

LLCS Minutes

Team Name: Shared Decision Making

DATE: 2.16.17

FACILITATOR: Christine Campeau

RECORDER: C. Campeau

DISCUSSION HIGHLIGHTS:

Old Business:

All are pleased the ASP is going well. It is nice to have lots of activity in the school after hours, especially when the community is coming in to use the fitness center.

Newsletter - we have spent A LOT of energy on this. It is still not exactly what we envisioned, but it is what it is for now.

New Business:

Inviting guests to our SDM meetings -

We decided to wait to invite Ham Co in to discuss ASP presentations; we should check in with the ASP Director to see what she might like as far as presentations and go from there.

At a TBD meeting we can invite Kurt Pelton (correct on the last name?) a Marketing and Advertising specialist, in to discuss the future of marketing LLCS.

We a lengthy discussion on potential adult education offerings. Suggestions:

- Language class - such as Spanish
- A basic skills program - sewing, etc.
- Global Lecture series - this is the one we got most excited about. There are many members of our community who have visited far way, exciting places. We could put out a call for volunteers to come in and share their adventures.
- Local lecture series - we also have many members of the community who have wonderful local memories and fascinating stories, and we know people are interested in hearing them speak as evidenced by the big crowd who came to hear Jim McIntyre talk about Tahawus, and when Dick Farr gives his local history tour. We could alternate weekly local history and global adventures.

MEMBERS PRESENT:

Christine Campeau, Nicole Curtin, Becky Pelton

NEXT MEETING:

Thursday, March 23rd, 4:45 in the HS Library

Action Items:

Identify a community member, and a student member for committee.
