A Note to Kindergarten Parents

As newcomers to school, kindergarten children need to know the rules of riding the bus. Please take the time to explain school bus safety rules to your child, and escort him/her to the school bus stop, at least for the first few days, so that together, we can ensure the safety of your child. **If you have any questions, please do not hesitate to call us at 225-3200.**

Parent Reminders

- Review the bus safety and conduct rules with your child and be sure that he/she understands them. Call the transportation office at 225-3200 if you have any questions.

- Drive defensively.
- Never pass a stopped school bus with its flashing red lights on.
- Students must board their assigned bus at the designated bus stop. Students will be returned to their designated bus stop at the end of the school day.
- Requests to ride a bus other than the one assigned, will be considered only in extreme need. Transportation WILL NOT be provided to birthday or slumber parties, visits to friends, scout meetings, doctors, dentists, dance or other non-school-related activities.
- Once a student has boarded the school bus, the driver is authorized to discharge him/her only at the school site or at the student's designated bus stop.
- A school bus driver is not authorized to release a student to anyone, including a parent, unless authorized to do so by the principal or his/her designee.
- Your child must arrive at his /her stop five minutes before the bus is due. Remind your child to practice good citizenship and to respect the property of others while waiting to board or depart from the school bus. Proper behavior at the bus stop is of the utmost importance.
- Transportation requests for childcare purposes must be made in writing by April 1 of the preceding year. Only one pickup and one drop-off point can be requested. This means that the district cannot provide transportation to a childcare location three days a week and to home the

remaining days.
