

School City of East Chicago Code of Responsible Behavior

Middle School

Purpose

The goal of the **School City of East Chicago Code of Responsible Behavior** is to assist in the creation and maintenance of safe and caring schools so that learning can be the primary focus for all.

Philosophy

The teaching of responsible behavior in School City of East Chicago Schools, in conjunction with the teaching of responsible behavior in our homes, is designed to produce behavioral changes that will enable students to develop self-discipline. Our intention is to utilize the process of discipline with the understanding that we all make mistakes as we learn and grow. Our desire is to instruct, to guide, and to help children to order themselves from the inside rather than having to impose order on them from the outside. Rather, we are concerned with the development of the ability to act with integrity, wisdom, kindness, and compassion when there's no external force holding students accountable for what they do. As we teach our children to behave responsibly, we must remember to balance our expectation for obedient behavior with our expectation for responsible behavior. Our practice will be to initially teach children to understand the required expectations for obedient behavior based upon laws and rules of our culture and civilization. Gradually we will guide children to assume increasing responsibility for making decisions for their individual behavior based upon their developing values and beliefs.

Rights and Responsibilities

Every right has limitations and is always balanced against our responsibilities. The freedom of an individual or group to exercise rights stops when that exercise infringes upon the rights of others. Since the legitimate rights of some may, at times, be in conflict with the legitimate rights of others, it is necessary to recognize that rights must be balanced to protect as many persons as possible.

Tolerance

Teachers and students should promote tolerance for the views of others, as well as for the rights of an individual to form and hold different opinions and beliefs. **School City of East Chicago's Commitment to Inclusiveness, Respect, and Civility** follows as an appendix to this document.

Access

A student shall have access to, abide by, and be aware of the rules, rights, and responsibilities to which he/she is subject. Introduction and orientation to the code shall be provided.

Questions

Questions or additional clarification may be directed to any teacher or building administrator. The entire text, including rights and responsibilities, is available in all school offices.

Due Process

Due process of law will be provided to students in all discipline matters. This will include the opportunity to be informed of the provisions of the code or other school regulations or procedures allegedly violated, together with evidence to support the charge. Students will be given an opportunity to respond. When considering the action to be taken, the following will always be reviewed:

- Age of the student
- Grade level of the student
- Frequency of misconduct
- Seriousness of particular misconduct
- Attitude of the student
- Degree of cooperation of the student

Any student recommended for expulsion shall be entitled to have the legal procedures provided by law followed prior to any decision being made as to that expulsion. Effective teaching of responsible behavior and self-discipline takes time because it requires an interaction with the student to:

- show them what they have done wrong
- give them ownership of the problem
- help them find ways of solving the problem
- leave their dignity intact

In many cases, this will require the student to not only take ownership for the problem that has been created and fix what was done (restitution); this process will also require the student to figure out how to keep it from happening again (resolution) and to heal the person or persons harmed (reconciliation).

Special Education Students

Students who have a disability or those who are suspected of having a disability will be afforded procedural safeguards in accordance with State and Federal Regulations. The students' Individual Educational Programs, including Behavior Intervention Plans, will be implemented prior to significant disciplinary action.

Behaviors and Consequences

The following listing of behaviors is not intended to be all-inclusive and is not limited to this listing. Rather, this is a general list of behaviors that *do not* meet the expectations for responsible behavior set forth as the standard by the school district. Students will be subject to disciplinary action at any time that their behavior is inappropriate, disruptive, illegal, or in violation of school rules.

The following list of consequences represents the range of consequences generally assigned. Based on the severity of the situation, the consequences assigned could actually be more or less severe than those listed. The final determination of consequences will be left to the judgment of the principal/vice principal, who will take into consideration the results from further investigation and evaluation of all relevant facts.

Note: Parent contact is required as a part of the administration of all consequences in this code.

Attendance Policy

The School City of East Chicago in compliance with the Indiana Department of Education attendance policy requires each student attend school 95% of the school year. This means that a student may only miss **nine excused days per year**.

Students who accumulate excessive absences during the school year will be referred to the appropriate personnel and the parent will be contacted:

- **After three absences, a telephone call will be made to the parent alerting them to the absences. If no telephone service is available then a letter will be mailed requesting the parent call the appropriate personnel.**
- **After six absences, the parent will be notified by letter and telephone. The student will be referred to the appropriate authorities. An attendance intervention plan will be developed.**
- **After nine absences, the parent will be notified by letter and telephone to inform them of the referral to the court program and appropriate state agency.**

Attendance Procedures: Call Off/Early Dismissal

In order to be consistent in our record keeping, the School City of East Chicago has instituted the following procedures in regard to attendance. Please follow these procedures. The procedures for absences are:

- A parent must telephone the school in the morning on the day of the absence.
- Student with no home phone and on the **NO Phone List** must bring a note from a parent giving the reason for the absence and present it to the attendance secretary or classroom teacher the day the student returns to school. If the student forgets the note, an additional day will be given to bring a note. Failure to bring a parent's note will result in a truancy being recorded. **Notes will not be accepted after 24 hours.**
- Any student with verification of their absence should report to the Attendance/Main office prior to the start of the school day. An admit card will be given to the student. The admit card is to be presented to each teacher in the Junior/Senior High School, and to the student's teacher in the Elementary School.
- A student who has an appointment should bring a note from the parent verifying the appointment and the time the student is to leave school. It should be given to the Attendance/Main Office. The student will be given a Checkout slip which allows the student to leave class at the designated time. The student must then report to the Attendance/Main Office and have the parent sign them out. Upon return, the student is to sign back in.
- In an emergency, a parent should contact the Vice/Assistant Principal or Principal in order to release a student from school.
- Prearranged absences must be done through the Attendance/Main Office. The student should get the prearranged absence form from the Attendance/Main Office. The form should be signed by the parent and the student's teachers at the Junior/Senior High School and returned to the appropriate office.

2. **NEVER** cross behind the bus for any reason.
3. Move immediately away from the bus and refrain from hitting or throwing things at the bus.

D. Drivers will dismiss transfer students five (5) minutes before school dismissal. Transfer students will go directly to their assigned busses.

F. Any infraction of the above rules and regulations will result in the driver proceeding with the steps listed under "Consequences" below.

Parents

A. Students are to arrive at their assigned bus stop at least five (5) minutes prior to the scheduled arrival time of the bus. Parents are to regulate their children's arrival so that it will not result in a long wait. The policy allows five (5) minute flexibility before or after scheduled arrival time.

B. Parents are expected to know bus rules and procedures and support the school in effective enforcement.

C. Suspension of bus privileges does not mean suspension from school. Parents are required to transport their children to school. Lack of attendance will be considered truancy.

- D. Parents must accept responsibility for student behavior at the bus stop. Where a large number of students are assigned to a stop, parents are expected to share supervision responsibilities.

Drivers

Drivers will make every effort to maintain appropriate student behavior on the bus.

A Driver/Safety Committee member will telephone parents when problem behavior begins.

1. When these efforts are no longer effective, the driver will submit a written referral to the Transportation Director.
2. Written referrals will be reviewed by the Director and Safety Committee.

DUE PROCESS

In all instances of disciplinary action, the rights of students and parents will be carefully observed and respected. Students and parents will be informed of rules and expectations and will be informed of procedures and consequences. In specific incidents, parents wishing to appeal must refer to and follow the appeals process found in the transportation policy.

CONSEQUENCES

- A. The first (1st) referral will result in parent contact in all but the most serious infractions.
- B. The second (2nd) referral will result in parent contact and a formal written warning in all but the most serious infractions.
- C. After the second (2nd) referral, a student who violates these rules shall be subject to disciplinary action that may include a meeting with the parents, loss of riding privileges for a period (determined by the severity of the infraction) or permanent loss of bus riding privileges.

In the case of more serious irresponsible behavior, the following consequences will be assigned:

- A. In addition to a meeting with the parents, possible loss of riding privileges for a period (determined by the severity of the infraction) or permanent loss of bus riding privileges, students who violate any of the above rules shall be subject to the disciplinary measures provided for in the Code of Responsible Behavior including suspension or expulsion.
