

## Consent Agenda Item 9-b

Bids were solicited in August 2017 by the District's Facilities Department for the repair of the Press Box at Rock Springs High School. One partial bid for roofing and two informal bids were received, both of which were over \$100,000.00. The bids were rejected and a breakdown of the bids were requested. A list of the items that could not be handled in house was compiled and bids for those items were then solicited, with no response. Dan Selleroli, the Facilities Director, along with Plan One Architects contacted K.R. Goble Construction, Inc. who submitted a quote of \$39,900.00 for the repair items that could not be handled in house.

Recommendation is to award the quote for the repair of the Press Box at Rock Springs High School to K.R Goble Construction, Inc. in the amount of \$39,900.00 plus a contingency fee of 12% for a total of \$44,688.00. This project has been approved by the School Facilities Department as a 10% funded Major Maintenance project. This project is driven by the Wyoming Department of Work Force Services and OSHA compliance.
