

OUR GOAL

The Four Points Of Growth

Participants of the Waldron Terrace Program will be provided special attention to their Four Points of Growth. Our highly trained and carefully selected staff will monitor the growth of each student in four areas. These areas include:

- State Test Scores
- School Participation
- Self Esteem
- Decreased Behavioral Incidents

WHY WAS THE WALDRON TERRACE PROGRAM CREATED?

The Waldron Terrace Program was designed with one goal in mind: to provide academic support and access to technology to our students and their families at the Waldron Terrace. Through our discussions with the community, we were able to see where extra support was needed. Using that information, our team has developed a clear and focused approach to provide the Waldron Terrace students with the support they need to succeed.

THE WALDRON TERRACE PROGRAM

NOT JUST A HOMEWORK CLUB

Our team is committed to the idea that a highly structured program and consistent student attendance are the keys to our students' growth. Students are encouraged to complete the 92-day program. The Waldron Terrace Program team has designed a unique approach to build student "buy-in". Through monthly incentives, rewards and acknowledgement of participation and consistent effort, participants will take the first steps to developing the confidence that drives success.
