

**SWEETWATER COUNTY  
SCHOOL DISTRICT #1**

## Consent Agenda Item 8-k

Recommendation for the post approval for the installation of the carbon monoxide detectors located in the Rock Springs High School garage. This was a life safety issue causing the State Fire Marshal to give the order to evacuate the garage until the detectors were installed. AlphaCorp of West Valley City, Utah is currently under contract with the District, making this a sole source item. The total cost for the project is not to exceed \$13,112.00 and is funded through Major Maintenance.
