Marco F. Pochintesta, Ed.D.
Superintendent of Schools

November 4, 2020

Dear Pearl River School Community,

We were informed today that a student at Pearl River Middle School tested positive for COVID-19. After consultation with the Rockland County Department of Health (RCDOH), we have contacted the staff and the parents of all students that have been exposed to this positive case. We are working cooperatively with the RCDOH to provide them with contact information for those who have been exposed. Those determined by the RCDOH to have been exposed will be required to quarantine for 14 days from the last date of exposure.

Our learning plans have been designed to allow students who are under quarantine to participate in remote instruction with little to no interruption to their learning.

We ask parents to continue to be diligent in checking their child's temperature and checking for any symptoms of COVID-19 before sending their children to school. Students with a fever of 100 degrees or more, or any [symptom of COVID-19](#) must remain home, and parents should contact their health care provider and school nurse.

We will continue to keep our school community informed regarding how this virus is impacting our schools.

I know you join me in wishing the student a quick and complete recovery.

Sincerely,
