### Bus Transportation Update

The Tattnall County School System needs bus drivers. Most of the issues that occur with children being picked up late to go to school or delivered home later than normal are the result of not having any qualified people who can be substitute drivers. We have especially had trouble recently because many of our drivers have had the flu or some other illness that prohibits them from driving the bus. Our drivers are dedicated people; however, they cannot drive if they are sick. Because we have no sub drivers, the other drivers do their best to cover the route, but this means that the bus may arrive at your home later in the morning or your child may arrive home later in the afternoon.

We are hopeful that the new alert messaging system will help with contacting parents as these and other issues arise. You may call your child's school if you have concerns. If you are unable to reach someone at the school, you may call the Bus Barn at 557-8916 or the BOE office at 557-4726.

If you are interested in becoming a bus driver, please contact the Bus Barn at 557-8916.
