

SIU Statements Parents Webinar Invitation

The New Mexico Public Education Department Assessment Bureau in partnership with Cognia welcome all interested parents to attend one of three webinars we will hold this month to obtain input from three parent focus groups on the **comprehensibility** and **usefulness** of the NM-ASR score interpretation and use (SIU) statements in the parent FAQ document.

The SIU statements, which are stated formally in SIU statements in *NM-ASR FINAL FOR PED 01-10-20*, are stated in the parent document as responses to expected questions about score reporting information for the NM-ASR. We will use the input to refine the parent FAQ document.
