Mental Health Association: 23-30
NY Connects: 30-32
Putnam Independent Living: 32-50
CCSI (Coordinated Children’s Service Initiative of Putnam County)
This program is a partnership between family members and service providers designed to assist families whose children have mental health needs. Their goal is to empower families by building upon strengths to create an individualized plan to meet their specific needs.

They are:
- Voluntary, confidential, and free
- Family-friendly and family-driven
- Strength-based and goal-focused
- Combines multiple needs and services into one coordinated plan
- Offers extensive treatment options
- Encourages creative and non-traditional solutions
- Involves each family in creating their unique plan through a “Family Connections” meeting
- Families are treated with respect!
- Also provides you with opportunities to connect with other families in similar situations

A Family Connections Meeting:
- It is a forum for family members, friends, relatives, clergy, and service providers to come together in a relaxed and informal setting to create an individualized “wraparound” plan.
- During the meeting, the family and others identify what the family members’ strengths and concerns are, and a plan is developed.
- Family members, children, and adolescents are encouraged to involve friends, relatives, or mentors in their plan.

Service Providers:
- School: guidance staff, teachers, and social workers
- Mental Health Agencies
- Human Service Agencies
- Family Advocate Groups
- Alcohol and Substance Abuse Agencies
Juvenile Justice Agencies
 Religious Organizations
 Psychiatric Hospitals

**SPOA: Single Point of Access:**

→ Identifies children and adolescents with the highest risk of placement in out-of-home settings and develops strategies to manage these youth in their home communities, using an individualized, strength-based approach.

→ Handles initial screening, development of a comprehensive functional assessment, individualized service plan, and management of access to high-intensity services, i.e. Intensive Case Management, Supportive Case Management, Home and Community Based Services Waiver, Family-Based Treatment, Community Residence, Teaching Family Home, and Residential Treatment Facilities.

**Address/Contact Information:**

Email: Dawn.Mullins@PutnamCountyNY.Gov
Brandon Lillard CCSI Team Coordinator: (845) 225-2700 x 257
CoveCare Address: 1808 U S 6, Carmel Hamlet, NY 10512

---

**The Putnam County Youth Bureau**

Is responsible to the County Executive for coordinating and supplementing the activities of public, private and religious agencies devoted in whole or in part to the welfare, development, and protection of youth. Through the Integrated County Planning process, the Youth Bureau coordinates the allocation of resources to meet those needs. The Youth Bureau has the primary responsibility of advocating for the youth of Putnam County. The Youth Bureau promotes positive youth development based upon the belief that families and extended families are the fundamental sources of care, support, and guidance for
children and youth. Our schools and other community-based services, both formal and informal, are appropriate and effective complements to this foundation.

**Putnam County Youth Bureau Programs:**

- **Pegasus:** provides education and support to children ages 6 to 14 and their parent(s) or guardian(s) who have a loved one suffering from alcohol or other drug dependencies. Child, teen, and parent/caregiver support groups are staffed by master-level counselors. These groups provide a safe and confidential environment to learn, express feelings, develop positive coping skills, and have fun.

- **Youth Awards:** is an annual recognition and celebration of outstanding youth volunteers of Putnam County. Members of the community can nominate youth in grades 9 through 12 who then must go through an application process demonstrating their exceptional volunteer work in the county. Recipients are chosen by the Putnam County Youth Board and recognized at the annual Youth Awards Dinner in the Spring.

- **Communities That Care:** is a five-step comprehensive prevention approach that provides research-based tools to help communities identify and address risk and protective factors associated with substance abuse, delinquency, teen pregnancy, school dropout, and violence.

- **Mentoring Program:** matches elementary-age students with older adolescents as their mentors. Mentoring creates an opportunity for growth in areas of personal development, educational success, socialization, and recreation.

- **Simulated Impaired Driving Experience:** is a behind-the-wheel driving experience that makes the dangers of distracted and impaired driving real and personal. Drivers and passengers can safely experience a simulation of what happens when they attempt to operate a vehicle while impaired or distracted.

- **Runaway and Homeless Youth Services Coordination:** assists the Youth Bureau in developing and implementing the county plan to coordinate and improve services to runaway and homeless youth and their families. Ensure 24 hours/7 days access to emergency shelter services for youth ages 12 to 17 as well as case management services for youth under the age of 21.
❖ **Sheriff’s Camp:** is held at the end of June and is sponsored by the New York State Sheriff’s Association for Putnam Youth ages 9-12 years old. Camp Iroquois is located in Penn Yan, NY on Keuka Lake in the Finger Lakes Region. This camp builds self-esteem and reinforces positive behaviors. Campers will have the opportunity to swim, bike, hike, sail, canoe, and participate in various sports and activities. Campers attend for free!

❖ **PCYB Adventure Camp:** it is for youth ages 9-15 years old. The program will run at Camp Herrlich. These youth will build leadership skills through various activities including team-building exercises and outdoor adventures. Staff members will oversee the programming and safety of approximately 20 youth in attendance. Campers attend for free!

❖ **Youth Court:** is a family court diversion program aimed at reducing juvenile delinquency in the county. Youth Court volunteers’ members range in ages 12-19 and come from various communities and school districts in Putnam. Members must complete a 10-week training program. Youth Court members hear cases of first-time offenders between ages 7 and 16. This program offers these youth an opportunity to constructively assume responsibility for their actions and a chance to learn about the justice system.

Putnam County Office for People with Disabilities
Donald B. Smith County Government Campus
110 Old Route 6, Building 3 Carmel, NY 10512

José E. De Jesús, MPA, BCPA
Coordinator
jose.dejesus@putnamcountyny.com
(845) 808-1641
The PUTNAM COUNTY OFFICE FOR PEOPLE WITH DISABILITIES provides information, referral, and advocacy for Putnam County residents with disabilities and their families, including developmental disabilities. We welcome your inquiries and input regarding issues and priorities for our residents with disabilities.

The Office administers the CENTRAL REGISTRY, a voluntary registry of people with disabilities residing in Putnam County. The Central Registry is a confidential database created and maintained for the purpose of planning for adequate and appropriate services for Putnam County residents with disabilities. We work cooperatively with the Putnam County Bureau of Emergency Services, as well as with other County departments to plan for people with special needs in the event of an evacuation or other emergency. You can find the Special Assistance Notification Form and the Central Registry Form on our website: https://putnamcountyny.com/office-for-people-with-disabilities.

Our office also serves as a central point of information and referral for developmental disabilities services, including helping with the NYS Office of People with Developmental Disabilities eligibility determination process.

PINS Prevention Program

Through a contract with the Putnam County Department of Social Services, in conjunction with the Putnam County Probation Department, Green Chimneys provides intervention and prevention services to youth who are at risk of entering the juvenile justice system.

Helping Youth Avoid the Juvenile Justice System

When a Person in Need of Supervision (PINS) complaint is filed by a parent or school official, the child and family are referred to the Green Chimneys PINS Prevention program. A licensed social worker works with the child and family to develop an
individualized service plan, which includes individual and family goals to address identified risk factors. A contract with the youth and family members supports the goal of avoiding further involvement with the juvenile justice system/probation department. Preliminary mental health and substance abuse evaluations are completed and youth and families are provided with, or referred to, any needed services. Initial intake appointments for the PINS Prevention Program typically take place after 2:00 pm to ensure your child is not missing school.

SERVICES THAT MAY BE PROVIDED TO FAMILIES:

- Individual and family therapy
- Referral for after-school programming
- Intensive in-home therapy services
- Psycho-educational groups
- Parent groups
- Short-term case management/coordination
- 24-hour crisis intervention
- Referrals
- Advocacy
- Respite services

CoveCare Center (Counseling That Empowers Change):

1808 Route Six, Carmel, NY 10512  
(845) 225-2700  
www.CoveCareCenter.org  
info@CoveCareCenter.org

Their mission is to partner with individuals, families, and the community to foster hope, wellness, and recovery, and to restore the quality of life by addressing mental health needs, substance use, and social and emotional issues.

**Vision:** Cove Care Center imagines a strong, united community where all people are valued, accepted, and empowered to live healthy lives.

**Mental Health Counseling & Treatment:**

Licensed therapists provide individual, group and family therapy, as well as therapy for children. As a supplement to counseling, psychiatrists prescribe and manage medications when needed, and trained peer specialists provide guidance and support based on lived experience.

**For Information or Appointment:**

Intake Specialist

(845) 225-2700 x102

info@CoveCareCenter.org

**Alcohol & Substance Use Treatment & Prevention:**

**Alcohol & Substance Use Treatment:** At Cove Care Center, we believe that substance use disorder is a treatable disease that can be managed so that individuals can live substance-free, productive and satisfying lives. We provide individual, group and family counseling to people experiencing life problems related to substance use or dependence, and to family members affected by a loved one’s addiction. We provide a safe place for individuals to learn about their relationship with drugs and alcohol, and to build a framework for ongoing recovery. Our caring staff will help you identify your needs and goals, and work with you to create a customized recovery plan. You can choose from the following:
- **Individual and family counseling:** These sessions provide an important foundation for successful recovery.

- **Groups:** We offer groups tailored for women, men, people with mental health conditions, and those who have received DWIs. Other groups focus on relapse prevention, medication management, health and wellness, and more.

- **Evaluations and Medications:** Our board-certified psychiatrists offer evaluations and will prescribe medication as needed, including treatment for opioid use.

*To schedule an appointment for the clinic the contact information is 845-225-2700 ext. 110*

**School-Based Prevention Education:** Cove Care Center provides prevention education in Putnam County schools, raises awareness about substance use issues, and informs the public about local resources.

**Community Education & Outreach:** The goal of Community Education and Outreach is to raise awareness about substances such as alcohol, prescription and illegal drugs, heroin and other opiates, and inhalants, including their effects, and what local resources and treatment options are available to prevent and treat their use and abuse.

**Family Support Navigator System:** Cove Care Center’s trained staff assists families and individuals struggling with Substance Use Disorder (addiction) by providing information on available resources that are vital to recovery. This program provides free confidential services at a location of your choice. Our staff will help you understand the progression of addiction and its impact on families and will provide information on existing and emerging supportive and recovery-oriented services.

Green Chimneys: Community-Based Services
Family-centered support and resources for youth

Green Chimneys provides comprehensive supportive services for at-risk, runaway, homeless, and foster care youth, as well as youth with mental health struggles, and typically developing youth and their families across Putnam County and the surrounding areas. From fun and constructive activity programs at the Community Outreach Center to the Arbor House youth shelter to individual care management, Green Chimneys offers a wide range of support services for youth up to 21 years old. Their services are designed to keep children in their community and with their families, avoiding residential placement whenever possible. Family resources include access to assessments, social supports, and service coordination to help families provide the best care for their children. Services are available throughout the year with special programming offered during summer months and school vacations.

Young people need to connect with peers and adults who can help them feel supported, find a safe and productive way to spend free time, and/or access necessary therapeutic services.

Green Chimneys Community-Based Services provides youth and their families with a full spectrum of programs and supports to meet those needs.

Their goal is to encourage conflict resolution and strengthen family communication and optimal functioning through comprehensive prevention and intervention services. All services are free and confidential! Bilingual staff is available.

Recreational Opportunities & Supportive Services:
- Drop-in center for after school, evening, weekend and summer programming
- Runaway & homeless youth shelter services
- Day and overnight respite
- Temporary housing (transitional living) for youth ages 16-21
- Individualized life skills assessment and development

Therapeutic Counseling & Services:
- Mental/behavioral health screening and assessments
- Individual and family counseling/therapy
- Youth and family conflict resolution
- Substance use/abuse assessments
→ Care coordination of health/mental health services for youth

**Children and Family Treatment and Support Services**
This community-based service provides supports to youth up to 21 years of age and their families with eligible NYS Children’s Medicaid. These services are utilized to give children/youth (under 21) and their families the power to improve their health, well-being and quality of life. Services include assessments to determine functional impairments and needs, individual and family therapy, rehabilitation services, skill building, crisis intervention and linking family members with other community based services/programs. Services are provided at home or in the community setting.

**Therapeutic Support**
Other Licensed Practitioner
- Receive assessments for mental health and/or substance use needs
- Identify strengths and skills through individual and group therapies
- Receive individual, group or family therapy where you are most comfortable

**Rehabilitation Services**
Psychosocial Rehabilitation and Community Psychiatric Supports & Treatment
- Incorporate therapy goals into everyday life
- Receive support and information in managing medication
- Build relationships and communicate better with family, friends and others
- Learn self-care, and use coping skills to manage emotions.

To find out more about Children and Family Treatment and Support Services please contact:

Green Chimneys Community Based Services
845.279.2995 ext. 701
cbs@greenchimneys.org

**Home and Community Based Services**
This community-based service program provides support to youth up to 21 years of age and their families who meet HCBS eligibility. This program is designed to offer supports that enable children to remain at home and in the community. HCBS services are utilized to support youth in working towards identified goals and achievements. HCBS provides a family-driven, youth guided, culturally and linguistically appropriate system of care. These Services are offered at home or in the community setting.

**Caregiver Family Support & Services**
- Education and advocacy
- Strengthen and maintain functioning in home & community
- Connections to new resources

**Community Self Advocacy Training & Support**
- Support services for families and caregivers to understand and address challenges
- Crisis Management
- Psychoeducation

**Prevocational Services**
- Preparatory services for success in a work environment
- Career planning
- Problem solving and strategizing
- Travel training

**Respite Services**
- Crisis- Alleviate risk and escalation
- Planned- short term or overnight to provide relief for child or family

**To find out more about Home and Community Based Services contact:**

Green Chimneys Community Based Services
845.279.2995 ext. 701
cbs@greenchimneys.org

**Health Home Care Management:**
The Green Chimneys Care Management team will provide a care manager to eligible families, children, and youth to provide access to services ensuring they have everything necessary to stay healthy, out of the emergency room and out of the hospital. The Care Manager supports services that a family may already be receiving and will help families get new ones if necessary. Our Care Management team serves youth from birth to age 21. While in these services youth and families will receive the following services:

- Comprehensive Care Management
- Care Coordination and Health Promotion
- Comprehensive Transitional Care
- Individual and Family Support
- Referral to Community and Social Support Services

**To find out more information and if your child is eligible please contact:**
Services Where You Need Them:
These services can be delivered at home, at our offices or in the community—wherever is most accessible and comfortable for the child and his/her family.

Immediate Help:
Crisis support can be accessed through a case manager or by calling their 24-hour hotline:
(845) 279-2588

Our Team:
An experienced staff of certified social workers/mental health counselors, case managers, program managers, administrators and interns work closely with youth and families to provide individualized services, skill-building tools and resources to support positive individual and familial development, self-reliance and healthy communication.

Where to Find Green Chimneys:
They are located in Brewster, NY and staff travel across Putnam County to reach youth and families through schools, social services agencies, and community events.

Prevention/Intervention Services Office:
Counseling and resources for at-risk youth; foster family support; mental health services
1689 Route 22
Brewster, NY 10509
(845) 279-2378

Community Outreach Center:
After school and weekend programs; social activities; homework help; counseling
→ Putnam County youth benefit from therapeutic & recreational programs that help them engage.
→ Organizes day trips and other social activities, such as visits to the Green Chimneys Farm & Wildlife Center.
→ Operates psychoeducational groups five days a week to help youth build relationships, positive connections, and communication skills.
Address:
965 Route 22
Brewster, NY 10509
(845) 279-1467

Arbor House Youth Shelter:
Temporary shelter and respite services; case management
★ All services are free and confidential and are accessible 24 hours a day
400 Doansburg Rd, Brewster, NY 10509

Residential Services:
A temporary safe home for youth who have either ran away, been displaced from their home, are homeless, need a break due to family conflict, or who cannot be home for other reasons. Youth receive counseling and guidance to assist them in identifying areas of conflict and setting goals that work toward improving their living environment and family communication while promoting positive interpersonal growth.

The youth shelter is a voluntary program, which makes it necessary that youth are in agreement with entering the shelter and the rules of the program. Arbor House serves youth, ages 12-17. The maximum stay at Arbor House is 30 days, but with the aim of reunification it is our goal to get youth home before the 30th day. For our respite services a stay is usually between 3-7 days to give youth and their family a short cooling off period.

During youth’s stay, youth will receive an array of services including individual and family counseling, case management services, referral assistance and life skills training. Youth will participate in recreational activities and group meetings that enhance social skills and positive peer interaction. During the youth’s stay at Arbor House, they will be maintained in their current school program.

Transitional Living Program Services:
The Green Chimneys Transitional Living Program provides a supported independent apartment for four youth between the ages of 16-21. Staff support youth in learning healthy connections, life skills and independent skills to support the youth to transition to independence. Youth can stay in the program for 18 months or until their 21st birthday (whichever one comes first). Staff and youth work together to create a plan that will best support the youth to transition themselves to independence at the end of their stay in the program. A full time social worker and our life skills coordinator meets with the youth weekly to ensure that youth are meeting the goals of their individualized program and supporting youth with any barriers and successes that they come across. Staff are available to youth 24/7.
Non-Residential Services:
Arbor House also offers a Case Management program providing individual and family counseling and intervention services to youth up to 21 years, who are experiencing conflict within the home, have run away or are thinking of running away, or who have been displaced from their homes.
Case management assists with achieving goals and maintaining a safe living environment. Services provided from other service providers will be coordinated by the case manager in order to ensure the best provision of services for youth and families. Case Managers can also provide referral assistance, legal and educational advocacy and basic need assistance.

24 Hour Hotline:
Crisis Intervention can be accessed through a case manager or through our 24-hour crisis hotline to provide immediate intervention for youth and families.

24 Hour Youth Hotline: (845) 279-2588
24 Hour Youth Text line: (845) 661-9749

Mental Health Association

The mission of the Mental Health Association in Putnam County is to promote a vision of wellness and recovery for individuals and their family members coping with mental health issues. To accomplish our goals the MHA provides advocacy for people with mental illnesses to overcome discrimination, provides education to enhance the understanding of mental health issues to the community at large, and provides resources to assist residents locate and acquire needed support and services.

Core Values

Respect: We believe in the inherent worth and dignity of each individual.

Empowerment: We believe that it is essential to support people to make their own life choices. We support people by providing them with the tools that they need to become self-sufficient and by providing a non-judgmental, caring environment.
**Professionalism:** We believe in a high standard of excellence in our service provision and, to that end, provide our staff with support and opportunities for growth and development.

**Hope:** We believe that hope is the key to recovery.

**Acceptance:** We believe in promoting understanding and compassion as the means to eliminate the stigma associated with mental illness, with the goal of equality for all.

We are Advocates and Educators for the community at large.

**Family Support Groups**

MHA offers Family Support groups for children and adults who have a family member that may be struggling with their mental health. We offer individual connections as well, from one of our Certified Peer Specialists who can offer support as someone with both education and lived experience.

Get help with your long-term services and supports needs

For people of all ages, any disability, and caregivers. NY Connects can work with anyone who needs information on long term services and supports—children or adults with disabilities, older adults, family members and caregivers, friends or neighbors, veterans, and helping professionals.

NY Connects can help you...

➔ Find care and support
➔ Remain independent
➔ Understand care options
➔ Find transportation
➔ Learn about supports in caregiving
➔ Find supported employment programs
➔ Get answers about Medicare
➔ Apply for Medicaid and other benefits
Community Long Term Services and Supports are designed to help people remain healthy and independent:

**Personal Care Services**
- Preparing meals
- Housekeeping
- Bathing
- Transportation
- Home safety and accessibility
- Household finances

**Education and Counseling**
- Independent living skills
- Supported employment
- Adult education
- Building occupational skills

**Behavioral health/developmental supports and services**
- Intellectual/developmental disability supports and services
- Mental health services
- Substance use disorder services

**Health and Wellness**
- Abuse prevention and protection
- Managing chronic conditions
- Building community relationships

**Connect to long term services and supports in your community:**
- Personal care services
- Education and counseling
- Health and wellness
- Behavioral health supports and services
- Intellectual/developmental disability supports and services
- Social supports

**Three ways to reach NY Connects:**
By phone: 1-866-329-9330
Call 1-800-342-9871
Interpretation and translation services are free. Individuals who are deaf or hard of hearing can use NY Relay System 7-1-1.

www.nyconnects.ny.gov

In-person.
To find the NY Connects office near you, call our toll-free number, visit our website, or see the address below.

Your local NY Connects office:
Westchester Independent Living Center Serving: Westchester, Rockland, Orange, Putnam, Dutchess, Ulster and Sullivan Counties (866) 329-9330

Putnam Independent Living:
PILS (Putnam Independent Living Services) is the Putnam County office of WILC (Westchester Independent Living Center). We are a not-for-profit, community-based, cross-disability resource, advocacy, and training center dedicated to improving the quality of life for people with disabilities.

WHO WE SERVE?
We provide information, services, advocacy, technical assistance, and training in the Lower Hudson Valley. We serve persons of all ages and with disabilities that fall into all five disability categories, physical, sensory, cognitive, mental health, and multiple disabilities; families of persons with disabilities; and professionals who work with persons with disabilities.

In the future, we will continue to provide a wide spectrum of non-residential and non-medical services throughout the Lower Hudson Valley Region. We will continue to serve persons of all ages with all disabilities, diverse and/or underserved
In all services provided, we will continue to promote personal awareness, personal responsibility, self-reliance, recovery, self-advocacy, positive self-image, and self-determination and self-sufficiency. We will continue to provide services in a culturally appropriate manner.

PUTNAM INDEPENDENT LIVING SERVICES, Brewster NY

In 2002, WILC established a satellite office, Putnam Independent Living Services (PILS). PILS not only provides services in Putnam County, but it also facilitates WILC in servicing the northern part of WILC’s catchment area, i.e., northern Westchester, Dutchess, Orange, Sullivan, and Ulster counties.

INDEPENDENT LIVING SERVICES Planning to help you achieve your goals and objectives Our Independent Living Team can work with you to mutually explore your independent living needs and develop a plan to help you achieve your goals and objectives including: budgeting and financial services, housing information and advocacy and peer-to-peer support. The Independent Living Team assists consumers in all areas of benefits, such as Social Security Disability Benefits (SSI, SSDI) DSS Benefits, SNAP, HEAP, Temporary (cash) Assistance, and Medicaid or Medicaid Buy-In for Working People with Disabilities. Guidance is available if you are receiving Unemployment Benefits, Workman’s Compensation, ACCES-VR services, ParaTransit transportation, Medicaid transportation, home health aide services and Consumer Directed Personal Assistance Program. Services are provided one-on-one.

➔ The Educational Advocacy Program

Resources and support for families making informed educational decisions

The Educational Advocacy Program is a program of WILC and its satellite office, Putnam Independent Living Services (PILS). Its purpose is to reach out to families
of children (ages birth-21) with special needs to aid in the advancement of their
development and security of the future. It assists parents of children with special
needs to make informed decisions about educational rights, choices, responsibilities,
and long-term outcomes; provides on-going support navigating the Special
Education system; and identifies and links parents with appropriate community
resources.

❖ Offer technical assistance, information and referral via phone, email or in-
person throughout Hudson Valley

→ Answer questions re: special education, Section 504, State regulations, and
IDEA
→ Refer parents to community organizations
→ Connect families to resources and support groups

❖ Offer 1:1 case advocacy in Upper Westchester, Lower Dutchess and Putnam
Counties. In-depth 1:1 case advocacy includes:

→ Empowering parents to successfully advocate for their children
→ Attending EI, CPSE, CSE, and 504 meeting
→ Transition planning
→ Peer Support
→ Community Outreach

❖ Prior to attending a meeting, we will:
Meet parents and inform them of their rights

Review records, strategize and assist parents in the development of goals and objectives

Assist with effective communication skills

Also conduct outreach and collaborate with agencies, Special Ed PTAS and PTOS and school districts throughout the region.

Intakes-All intakes should go to Jessica Baumann, Director, Educational Advocacy Program, for distribution to staff members.

Contact:

Jessica Baumann (Director, Educational Advocacy Services)

Address: 1441 Route 22, Suite 204, Brewster, NY 10509

Phone: 845-228-7457 ext. 1108 (Voice)

914-259-8036 (VP/TTY)

845-228-7460 (Fax)

Email: jbaumann@putnammils.org

Website: www.putnammils.org

Transportation

Available accessible transportation

PILS does not provide transportation. Our IL Team can help you explore options in Putnam. Putnam County has the PART bus system and Paratransit. Putnam Paratransit is a shared ride service.
Appointments must be made one day in advance. Paratransit operates at the same time and the same

Contact Margaret Valenzuela, Director Independent Living and Benefits Specialist, mvalenzuela@wilc.org or call 845-228-7457 (voice), VP 914.259.8036 (VP).

➔ Peer Advisement

*Guidance, support and practical advice on disability-related issues*

Contact Margaret Valenzuela, Director Independent Living and Benefits Specialist, mvalenzuela@wilc.org or call 845-228-7457 (voice), 914.259.8036 (VP)

Our peer advisors are trained individuals, with a disability, who will meet with you to explore issues of importance to you and to provide you with information you can use when making life decisions.

Peer Advisors can serve as a guide and offer emotional support and practical advice on disability-related issues and concerns while you make the decisions on your goals.

➔ Information and Referral

*Resources and options that can assist you in making informed choices*

Have questions on disability related issues? Ask us and we will provide you with resources and options that can assist you in making informed choices about living, learning, and working independently. If we don’t have the answer, we will work with you to find one.

The following are examples of issues on which we provide information for individuals with disabilities, their family members and agencies:

- Benefits and entitlements (Social Services, Social Security, Medicaid and more)

Long Description
- Independent Living Team
- Housing
- Transportation
- Mental health/health care supports and services
- Senior services
- Assistive Technology
- Legal services

**Benefits and Entitlements Advisement**

*Assistance and information regarding benefits*

Our Advocates and Peer Advocates are certified Benefits and Work Incentives Practitioners who can answer your questions about eligibility requirements, procedures and available benefits.

We can assist you when you are applying for benefits or appealing a denial of benefits.

Our advocates know what resources are available and can assist you in making informed choices. We provide assistance in understanding and accessing available resources, such as:

- Social Security Disability Insurance (SSDI)
- Supplemental Security Income (SSI)
- PASS PLAN (to return to work while retaining your benefits)
- Long Description
- Independent Living Team
- Social Security Work Incentive Program
- Medicare and Medicaid
- Medicaid benefits for the working disabled (Medicaid Buy-In)
- Public assistance
- Food stamps, SNAP Program
- Emergency food sources
Trainings & Workshop

The following workshops and training are offered by WILC. We welcome your suggestions and ideas for future training.

- Visit our calendar for current workshops

Advocacy

- Advocacy 101, Importance of Advocating for your Special Child
- Understanding the EI – CPSE Transition Process
- Understanding the CPSE – CSE Transition process
- Understanding the ADA & Section 504
- Understanding the Common Core
- Common Core the Latest Developments
- Overview of EI, CPSE and CSE
- Understanding the CSE Process
- Understanding & Developing an effective IEP
- Understanding 504 Plans
- How do you know if Your Child is Succeeding?
- Understanding Evaluations
- Understanding your Child’s IEP

Transition/diversion of long term care residents to the community

Traumatic Brain Injury Regional Resource Development Center

Supports transition from care facility to community living

Open Doors Transition Center

Support for transition from care facility to community living

Olmstead Housing Subsidy Program

*High-need Medicaid beneficiary rent subsidy & transitional housing support*
The Olmstead Housing Subsidy (OHS) program is a statewide program to establish a rental subsidy and transitional housing support service program for high-need Medicaid beneficiaries. The program provides assistance to persons who live in a nursing home or are unstably housed with choosing, accessing, and maintaining an independent apartment.

Eligibility

1. Nursing home level of care – (for Community-Based/Homeless participants a determination will be made via the Uniform Assessment System (UAS) (score 5 or higher)
2. Homeless or unstably housed
3. Medicaid enrolled
4. Spent at least one hundred and twenty (120) consecutive days in a nursing home, over the most recent two-year period
5. Elderly (age 55 and over) or chronically disabled
6. Have the ability to live safely in the community, with the necessary supports and services

Services

The Olmstead Housing Subsidy provides the following services, as needed:

1. Apartment selection assistance, to locate safe and affordable housing that meets the needs of the participant
2. Essential furniture and household furnishing purchases
3. Rental stipend to assist with meeting rent and utility obligations
4. One-time set-up fees for service access including: electric, heat, telephone, broker’s fees and mover’s expenses
5. Monthly contact
6. Assistance in applying for Section 8 Housing Choice Voucher

The Olmstead Housing Subsidy program is a statewide program. WILC covers the entire Lower Hudson Valley which includes Ulster, Dutchess, Sullivan, Orange, Putnam, Rockland and Westchester counties.

The OHS subsidy is modeled after the Housing Choice Voucher (Section 8) and Nursing Home Transition and Diversion (NHTD) waiver subsidy programs in that the individual will be required to pay 30% of their monthly income, less allowances. There is also funding available for “community transition services” which includes security deposits, moving expenses, utility payments and household establishment purchases.

NY Connects, No Wrong Door

*Person centered approach to community based services and support*

*Contact Aimee Parks, Program Manager for NY Connects, No Wrong Door, at aparks@wilc.org, or toll free 866-715-4700 (phone), 914-259-8036 (VP).*

NY Connects can work with anyone who needs information, assistance or to explore their options regarding long term services and supports – children or adults with disabilities, older adults, family members and caregivers, friends, or neighbors, veterans, and helping professionals.

WILC’s free NY Connects information and referral line, 866-715-4700, is open for business in seven counties in the lower Hudson Valley: Westchester, Putnam, Dutchess, Rockland, Orange, Sullivan, and Ulster.

NY Connects is a locally based “No Wrong Door” system that provides one stop access to free, objective, comprehensive information, and assistance for people of all ages needing long term services and supports. The program links individuals of all ages to long term services and supports regardless of payment source; whether it be private pay, public or a combination of both.

*Community long term services and supports are designed to help people remain healthy and independent. Examples include:*
● Personal Care Services
● Preparing meal
● Housekeeping
● Bathing
● Transportation
● Home safety and accessibility
● Household finances

**Education and counseling**
● Independent living skills
● Supported employment
● Adult education
● Building occupational skills

**Behavioral health/developmental support**
● Intellectual and developmental disability support and services
● Mental health services
● Substance use disorder

**Health and wellness**
● Abuse prevention and protection
● Managing chronic conditions
● Building community relations

---

**Traumatic Brain Injury Regional Resource Development Center**

*Supports transition from care facility to community living*

Contact Ann Conte for TBI RRDC information in the lower Hudson Valley (Westchester, Rockland, Orange, Sullivan, Putnam, Dutchess, Ulster) at aconte@wilc.org or call 845-228-7457 (voice), 914-259-8036 (VP). For the New York City TBI Waiver Program (Bronx, Brooklyn, Manhattan, Queens, Staten Island) call 718.816.3555
This program assists Medicaid-eligible people with Traumatic Brain Injury to leave nursing homes and long-term care facilities and move into the community or to obtain services to avoid nursing home placement. We can help people through the eligibility process, to select a service coordination agency and to access other benefit programs and services in the community. WILC is the Hudson Valley Region Center providing services for the residents of Westchester, Rockland, Orange, Sullivan, Putnam, Dutchess, and Ulster Counties.

The Traumatic Brain Injury (TBI) Program provides information and referral and services to individuals with traumatic brain injury and their families. It assists with relocating people with TBI who reside in out-of-state facilities to community-based residential and day programs. It can also help individuals currently residing in nursing homes, psychiatric facilities or in their family’s homes to be re-situated into more appropriate community settings, where they can live more independent lives.

This program can identify and help to address the gaps that exist in the continuum of care for TBI, from coma to re-entry into the community.

**What is a Waiver?** The Federal Government “waives” certain Medicaid rules enabling New York to select a portion of the population on Medicaid to receive specialized services not available to all Medicaid recipients.

**Eligibility:**

- Must be a Medicaid recipient
- Diagnosed with TBI or other type of brain injury, such as stroke, anoxia, etc.
- Must be 18-64 years old with the injury occurring on or after 22nd birthday (for individuals injured before age 18, contact OPWDD at (518) 473-1890, individuals 18-22 years old can be served by DOH when OPWDD does not have available funds)
- Must be eligible for a nursing facility level of care (determined by UAS)
- Must choose to live in the community rather than in a nursing facility
- Can identify a safe living arrangement that will meet their needs
Can be supported safely within the community with the funds and services available under the HCBS/TBI Waiver

**Services:**

In addition to services available through State Plan Medicaid, individuals determined eligible for the Waiver Program may also develop an individual service plan including any of the services listed below.

- **Service Coordination** – a coordinator is chosen by the Waiver participant and/or guardian to work with them in identifying and coordinating supports and services
- **Independent Living Skills Training** – provides one-to-one support to focus on increasing independence in practical skills, such as cooking, shopping, banking, etc.
- **Structured Day Program** – provides an environment focused on task oriented activities and social skill building
- **Community Integration Counseling** – counseling is provided to participant or family members to assist with issues related to community integration
- **Home and Community Support Services** – provides guidance and assistance to enable the Waiver participant to reside safely within the home and community environments
- **Substance Abuse Program** – services implemented are based on the unique challenges associated with TBI to reduce and/or eliminate substance abuse that interferes with integration into the community
- **Positive Behavioral Intensive Services (PBIS)** – provision of direct technical assistance to individuals with challenging behaviors and staff training for development of program support strategies
- **Environmental Modification** – provides adaptations to residences to promote independent and to ensure safety
- **Respite** – provides short-term relief to care-givers
- **Special Medical Equipment & Supplies** – provides durable and non-durable equipment not funded under state plan Medicaid
● **Transportation** – provides access to non-medical services in the community

**Program Coordination**

The NY state-wide TBI Program is divided into 12 regional centers. WILC, which is the Hudson Valley Region Center, provides services for the residents of seven lower Hudson Valley counties (Westchester, Rockland, Orange, Sullivan, Putnam, Dutchess, and Ulster Counties).

**Open Doors Transition Center**

*Support for transition from care facility to community living*

Contact Tracy Marcus, Program Coordinator Regional Lead, tmarcus@putnamils.org or call 845-228-7457 (voice) 914.259.8036 (VP).

Open Doors is a specialized service to assist individuals living in a nursing home or Intermediate Care Facility in making decisions regarding home and community-based services. WILC’s Open Doors staff meets with individuals and their families to provide information regarding services and supports available in the community. The associated Peer Program consists of people who have lived in institutional settings, moved to home and community-based settings, and receive services and support where they live, who share their experiences with residents and support people who want to move to the community.

Through the Open-Door Transition Center, program eligible individuals, their families and facility social workers receive information about available community-based programs and services, and assistance to make necessary program referrals. There is follow up with the person transitioning for a period of 12 months post transition. Eligible individuals may also apply for an Olmstead housing subsidy to assist them to secure an affordable and accessible apartment, as well as access to trained peer mentors who share personal experiences and offer support to those wanting to move back to the community.
Eligibility:

- Medicaid Eligible – must have Medicaid at least one day prior to discharge
- Transition specialists should utilize benefits advisors (or similar staff) at ILC to assist anyone who is interested in becoming Medicaid eligible. TS may continue to work with the individual to transition while Medicaid is being sought.
- Transition from qualifying institution (i.e., hospital, rehab, skilled nursing facility or intermediate care facility)
- Must have been in the qualifying institution for at least 90 days at the time of discharge (This 90 days may be combined across settings. For example, in hospital for 30 days and in NH for 60 days would count. If a person is using combined times for 90 days, make a note in the database with this information.)

Must transition to a qualified setting (i.e., a home or apartment in the community owned or rented by the participant or their family members OR a group home with 4 or fewer unrelated individuals living together)

Services:

The Transition Center has trained Transition Specialists that help people living in nursing homes and intermediate care facilities to receive home and community-based services. This includes providing information about available services and supports where the person wants to live. There are Transition Specialists at independent living centers in counties all over New York State.

Transition Specialists assist in the creation of a plan to assist eligible individuals to successfully move into and remain in the community. Those services may include:
● Community preparedness education – information and education about skills necessary to live in the community
● Identifying and assisting in the application for specific services to meet a person’s individual needs
● Finding affordable, accessible housing to meet the individual’s needs

The Peer Program consists of people who have lived in institutional settings and then moved to home and community-based settings, and receive services and support where they live. Peers visit nursing homes and developmental centers to share their experiences with residents and support people who want to move to the community.

WILC is the regional lead agency for this program and our goal is to assist people living in nursing homes and OPWDD (Office for People with Developmental Disabilities) intermediate care facilities in the lower Hudson Valley Region to transition to and/or remain in the community. The lower Hudson Valley Region includes Westchester, Rockland, Putnam, Orange, Sullivan, Dutchess, and Ulster Counties and works with auxiliary outreach agencies based at local independent living centers throughout its catchment area.
