

LLCS Minutes

Name: Curriculum & Professional Development Committee

DATE: April 24, 2017

FACILITATOR: T. Pine

RECORDER: M. LeBlanc

DISCUSSION HIGHLIGHTS:

Discussed results of the break out sessions from the March 24th Professional Development Day with a focus on School culture.

Brainstormed topics and activities related to school culture that could be brought to the May 15th Faculty meeting.

Possible Topics:

Core values - determine them and develop ideas on how to use them. Later it was suggested we could use the 6 pillars that the secondary is already using and possibly expand on them

Incentive Program

Independence- Determine what independence looks like in each identified group (elementary, middle school, and high school)

We discussed picking a core value for May and June and develop activities/awareness of that quality during the month.

It was suggested that we come up with a way to gather K - 12 on a somewhat regular basis...quarterly?

MEMBERS:

T. Pine
A. Harkness*
N. Short
