**Sibling Support Group**

The Arc Rockland is a non-profit organization that provides a wide range of services for people with developmental disabilities and their families. We are looking for children, ages 5-12, that have a sibling with a developmental disability to participate in our Sibling Support Group. The Sibling Support Group provides support and educational service to siblings of developmentally disabled individuals.

***What do we do?***

The group is led by a psychologist who encourages the children to talk about their special siblings or just listen to each others' experiences. Activities are planned throughout the program around the group members' interests. These activities are free with the exception of special events. Some of the more popular activities have been Chuck E Cheese parties, Halloween pumpkin decorating, computer nights as well as arts and crafts.

***What does it cost?***

Most of the activities associated with the group are free and covered by The Arc Rockland. At times, we ask for a small contribution to help cover the costs of special events such as the Chuck E Cheese party.
