Dear Parent/Guardian:

Early development of reading, writing, language, and mathematics skills result from a combination of factors which include rich and varied travel, environmental experiences, opportunities for early and frequent exposure to books and language rich experiences, older siblings who provide language and learning models, and high average to superior ability.

School District 161 School Attendance-Early Admission Policy 7:50 requires that parents who would like their son/daughter to be considered for early admission complete an application process. This process includes an assessment done by the School District and an evaluation by a school psychologist certified or registered in the State of Illinois. The following are included in the application process:

1. Verification of residence
2. Proof the child will be 5 years of age by November 1 of the school year of admission
3. Completed and signed Early Admission Application Form
4. Signed release of information form
5. Upon completion of above, an evaluation shall be administered by a school psychologist certified or registered in the State of Illinois.
 - a. This evaluation must verify that the child scores in the high average - superior range on the Woodcock Johnson Test of Early Cognitive and Academic Development. (ECAD).
 - b. District 161 school psychologists are available to administer this assessment. Please contact either Mychole Willis at mwillis@sd161.org or Amber Gumm at agumm@sd161.org to schedule a time for the assessment.

Applications must be received in the Superintendent's Office by April 1st in order to be considered. A team including the Building Principal and the Director of Learning and Instruction will review the application. A representative of the team will then meet with the parents to discuss the results and recommendations pertaining to the Early Entrance of this child.

Please call me at 708.647.7016 if you have any questions regarding the application process.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Amabel Crawford'.
