such as the payment of a deductible or co-pay amount for filing a claim for services that your school district/municipality is otherwise to provide your child without charge.
3. Your school district/municipality may not use your or your child's public benefits or insurance if using those benefits or insurance would:
    a. decrease your available lifetime coverage or any other insured benefit, such as a decrease in your plan's allowable number of physical therapy sessions available to your child or a decrease in your plan's allowable number of session for mental health services;
    b. cause you to pay for services that would otherwise be covered by your public benefits or insurance program because your child requires those services outside of the time your child is in school;
    c. increase your premium or lead to the cancelation of your public benefits or insurance; or
    d. cause you to risk the loss of your child's eligibility for home and community-based waivers that are based on your total health-related expenditures.

We hope this information is helpful to you in making an informed decision regarding whether to allow your school district/municipality to use your child's public benefits or insurance to pay for special education and related services under IDEA.
