September, 2010

Dear Parent:

The Leonia Public Schools receive Title I funds through the No Child Left Behind Act. These funds allow us to provide instruction to students who may be at risk, struggling, or requiring additional instruction to increase acquisition of basic skills. Basic skills services are provided throughout the school year. Our teachers identify children who would benefit from the individual instruction provided by our specialized teachers.

With your permission, we would like _____ to receive additional instruction in reading and writing.

Please feel free to contact me or your child's classroom teacher with any questions.

Your signature below indicated that you understand that your child will receive additional instruction provided by our basic skills staff.

Sincerely,

Maria Barcelo-Martinez
Principal, Anna C. Scott School
