

Consent Agenda Item 8-g

Recommendation to authorize the District's Information Technology Department to begin the Walnut Elementary School rewire project. This building will have the old Ethernet cabling pulled out and replaced with CAT6a. Drops will be removed and added to accommodate the needs of the building for labs, access points, and cameras. This project went out to bid through the Category 2 E-Rate process. Only one bid was received for this project as follows:

Electrical Connections, Inc.

Labor Costs	\$24,171.00
Hardware Costs	\$44,500.00
Other Costs	<u>\$29,209.00</u>
Total	\$96,880.00

Recommendation to award the bid for the Walnut Elementary School rewire project to Electrical Connections, Inc. in the amount of \$96,880.00. A portion of this project will be funded through Category 2 E-Rate, pending approval of available funds in the amount of \$46,654.88. If use of the Category 2 E-Rate funds is denied or reduced, the remainder or total bid amount of the project will be funded through the Capital Projects budget.
