

**SWEETWATER COUNTY  
SCHOOL DISTRICT #1**

## Consent Agenda Item 8-n

Recommendation to authorize the District's Information Technology Department to purchase Nimble Storage to replace existing storage for our virtual environment that is end-of-life. This purchase will go through CDW-G, who is the partner of record for opportunity with Sweetwater County School District Number One, which entitles them to preferred pricing from Nimble Storage, when in competition with other vendors. This will be a one-time, sole source purchase in the amount of \$16,925.00 from the Capital Projects fund.
