

MAY MILLION CHALLENGE

Join Flossmoor School District 161 in the May Million Challenge!

Let's share a love of reading! We'd like to extend an invitation to each of you to join our challenge! We will have a log to indicate how many pages students have read. We'll tally the logs to keep school and district-wide totals and celebrate our success!

Tips to help your child rise to the challenge:

- Start reading right away!
- Talk with your child about the books they read.
- Have your child read aloud to you, a sibling, a pet or a stuffed animal.
- Bring your reading log to the Flossmoor Library and mention the May Million for a great surprise!
- Make sure your child is reading each night!

The Challenge:
District 161 has been challenged to read one million pages during the month of May. This goal can be reached by reading every day in class and at home between **May 1st and May 31st.**

Tweet **#d161reads** to let us know how you're doing and what books you LOVE!
