Marco F. Pochintesta, Ed.D.
Superintendent of Schools

November 8, 2020

Dear Pearl River School Community,

We were informed today that a PRMS staff member tested positive for COVID-19. After an initial consultation with the Rockland County Department of Health, we are in the process of contacting the parents of all students, and staff that may have been exposed to this cases. We are working cooperatively with the RCDOH to provide them with contact information for those who may have been exposed.

Those determined by the RCDOH to have been exposed will be required to quarantine for 14 days from the last date of exposure. [RC Quarantine and Isolation](#)

Due to the number of staff members that are already under quarantine and the additional staff now affected, Pearl River Middle School will move to the Remote Learning Model tomorrow, Monday, November 9, 2020 for all PRMS students. A determination whether we will continue to be on our Remote Learning Model will be made tomorrow after the RCDOH completes their review of this case and we review our available staffing and substitutes needed for in-person learning.

Our learning plans have been designed to allow all students to participate in remote instruction by logging in to their Google classrooms each period with little to no interruption to their learning. We will continue to keep our school community informed regarding how this virus is impacting our schools.

I know you join me in wishing the staff member a speedy and complete recovery.

Sincerely,

Dr. Marco Pochintesta
